

A SUMMARY OF IMPORTANT EVENTS

National, Political and Personal News Items Briefly Sketched.

During the first nine months of this year 21,246 babies were born in Chicago.

The missionary societies of America have just reported that their gifts exceeded \$12,000,000 during the year 1911.

Reports received by railroads operating westward from Chicago indicate that colonist travel this fall will be much heavier than a year ago.

Nearly 80,000,000 bushels of wheat were produced in the Pacific northwest this season, by far the greatest harvest in the history of the three states.

Mexican rebels have given warning that all American railroad men captured while operating trains in certain portions of Mexico after October 15 will be shot.

The October crop report of the department of agriculture, just issued, shows that spring wheat, oats, barley, rye and hay have all exceeded the best record productions, while the crops of corn and potatoes also will be the greatest ever when harvested.

A great hunger strike by women throughout Great Britain is the latest move leading suffragettes propose to initiate if the government continues to ignore the suffragettes' demands during the parliamentary session just begun. It is proposed to commence the strike on December 25.

More than a score of cases of unusual consequence are on the docket for an early hearing before the supreme court of the United States, which convened Monday for its fall term. The cases include those of the anthracite coal trust, the Union Pacific-Southern Pacific merger, the intermountain rate cases, the Kansas election case, the cotton corner case, the suit to dissolve the bath tub trust, the Louisville and Nashville rate case, and several cases involving the interstate commerce laws.

Political News Bits

Speaker Clark and Governor Wilson traveled together and spoke from the same platform in Illinois and Missouri. In a six day automobile trip through New England the past week, President Taft made short speeches at several of the towns visited.

Grove L. Johnson, a veteran Republican, prominent politician of California and father of Governor Johnson, has come out strongly for Wilson for president, giving as his reason the theft of the Republican ticket by the Roosevelt Progressives.

Leaders of the various political parties in New York are consulting their attorneys as to the legality of the practice of passing the hat at political meetings without making notes of the names of the contributors. It is charged that the practice is a violation of the state election laws. The practice is being followed by the Socialists and the Roosevelt Progressives.

Dan R. Hanna, backer of the Roosevelt forces in Ohio, told the senate campaign contributions committee that he gave \$177,000 to the support of the Roosevelt campaign for nomination this year. The expenses of the fight of Speaker Clark for the Democratic nomination were \$50,468, of which Senator Watson of West Virginia gave \$10,700, and W. R. Hearst \$6500.

People in the News

Attorneys for the prosecution and defense have agreed to postpone the beginning of the second trial of Clarence S. Darrow until October 31.

William A. Pfeffer, ex-United States senator from Kansas and a conspicuous figure in political life 20 years ago, is dead at Topeka, aged 81 years.

William Lorimer, deposed senator from Illinois, declares he is going to devote the rest of his life, if necessary, to an effort to vindicate himself before the American people.

Enrique Maza, a Cuban newspaper man, who recently assaulted Hugh S. Gibson, the American charge d'affaires at Havana, has been sentenced to two and a half years' imprisonment.

General Pascual Orozco, who has eluded the Mexican federal forces for several weeks, has been located with 2000 followers on the Blocker ranch, an American property, 20 miles south of the border.

Jules Lombard, a famous singer of Civil War days, died at Chicago in his eighty-eighth year. Lombard sang the requiem at Lincoln's grave in Springfield during the funeral service for the emancipator.

Declaring that capital punishment had no more place in the present day order than the burning of witches, Governor Hunt of Arizona has granted reprieves to William Campbell, Eduardo Perez, N. B. Chavez and Miguel Peralta, all of whom were to have been hanged.

20,000 CARS ARE NEEDED

In Three Months Western Roads' Supply Decreases 90,000.

Salem, Or.—That there is now a shortage of at least 20,000 cars on the roads west of Chicago is the information received by the state railroad commission from the Association of Western Railways.

These figures are all the more startling in light of the fact that there was a surplus of 68,922 cars on July 18, or a difference of nearly 90,000 cars within three months. Comparative statistics as to car shortage and surplus since that time show as follows: August 1, 56,519 cars in surplus; August 15, 43,991 cars in surplus; August 29, 9750 cars in surplus; September 12, 8620 cars shortage; September 26, 17,793 cars shortage.

