

TURKS ARE DRIVEN BACK RAPIDLY

Servians March Into Uskup Unopposed and Adrianople is Invested.

London.—The swiftness and efficiency of the onward movement of the armies of the allied Balkan states is making Europe open her eyes. From the north and all along the line from Greece on the south they are crowding back the boundaries of the Ottoman Empire in Europe. The often predicted and long delayed day when the Turk will have his back against the wall seems at hand.

The two pivotal points of Turkey's defense on the north were Adrianople and Uskup. The Bulgarian army in the east has defeated the Turks at Kirk-Kiliseh, which is the strongest outpost of Adrianople, and invested that fortress.

The Servian army in the west walked into Uskup without opposition. The Turkish garrison there withdrew on the railway toward Saloniki.

Events about Adrianople are even more important. The Bulgarians apparently are proceeding successfully with the investment of the fortress. The Turkish army which was defeated at Kirk-Kiliseh did not fall back upon Adrianople, according to news, but took the road to the south, where it could connect with the railway to Constantinople. The second Bulgarian army followed through the mountains, carrying on the fight all day in an endeavor to cut off the retreating forces.

The military authorities are asking how many men Turkey has in Adrianople and how long they will be able to withstand a siege. There is a general belief that if the Bulgarian investment is completed and railway communication with Constantinople cut the Turks will be starved out within a month.

In the meantime the Montenegrins are pushing their attack on Scutari. The Greeks have entered a few small towns in the course of their advance to the north.

Beveridge Returned Contributions

Washington.—After hearing ex-Senator Beveridge tell of returning \$57,500 sent to him for campaign use in 1904, the senate campaign contributions committee adjourned indefinitely. Chairman Clapp believes the committee will hold no more meetings until after election.

Since September 30 the committee had been in almost continuous session with Senators Clapp, Oliver, Paynter and Pomeroy conducting the examination of witnesses. J. P. Morgan, Colonel Theodore Roosevelt, Charles P. Taft, George W. Perkins, and a score of other witnesses have testified.

DIAZ CONDEMNED TO DEATH

Three Associates Are Also Sentenced By Mexican Court Martial.

Mexico City.—General Felix Diaz, leader of the revolution recently inaugurated in Vera Cruz, and three of his confederates have been sentenced to death by the court-martial before which they were tried in that city.

At the same time that word of the verdict against Diaz was received, came the report that the military court had decided to recognize the order of suspension of sentence upon the revolutionary leader, granted by the supreme court, pending investigation as to whether the trial of Diaz should be by military or civil court.

Efforts to save their lives, especially that of Diaz, continue unabated. Prominent women, men high in affairs, members of congress, and even high army officers have appealed to President Madero for clemency.

Colonel Spends Birthday Quietly

Oyster Bay, N. Y.—Theodore Roosevelt celebrated his 54th birthday quietly indoors with his family. Mrs. Roosevelt, Miss Ethel, Theodore, Jr., and his wife and Quentin sat down at the table for the birthday dinner with the head of the family. Kermit, Archie, and Mrs. Nicholas Longworth were unable to be there.

Mrs. Baldwin Heads League

Portland, Or.—Mrs. Lola G. Baldwin of the Portland police department, was selected to head the first organization of women police ever formed in the United States. This was perfected at the conclusion of a three days' convention of women engaged in police work and protection of girls in the cities and towns of the Pacific Northwest. Forty women were present, representing Portland, Seattle, Tacoma, Spokane, San Francisco, Oakland, Sacramento and several of the larger cities of Oregon.

BATTLE IN HAVANA STREETS

Conservatives and Liberals in Clash in Heart of City.

Havana.—More than 20 persons were wounded here in a pitched street battle between conservatives and liberals, in which several hundred shots were fired. The trouble started at the close of a meeting of liberals, supporters of Vice President Alfredo Zayas, candidate for the presidency, and a number of conservatives who favor the reelection of President Gomez.

