Mesdames Smith and Coe entertained friends and invited guests last Tuesday afternoon. The ladies brought their fancy work and spent a social afternoon. Several musical numbers added to the pleasure of the occasion. Dainty refreshments were served.

The many friends of Miss Evelyn Millorn will be pleased but not surprised to know that she played at a musical recital given recently by the University School of Music at Eugene. Since only advanced students in music took part in this recital we know that Miss Millorn's ability is recognized in Eugene as well as it was in her home town, Prineville.

A very enthusiastic meeting was held by the Rebekahs at their last session. New floor work is being practiced by the degree staff at each meeting and much interest is shown. A penny drill was inaugurated to obtain funds for the purchase of flowers for the sick and shut-ins. Refreshments were served and a general good time was enjoyed by all. May the good work continue so that we may be known as Rebekahs in deed as well as in name.—A REBEKAH.

Fire Well Started in Mills Residence

Last Thursday afternoon fire started in the home of I. M. Mills and had it not been for the quick and efficient work of R. A. Booth much damage might have been done.

Mr. Booth saw the smoke coming from one of the rooms before the fire alarm was given and hurrying to the house applied a few buckets of water with such good effect that the fire was soon out.

The origin of the fire is not known as there had been no fire in the room for several days. The family, with the exception of one of the little boys who was in an adjoining room, was down town when the fire broke out.

Eloping Couple Caught at Redmond.

The sheriff's office had a bit of romance mixed in with its regular proceedings this week when Sheriff Elkins was notified by an angry father of Montesano, Washington County, to look for his runaway daughter.

It seems the daughter who is not quite of age decided to get married. The father objected so she and her fiance, Herman Seeman came to Mr. Tucke, an old friend who lives at Redmond and were married. Mr. Elkins brought Mr. and Mrs. Seeman over from Redmond yesterday and put them in care of Mrs. McDowell at the Prineville Hotel. He phoned the father about them and suggested that he forget and forgive.

Mr. and Mrs. Seeman appear to be earnest, honest young people.

An article in the Portland Livestock Reporter of recent date gave the Powell Butte section a big boost as an ideal location for hog raising. The article was based on facts relating as it did the experience of one family in raising hogs, who starting in fourteen months ago with one brood sow, is today the owner of some eighty pigs, all the progeny of sow No. 1. Earl Saunders, the man on whose experience this article was based, is one of several in this locality who are entering largely into the hog industry. In many instances the original stock is thoroughbred and in all cases the hogs are far above the average stock hog. The "Story of the Cadillac," is one of that mechanical and commercial advancement which makes for permanency. The Cadillac Company has never yielded to clamor by producing that which catered merely to fancy, nor that which took advantage of the uninformed. On the contrary it has produced only that which it knew would give to the purchaser "value received" in abundant measure. The Cadillac Company has never been obliged to resort to exaggeration and over-drawn claims to dispose of all the cars that it could make—and more. Its policy has ever been to under-claim rather than over-claim. It is gratified that the public accepts its representations at their full worth; because the public has never been misled and because the public could always expect and has always received more than was offered.