Petticoatless Women Cause Failure.

New York.—The Jackson-Mack Manufacturing company, one of the largest makers of silk petticoats in New York, has gone into bankruptcy. The failure is the culmination of a widespread complaint among petticoat manufacturers that the close-fitting dresses now worn by women have so reduced the demand for petticoats as to make them a glut on the market.

Suffragists to Give Postcard Shower.

Spokane, Wash.—Spokane women suffragists will join in a "postcard shower" in honor of the 78th birthday of Mrs. Abigail Dunaway, 292 Clay street, Portland, known as the "Mother of Equal Suffrage" in the state of Washington.

WYOMING CONVICTS AND GUARDS FIGHT

Rawlins, Wyo.—A battle raged in the state penitentiary Sunday. Locked inside the walls with hundreds of mutinous prisoners, a few guards fought desperately to restore order and prevent a wholesale prison delivery.

Camped outside the walls was a force of citizens, heavily armed, ready to drive back the convicts if they murdered the remaining guards and made a rush through the gates. The mutinous prisoners were subdued late Sunday night and locked in their cells.

Another battle took place in the hills south of Rawlins between a posse of citizens and from 20 to 40 escaped prisoners. Two men have been killed in the streets of Rawlins, and one is desperately wounded.

The outbreak was the second within 24 hours. About 3 o'clock Saturday afternoon 20 prisoners escaped, and nine were recaptured before 8 o'clock. At 2:30 Sunday afternoon a party of life-terminers overpowered the cellhouse keeper, took his keys and released their comrades from the cells. Every prisoner willing to risk a battle with the guards made a rush for the gates.

A moment later the citizens of the town heard a fusillade of shots inside the walls. A bedlam of shouts and yells echoed from the prison. A few seconds later more than a dozen men dashed down the main street, armed with guns and knives. Holding the few citizens on the street at bay with revolvers, they charged into a livery barn, held up the proprietor and saddled and bridled the horses and fled to the hills.

While most of the penitentiary guards were pursuing the convicts that fled to the hills, the small body left in the prison faced a still more desperate situation. When the doors of the cells were unlocked, a large number of convicts who did not join in the break for liberty were set free inside the walls. Many of them were armed. Soon a riot was in progress, the guards battling desperately to save their own lives and prevent the escape of every convict in the institution.

EUROPE BELIEVES WAR WILL SPREAD

Tension is Increasing and Preparations For War Continue Steadily.

London.—From all the capitals comes news of increasing tension and continued preparation for war, and this has spread now to Vienna and Budapest.

The text of the note handed by the representatives of the powers to the Turkish government proves to be more feeble even than was expected, and, as it contains no suggestion that the powers will undertake to guarantee the carrying out of reforms in Macedonia, it is not likely to have any effect in allaying public feeling in the Balkans, which is all for war. In Turkey war is accepted as a certainty.

The military prospects are so complicated that experts are unable to make prophecies, while the political conditions are still more complicated. Vienna and St. Petersburg newspapers are printing articles hinting at bad faith. The Austro-Hungarian press accuses Russia of secretly backing the combination against Turkey. A section of the French press blames Great Britain, declaring that she prevented the powers from making a strong stand against the war.

The central source of alarm is the military preparation being made by Austria and the ominous words of Count Berchtold, foreign minister of that country. It is felt in London that Austria at any moment may embark on a forward movement in connection with the sanjak of Novi-pazar, thus rousing the Russians to greater fury than they are displaying and making a European war almost certain.

Paris.—Official Russia will make every effort to localize the war but the whole Russian population of 170,000,000 is ready to help the weaker brethren in the quadruple alliance of Bulgaria, Serbia, Greece and Montenegro.

They have made a great stroke of policy by pushing little Montenegro ahead with its population of 250,000 against the 25,000,000 of the Turkish empire. The whole Slavic race is proud of this heroic step by King Nicholas, the Greatest of Slavs.

Berlin.—In spite of official optimism and assurance that all the great powers are united, the German public fears a general European conflagration. The Berlin exchange experienced Friday one of the blackest days of its existence and the panic continued on a sensational scale, prices tumbling in all the markets.

Podgoritz, Montenegro.—The Montenegrin army has been fighting for several days along the whole front, penetrating the Turkish territory slowly, owing to the many fortifications. Turks have burned several Malesori villages.

