M. R. Biggs is in Portland.
H. V. Gates of Portland is in Prineville this week.
U. S. Bushnell of Roberts is in the city.
Dr. Fox will preach at the Methodist church next Sunday at 11 a. m.

The Presbyterian Christian Endeavor will give a candy sale the first Friday in March.

Mrs. S. E. Taylor is here from Prineville on a visit with her son, John H. Taylor, and family.—Sisters Herald.

G. M. Cornett returned from Portland Monday with a new 7-passenger Chalmers that will be used on the run between here and Redmond.

Rev. Williams and wife left the first of the week for Cascade Locks. Mr. Williams will assist the pastor of that place in a series of revival meetings.

Great preparations are being made by the ladies of the Annex for a unique program and cafeteria luncheon to be given at the Club Hall Friday, March 7.

The story of "Paradise Lost," Milton's greatest production, will be given Sunday evening at the Methodist church by Mrs. Robert E. Gray. There will be special music by the choir.

An examination in agriculture will be included in the eighth grade state examination for May. This will be the first time for an examination in this subject so the teachers of the county will need to prepare their pupils for this subject.

Supt. Myers says that pupils who make an average of 80 per cent in their red-ink spelling tests will be allowed 5 per cent on their final eighth grade examinations should they need it to pass. This is done to stimulate and encourage students in the subject of good spelling.

Judge Springer returned from Salem the latter part of the week, where he was sent as one of the delegates to secure favorable action on a legislative appropriation of \$50,000 for a survey to ascertain the power and irrigation possibilities of the Deschutes river. The judge put in some good work for this and other measures beneficial to the county.

W. C. T. U. Render Splendid Program

Last Thursday evening an interesting session of the Prineville W. C. T. U. was held in the Baptist church to which the general public was invited. A splendid program was rendered by members of the Union, after which a free lunch was served to all.

The meeting was opened with the singing of "America," after which Rev. Prater offered prayer. In a few well chosen words Mrs. Belknap, local president, welcomed the visitors to this the first public entertainment given by the organization.

"What This Generation Owes to the Next" was ably discussed by Mrs. J. B. Shipp. Among other things she said that if we would exercise as great care in the rearing of our children as we do in the growing of livestock the next generation would be much improved over the present.

Mrs. Balbreath sang, "The White Ribbon," a pathetic appeal to those who love the badge of purity, then Mrs. Myers read a paper, "The Parents' Duty to the Child in Regard to Amusements," in which she reviewed some of the common mistakes of parents and suggested the educational value to be had from the moving picture and other shows, if properly directed by the parent.

"The Boy in the Little Town" was discussed along practical lines by Prof. E. L. Coe, and was followed with a temperance talk to the boys by Rev. Williams.

Mrs. H. P. Belknap took up "The Saloon From a Mother's Point of View," and handled her subject with great vigor and enthusiasm.

King Co. are the Prineville agents.

Successful Box Social at Mill Creek

The Upper Mill Creek school held a most successful box social on the evening of Washington's Birthday. The Lower Mill Creek and the Johnson Creek schools joined to help make the event a success.

The program prepared by Mr. Tetlow and his school consisted of recitations, dialogues and songs. The teacher and pupils from Johnson creek rendered valuable assistance with the singing. Every number on the program was thoroughly enjoyed by all present.

After the program W. H. Birdsong of Johnson creek auctioned off the baskets. The building was filled and the baskets sold unusually well—baskets starting off with a three-dollar bid a number of times. The highest price paid for a single box was \$6.75. This handsome box belonged to Miss May Barney. It was in the shape of a diamond, covered with a delicate tinted cream colored paper and decorated with dainty pink rosebuds. Mr. Allen was the fortunate purchaser of this coveted beauty.

The total receipts amounted to \$55, which was beyond all expectations. A RESIDENT.

Feeders for the

Paulina Country

E. E. Laughlin of Paulina passed through town the last of the week from a visit to his family at The Dalles.

Mr. Laughlin does not believe that any action by congress will materially affect the cattle business. Even if cattle are permitted to enter the United States duty free, the effect would not be appreciable. As the cattle range becomes more restricted every year supply and demand will boost the price and keep the industry in a flourishing condition.

There is a good demand for feeders in the Paulina country, he says. This demand will be somewhat relieved by the arrival of J. E. Reynolds, the cattle buyer, with 5000 head of cattle from Northern Mexico and Texas. He is expected sometime between May and June. T. J. Ferguson and Mr. Dixon are also expected this spring with a big bunch of feeders.

Superior Court Bill

Passes Senate

The amended superior court bill passed the senate Monday without considerable opposition. This bill does not give to each county a judge, but leaves some counties in groups. Eight more judges are added to the present number. One of the main features of the bill makes provision that the duties of the county judges relative to probate and judicial matters are transferred to the circuit judges and the county judges are left with the business administration of county affairs only. Their salaries are left the same and the same county judges are to remain in office. The additional circuit judges that are to be placed in office are to be appointed by the governor.

The "Story of the Cadillac," is one of that mechanical and commercial advancement which makes for permanency. The Cadillac Company has never yielded to clamor by producing that which catered merely to fancy, nor that which took advantage of the uninformed. On the contrary it has produced only that which it knew would give to the purchaser "value received" in abundant measure. The Cadillac Company has never been obliged to resort to exaggeration and over-drawn claims to dispose of all the cars that it could make—and more. Its policy has ever been to under-claim rather than over-claim. It is gratified that the public accepts its representations at their full worth; because the public has never been misled and because the public could always expect and has always received more than was offered.
