School and Band Entertainment

The Upper Rye Grass schoolhouse was the scene of an enjoyable event last Friday evening, it being the close of the school year. Miss Breen and her pupils gave an entertaining program, which showed diligent work of the pupils and very efficient training and government on the part of their teacher. Their songs, recitations and dialogues bespoke much credit to all concerned.

The M. W. A. band was there with their usual program. Several musical specialties were put on by the band members and friends, all meeting with heartiest applause. At the close of the program Henry Grimes took the platform as auctioneer of the many pretty and well filled baskets which the ladies had prepared. It goes without saying that Mr. Grimes is an auctioneer of rare ability and the bidding ran high. After lunch was served and a general good time had, every one departed to their homes elated with the evening's entertainment and voting it a great success.

The district has just cause to be proud of their schoolhouse. It is neatly papered and painted and is equipped with first-class furniture.

Death of an Old Oregon Pioneer

Reuben Booten, a pioneer of Oregon, and a resident since the early sixties, died at his home near Post last Friday at the age of 69. The cause of his death was Brights disease, and he had been in failing health for eighteen months.

Mr. Booten was born in Galesburg, Ill., September 3, 1842. He crossed the plains while a boy of 15, going with a mule team from St. Joseph, Mo., to Salt Lake. From there he went to California and made two trips to British Columbia with herds of cattle. Coming to Oregon he engaged in the stock business in the Willamette valley for a number of years. In 1871 he moved to Wasco, where he continued his work with stock. For the last 8 years he lived in Crook county and was engaged in the cattle business with his son, Reuben H.

Deceased was married in 1884 to Miss Maud Cram, eldest daughter of the late Perry Cram and Mrs. Cram. The widow and son survive him, and two brothers, Charles A. of Salt Lake City and Asa S. of Lamar, Colo., also a sister, Mrs. F. Farmer, of Sweet Water, Texas.

The gun and \$22.05 of the money were recovered.

Lively Replevin Case

A lively replevin case was tried in justice court Saturday afternoon, wherein Jacob Becker was plaintiff and James P. Bowman defendant. The case was over a cow which Bowman last harvest traded to Becker for a horse and then borrowed the cow back for a short time. Then came the disagreement and Becker's action in replevin. After hearing the testimony the jury decided that a trade was a trade even if the horse was in poor health and the deal was made on a Sunday, and gave the judgment to Becker. T. E. J. Duffy appeared for plaintiff while Willard H. Wirtz conducted the defense. A most unfortunate thing for Bowman in this case was that about a month ago the horse took sick and died.

The "Story of the Cadillac," is one of that mechanical and commercial advancement which makes for permanency. The Cadillac Company has never yielded to clamor by producing that which catered merely to fancy, nor that which took advantage of the uninformed. On the contrary it has produced only that which it knew would give to the purchaser "value received" in abundant measure. The Cadillac Company has never been obliged to resort to exaggeration and over-drawn claims to dispose of all the cars that it could make—and more. Its policy has ever been to under-claim rather than over-claim. It is gratified that the public accepts its representations at their full worth; because the public has never been misled and because the public could always expect and has always received more than was offered.
