

CONSTANTINOPLE IN STATE OF PANIC

Crime Almost Unchecked; Outbreak by Moslem Fanatics is Feared.

Constantinople.—The porte has applied to the powers for mediation with a view to the cessation of hostilities, and for the negotiation of peace. Application has been made to the embassies here and by circular to the Ottoman representatives in the European capitals.

Constantinople is in a fever of excitement over the alarming reports from the field of battle.

Foreigners and natives are suffering from tension caused by the series of military disasters, and, although the city is in a state of siege, crime in some quarters is unchecked.

Many families are leaving the city. The people fear first an outbreak of Moslem fanaticism by the turbulent elements of the lower classes, and secondly, a rising in hordes of maddened soldiers who are being driven by the Bulgarians to make their last stand a few miles outside of Constantinople and then perhaps to fall back on the capital.

Vienna.—Once among the mightiest of the world's potentates, the sultan can now claim actual jurisdiction over the European dominion of barely 1000 square miles, or a trifle less than the state of Rhode Island boasts. The Bulgars, having achieved victory in a battle that must rank with the great decisive conflicts of the world's history, are at the very doors of Constantinople.

The details of the fighting between Adrianople and Constantinople filtering through the censored telegraph and cable offices, bring the first realization of the magnitude of the battle.

From the time the Bulgarians instituted their advance from the Roumanian border to the capital more than 500,000 men have been engaged in the conflict and at least 75,000, probably 100,000 are dead or wounded. Two-thirds of the losses fell upon the Turks.

Sofia and Constantinople report the arrival in the respective countries of thousands of wounded soldiers, indicating the part played in the struggle by the sabre and bayonet, a majority of the wounded bearing gashes from sharp blades instead of bullet wounds.

BANKS' RESOURCES GAIN

Total for 25,000 Institutions in Country \$24,956,000,000.

Washington.—Lawrence O. Murray, controller of the currency, has just issued a statement indicating that the resources of the banks in the United States, national, state and private, are the highest in history.

According to reports of their conditions on June 14, the controller announced 25,000 of the 29,000 banks in the country show aggregate resources of \$24,956,000,000, an increase of \$1,324,000,000 over the resources of 24,000 banks in 1911.

The total individual deposits amounted to \$17,012,000,000, an increase of \$1,105,700,000.

Acrobat Confesses to Murder

Chicago.—Charles N. Kramer confessed that he killed Sophia Singer, the Baltimore actress and heiress, found murdered here last week. Kramer, the former clown, known generally by his stage name of Conway, high diver and circus acrobat, held out 24 hours longer than his wife. He exonerated his wife from all blame in connection with the crime.

SHERMAN'S BODY IS LAID IN CRYPT

Utica, N. Y.—With simple but impressive ceremonies the body of Vice President Sherman was laid away Saturday afternoon in a crypt within a beautiful mausoleum in Forest Hill Cemetery.

Under a canvas covering that served as a shield against a chill November wind were gathered the Sherman family, President Taft, members of his cabinet, justices of the supreme court, senators and members of the house of representatives and a few intimate friends and business associates of the vice president.

President Taft listened with bowed head and tear-dimmed eyes as Dr. M. W. Stryker, president of Hamilton college, read the brief committal service and Rev. Louis H. Holden, pastor of Christ church, of which Mr. Sherman was a member, offered prayer.

A mixed chorus sang "Good Night" and when a selection by the male chorus had been finished the president gazed a moment at the flower-covered casket and slowly made his way to a waiting automobile, accompanied by ex-Vice President Fairbanks, Attorney General Wickersham and Major Rhoades, his military aide.

SCHOONER WRECKED; 5 LOST

Aviator Tries to Rescue Members of Ill-Fated Crew

Marshfield, Or.—Five lives were lost on the Coos Bay bar when the little gasoline schooner Osprey was wrecked and when her captain, refusing to be the only one of the crew saved, leaped to death on the jetty rocks.

Heroic attempts were made to save the men by the tug Roscoe, but without result. The lifesavers were out, but were unable to do anything, as the sea was rolling high, and an airship flight was made twice over the bar by Aviator Christofferson, of Portland, in the hope of locating some of the men, but they had met death so quickly and the waves of the bar had so rapidly accomplished their work of destruction that there was no chance to do anything when the news of the disaster reached this city.

The list of the dead follows: Captain Gus Johnson, of Wedderburn, master of the Osprey; Chester Johnson, of Coquille, engineer of the Osprey; Joe Peitsch, of Aberdeen, seaman on the Osprey; Captain H. Jacobson, formerly master of the wrecked Berwick, passenger; Indian Ned Harvey, of Wedderburn, passenger.

Hay Quarantine Illegal

Salem, Or.—Declaring that the governor has no right to establish a quarantine on hay which is infected with pest, and probably the only action that could be taken would be through the state board of horticulture, Attorney General Crawford responded to a request for information from the governor in reference to a petition that has been filed by citizens of Vale, asking for a quarantine on Idaho hay.

Entire Tribe of Indians to Wed

Winnebago, Neb.—The entire tribe of Winnebago Indians has decided to get married. In formal tribal council last week, in which every male on the reservation participated, the Indians voted to forsake the ways of their fathers in the matter of matrimony and to marry in the white man's way. The action is to be retroactive.

Something like 1000 pairs of Indians will stand up and be married at the same time and by the same ceremony.

Warship Accident Fatal

Hotelling are badly scalded as a result of the blowing out of the head of the battleship's No. 6 boiler while she lay in Hampton Roads during the night.

DEPORT HOOKWORM VICTIMS

Government Will Not Treat Oriental Immigrants Affected

San Francisco.—Treatment of hookworm by government doctors at the immigration station at Angel Island will cease, and in the future all Orientals entering this port who are affected with the disease will be deported. Commissioner of Immigration Backus was notified by the department of commerce and labor that the government would no longer treat cases of hookworm, because it has become too burdensome.

Since the immigration authorities at this port first came in contact with the peculiar and deadly disease two years ago, when every ship arriving from the far east was bringing from 20 to 100 Hindus here, more than 5000 cases have been successfully treated at Angel Island by the immigration doctors.

Free Fruit Land

—AT—

PAISLEY

Don't be afraid of the U. S. Government Carey Act Irrigation Project in Oregon. The day of irresponsible irrigation companies in this state is past. When the Northwest Townsite Company of Philadelphia took over the Paisley project in Lake county it gave the largest bond ever given in the state—fifty thousand dollars—guaranteeing completion of the project. Every three months it makes an itemized statement of expenses to the Desert Land Board. All of its advertising books, maps, contracts, subscription agreements and literature is submitted to the Desert Land Board for inspection before being issued.

The land is level, free from rock, and is a rich volcanic soil. The climate is perfect for fruit, which now grows to perfection at Paisley—apples, peaches, plums, pears, prunes.

Construction work upon the dam and reservoir has now been in progress for three months with Thomas Hawthorne, State Inspector, on the ground. He was formerly with the U. S. Gov't. Reclamation Service, on the Umatilla Project.

Send for 32-page illustrated book. Go to Paisley by automobile stage from Bend and see the land. Our agent at Paisley, Hugh K. Gilmour, will show you the land. It is free to those who pay the cost of putting water on it.

Northwest Townsite Co. is among the largest taxpayers in Oregon, owning townsite sub-divisions at Prineville, Madras, Redmond, Bend, Burns, Vale and also the 840-acre Corn Ranch at Paisley, including a 50-barrel-a-day capacity flour mill, and a general store.
