Vote for Millage Bill Number 320 X Yes

It provides six-tenths of a mill tax for support of Agricultural College and University of Oregon, giving them permanent support and taking them out of politics. It also provides one Board of Regents, thus solving the problems of co-operation, consolidation, division of sources and economy of management.

It does not increase the average rate of taxation.

It repeals the \$500,000 University appropriation bill.

The Bill is endorsed by Governor West: "This Bill is in the interest of good business and should pass."

By L. R. Alderman, State Superintendent Public Instruction: "Experience in other states shows millage bill principle to be correct."

By Will H. Daly, President, Oregon State Federation of Labor: "No argument can successfully combat the benefit to the state that will follow the adoption of the millage tax plan."

Endorsed by Portland Tax Payers League.

Bill prepared by committee of Governor's Commission, Boards of Regents, and administrative officers of the two institutions.

No Fireworks or Sensations. Just a Plain Business Administration

For County Surveyor

PRINEVILLE, ORE., Oct. 1912.

MR. VOTER:

As the regular Republican nominee for the office of County Surveyor of your county, I am asking your support in the coming contest. My only opponent is Mr. Rice, present incumbent and independent candidate, who went into the Republican primaries with me last spring, stating that he was a candidate "subject to the approval of the Republican voters of Crook county," and was beaten in a fair contest, but now makes himself again a candidate in disregard of the spirit of direct primary law and of the wishes of his party.

I am a Civil Engineer with six years experience, including experience as a deputy county surveyor in Crook and also other counties in Oregon. I feel that I am competent to fill the position in which I seek, and am prepared to give it my fullest attention, keeping at all times a man at the office to advise with road petitioners and others having business with the County Surveyor.

Mr. Rice asks you to vote for him because he has presented the county a present ownership book, and also field notes for the entire county. Mr. Rice has not presented the county anything. The county paid more than \$3,000 for the present-ownership maps, of which Mr. Rice obtained a portion. They were made by persons working by the day at a cost of twice the lowest bid presented to the county court, which makes it plain why Mr. Rice desires a third term. Mr. Rice also received pay for all field notes furnished, and he has furnished only about half of them.

A more detailed statement will be furnished on request and the county records are open at all times for inspection in support of these statements.

Respectfully yours,

R. L. Brewster.

Springer for Judge

As the county will be considerably in debt it would seem a wise move on the part of the people to select a judge with some experience in county matters. Springer knows from experience how to handle the volume of unfinished business, which will inevitably be handed to the incoming administration. Springer knows from experience how to prevent unnecessary delay, litigation and waste in the disposition of estates in probate. He also knows how to deal squarely with every part of our great county.

Will give first attention to the roads which are selected by the people of each community leading to the railroad.

For Sheriff

Notwithstanding the persecution going on at present in the county and state, I am still a candidate for the office of Sheriff of Crook County

T. N. Balfour

Democratic Nominee and present Incumbent

U. C. Coe, of Bend for County Judge, Independent Non-Political Candidate.

A competent business man pledging a competent business administration. Dr. Coe stands for a square deal for all sections, economy and efficiency in county expenditures, wise road construction and full publicity in all matters that concern taxpayers.

From a county-wide experience of eight years, Dr. Coe is thoroughly familiar with the needs of Crook county. He is also a heavy taxpayer and understands the importance of economy. A vote for Dr. Coe is a vote for efficient, honest administration.