Fighting is now general along the Turkish-Montenegrin frontier and every hour brings in reports of minor clashes. Already more than 1500 men have been slain in battle, the majority being Moslems.

GREEKS QUIT GARY WORKS

War in Balkans Threatens to Depopulate "Steel City."

Chicago.—Grave fears are expressed by Gary, Ind., officials, that the "Steel City" will be depopulated unless something happens soon that will stop the war in the Balkans. The great steel mills, piled to the limit with orders, are being badly crippled.

Within the last week many Servians, Montenegrins, Greeks and Bulgarians have departed to join the allied army, and 400 Macedonians have announced that they would cast in their lot with Bulgaria in fighting the Turk.

The Macedonians, for the greater part, are outlaws from their native land, and they are entering the conflict in hopes of whipping their country's oppressor and regaining the right to return to their homes.

Democrats Choose Lister for Governor

Seattle.—In spite of the fact that five candidates were pulling their best, Ernest Lister of Tacoma, was chosen for governor on the Democratic state ticket in place of Judge W. W. Black of Everett, who was declared ineligible to be the party nominee by the state supreme court. Practically all the members of the Democratic state central committee were present when the question came up. Twenty minutes of earnest arguing resulted in Lister being made the nominee unanimously.

Cling 15 Hours to Floating Aeroplane.

Philadelphia.—Aviator Marshall B. Reid and Henry C. Mustin, a lieutenant-commander in the navy, were found in Delaware Bay after clinging for more than 15 hours to the wreck of the hydro-aeroplane, in which they started to fly from Cape May to this city.

ADAMSON'S

DIGESTEZE

is intended for use in cases of

Indigestion, Dyspepsia, Gas on Stomach, Heartburn, Sourness, Excessive Acid and other forms of Stomach Trouble

DIGESTEZE is not intended as a cure-all, but is a simple, harmless preparation as everyone will know after reading the formula on each box. Digesteze is composed of:

PAPAIN, having physiological actions resembling Pepsin converting proteins into soluble peptones and stimulating the gastric glands.

PANCREATIN digests eggs, milk and meats, converting them into peptones for assimilation; with the aid of an alkali it emulsifies fats and oils.

PEPSIN is one of the highest digestives approved by the U. S. Pharmacopoeia. Pepsin's chief use is to aid weak digestion and it is invaluable in atonic dyspepsia, following acute diseases. Pepsin acts a stimulant to the gastric glands and promotes their functions and energy.

PO COMPOUND PEPSEN N. F. forming a compound in itself of digestive and stomach stimulant, assisting the other digestives in their work.

MAGNESIA CALCINED is antacid and laxative and is much used in dyspepsia, sick headache, gout and other complaints attended with sour stomach and constipation.

AROMATIC POWDERS are stimulant carminative in cases of indolent digestion and flatulency.

CASARA SAGRADA, one of the most widely used drugs in treatment of constipation. It produces natural motions of the bowels by its tonic action upon the intestinal glands, increasing peristalsis. It is also a hepatic tonic in congested liver.

GINGER is a valuable carminative to stimulate the stomach, improve the appetite, relieve flatulency and colic.

DIGESTEZE also contains sodium Bicarbonate, Gluconic, and is flavored with oil of peppermint, tea-tree, and relieves spasmodic pains of the stomach and bowels.

EAT, DRINK and enjoy life by taking DIGESTEZE and ridding yourself of stomach misery.

EAT PLENTY of wholesome food, DIGESTEZE will digest it for you, restoring your stomach and intestines to good working order, and your general health will usually take care of itself. Hundreds of thousands of people are getting through this world, until the duties or pleasures of life, a misery to themselves and a burden to others. They suffer constantly from distress after eating, loss of sleep and mental depression and all because of the failure of the stomach to properly digest its food.

WHAT FOOD MEANS TO THE BODY: Food is just so much matter added to the system as to make it necessary to replace that which is constantly used for the existence of the body. Food is the fuel necessary to supply the working power of the body in order to stave off death, for he it known that no half-fed body can be restored by depriving it of the necessities of life.