The fight was precipitated by the conservatives attempting to force the liberals from the sidewalk in front of the Hotel Inglaterra. The battle raged about central park, in the heart of the city, until mounted police and cavalry charged the fighters with drawn machetes. President Gomez placed his resignation in the hands of the secretary of state, but he was forced to withdraw it by the conservatives who insisted that he stay in the fight.

Roosevelt Sues Editor For Libel

Marquette, Mich.—Suit for \$10,000 for libel was filed here by a Detroit attorney, acting for Theodore Roosevelt, against George A. Newett, editor of the Iron Ore, of Ishpeming, Mich. The praecipe alleges libel in that Newett printed an article in his paper charging that Colonel Roosevelt was intemperate in the use of language and liquor.

10 Wives Claim One Man

Philadelphia.—A story of bigamy and crime was told when Addison P. Ellsworth was arraigned before Magistrate Beaton on a charge of embezzlement. It was testified by city detectives that Ellsworth had at least ten wives in different parts of the country, including several in New York City.

JUDGE, JURY AND LAWYERS IN FEAR

New York.—An extraordinary situation for any civilized community has developed since Lieutenant Becker was found guilty of murder in the first degree. The men who did their duty—the judge of the court, the lawyers for both sides, jurors and witnesses—cannot walk the streets with a feeling of safety.

Justice Goff was threatened by letter and over his private telephone before the jury returned a verdict. District Attorney Whitman has received threats that he will not live to prosecute another case, and John F. McIntyre, chief counsel for Becker, makes no secret of his belief that his life is in danger.

Friends of the jurors who convicted Becker have been getting anonymous letters and telephone calls, some of which have been alarming. Justice Goff, District Attorney Whitman, Attorney McIntyre and others who dislike sensationalism, have sought to minimize the facts that indicate that men who hire out for assassination and assaults seek an opportunity to cap the Rosenthal case with a crime more atrocious even than the killing of Rosenthal, but the facts are that vicious threats have been received and that lives are being taken by the men threatened.

Babies Are Passengers

Baltimore.—Infants in arms are passengers under a ruling received here from the department of commerce and labor, which upheld the marine inspectors in fining Captain Hunt, of the steamer Dove, operating out of Tacoma, for carrying 109 passengers, when the steamer's certificate of inspection authorized her to carry only 100.

Captain Hunt, in his appeal to the department, contended that the excess number consisted of babies in arms.

The week will see the close of the presidential and state political campaigns. All parties are preparing for the customary "whirlwind" finish, although doubt is expressed in well informed quarters whether the heaviest oratorical guns that can be brought into action will be effective in dispelling the pall of indifference with which the nation's financial and business interests, and to a great extent the public at large, appear to await the outcome of the election on November 5.

Free Fruit Land

—AT—

PAISLEY

Don't be afraid of the U. S. Government Carey Act Irrigation Project in Oregon. The day of irresponsible irrigation companies in this state is past. When the Northwest Townsite Company of Philadelphia took over the Paisley project in Lake county it gave the largest bond ever given in the state—fifty thousand dollars—guaranteeing completion of the project. Every three months it makes an itemized statement of expenses to the Desert Land Board. All of its advertising, books, maps, contracts, subscription agreements and literature is submitted to the Desert Land Board for inspection before being issued.

The land is level, free from rock, and is a rich volcanic soil. The climate is perfect for fruit, which now grows to perfection at Paisley—apples, peaches, plums, pears, prunes.

Construction work upon the dam and reservoir has now been in progress for three months with Thomas Hawthorne, State Inspector, on the ground. He was formerly with the U. S. Gov't. Reclamation Service, on the Umatilla Project.

Send for 32-page illustrated book. Go to Paisley by automobile stage from Bend and see the land. Our agent at Paisley, Hugh K. Gilmour, will show you the land. It is free to those who pay the cost of putting water on it.

Northwest Townsite Co. is among the largest taxpayers in Oregon, owning townsite sub-divisions at Prineville, Madras, Redmond, Bend, Burns, Vale and also the 840-acre Corn Ranch at Paisley, including a 50-barrel-a-day capacity flour mill, and a general store.