DO NOT DEPRIVE YOURSELF of what you want to eat; this will reduce the system and debilitate the patient. The proper use of good wholesome food acts as a system builder. A cure cannot be obtained by starving oneself. A generous diet with the assistance of DIGESTEZE will result in well digested food and a good, rich blood. This (rich blood) will renew every portion of your system, and when so renewed the lining of your stomach will be in such condition that your food will be properly digested and assimilated and your dyspepsia will be naturally cured.

WHAT TO EAT: No adopted rule can be followed regarding diet; the foods that may be eaten and relished by one person will not apply to another. A person readily discovers what foods agree or disagree with their stomach, by abstaining from those that rebel against their stomach a quicker and more effective cure may be obtained.

In case of nervous indigestion it is advisable to eat largely of meat, as it is easy to digest and contains more nourishment than vegetables and grain. DIGESTEZE tablets will easily digest any kind of meat. Pure fat is almost indigestible, even in the strongest wall stomachs.

Fried foods are harder to digest than foods cooked any other way. All meats are more easily digested, broiled or even roasted.

When fruits or vegetables disagree with the stomach it is better to discontinue their use for a while in order to perfect a cure or put the stomach back to its normal condition.

WHAT TO DRINK: If you drink coffee see that it is perfectly fresh; warmed-over coffee is one of the most detrimental things a person can put into their stomach. It should be made fresh for each meal. Milk is good if it agrees with you and does not constipate. Neither coffee, tea nor milk are objectionable if taken perfectly fresh and agree with you.

Among the best foods for dyspepsia are: Raw oysters, boiled mutton, chicken (boiled, roasted or broiled), broiled venison, steak, salt-buffed eggs, baked potatoes, boiled rice, old wheat bread (bread should be at least 24 hours old, otherwise it causes fermentation in the stomach), old rye bread, ice cream, sponge cake and oranges, musk melons, grapes and berries of all kinds. Black tea is better than green; Mush, beans, peas and raw cabbage. There are many other articles of food which are excellent, but each person must be the judge of those agreeable to himself or herself.

Take a DIGESTEZE after eating a hearty meal any time and rest while it works. You do not have to be sick in order to take DIGESTEZE. They do you good after eating any time day or night.

HOW TO OBTAIN "DIGESTEZE" OF YOUR DRUGGIST.

DIGESTEZE NEVER SOLD IN BULK OR ANY OTHER BOX THAN THIS

DIGESTEZE tablets are for sale generally in the drug stores, but if your druggist does not happen to have them in stock, if you ask him to do so he will send and get DIGESTEZE for you, and by keeping DIGESTEZE in stock where you and your friends can get it any time, will do me a great favor, and at the same time be a great convenience for you by saving delay and expense of correspondence. However, if your druggist will not get it for you, I will send a box of DIGESTEZE, postpaid on receipt of price, 50 Cents a Box, or Six Boxes for \$2.50.

Free Fruit Land

—AT—

PAISLEY

Don't be afraid of the U. S. Government Carey Act Irrigation Project in Oregon. The day of irresponsible irrigation companies in this state is past. When the North-west Townsite Company of Philadelphia took over the Paisley project in Lake county it gave the largest bond ever given in the state—fifty thousand dollars—guaranteeing completion of the project. Every three months it makes an itemized statement of expenses to the Desert Land Board. All of its advertising books, maps, contracts, subscription agreements and literature is submitted to the Desert Land Board for inspection before being issued.

The land is level, free from rock, and is a rich volcanic soil. The climate is perfect for fruit, which now grows to perfection at Paisley—apples, peaches, plums, pears, prunes.

Construction work upon the dam and reservoir has now been in progress for three months with Thomas Hawthorne, State Inspector, on the ground. He was formerly with the U. S. Gov't. Reclamation Service, on the Umatilla Project.

Send for 32-page illustrated book. Go to Paisley by automobile stage from Bend and see the land. Our agent at Paisley, Hugh K. Gilmour, will show you the land. It is free to those who pay the cost of putting water on it.

Northwest Townsite Co. is among the largest taxpayers in Oregon, owning townsite sub-divisions at Prineville, Madras, Redmond, Bend, Burns, Vale and also the 840-acre Corn Ranch at Paisley, including a 50-barrel-a-day capacity flour mill, and a general store.

Our bank references are:
First National Bank, Philadelphia, Pa.
