The Tariff Must Be Settled First Says President

Washington.—No currency legislation or any other legislation will be taken up at the extra session until congress disposes of the tariff. This is the position which President Wilson practically agreed upon, according to Representative A. Mitchell Palmer of Pennsylvania, chairman of the Democratic caucus, who discussed legislation with him.

The president has been advised by Representative Oscar Underwood, the Democratic majority leader, as to the status of the tariff bills being prepared by the ways and means committee. He learned that the committee was making rapid progress, but that it might not be ready on April 1, the date originally fixed for the opening of the new congress. Mr. Underwood thought at least a week more should be given to preparation. As it was on Mr. Underwood's advice that Mr. Wilson fixed upon April 1 there is no doubt that he will name a later date when issuing his proclamation.

Tillman Loses His Hard Fight.
Senator Tillman, of South Carolina, lost his long, hard fight for the chairmanship of the powerful senate committee on appropriations. The Democratic committee lists accords the appropriations chairmanship to Senator Martin, of Virginia.

Radical changes in the method of controlling senate legislation and committees were approved by the Democratic managers and will be offered for adoption by the caucus. These recommendations are:

All committee chairmen shall be elected by the Democratic members of the committee. The practice has been for the steering committee to appoint all chairmen; a majority of the Democratic members of any committee may call a meeting of that committee at any time.

Members of "conference committees" shall be selected by the Democratic majority of the committee having charge of the legislation in question.

Few Big Positions Filled Before April.
There will not be many appointments before April 1, it is now believed here. The president and his cabinet find it is safer to run along for a time with the old hands on deck than to change them all for men quite new to their duties.

Then there is a great deal of embarrassment over making selections from among the vast number of applicants. Almost any state in the union could furnish a full quota of officials to run the government with ease and then have enough good men and true to keep things from going to smash at home. Indeed, many of the states are offering to do just about that.

LaFollette Makes White House Call.
Senator LaFollette made his first call at the White House in more than three years. He was an invited guest and spent almost an hour with the president. He would make no statement as to the purpose of his visit, but it has been an open secret for days that he was invited to discuss legislative questions with the president.

The conference was merely preliminary to others to be held later. Other progressive senators will be asked to the white house from time to time, and the president hopes that many of them will find it consistent to line up with the Democrats in passing legislation.

Appropriations Exceed One Billion.
Appropriations of the last session of congress, including the sundry civil and the Indian appropriation bill, which are to be put through at the coming extra session, aggregated \$1,958,847,960.

The annual statements given out by Chairman Fitzgerald, of the appropriations committee, and by former Speaker Cannon, for the Republicans, agree on that total. Cannon adds, however, that in addition to that amount, contracts authorized for public works involve further expenditures of \$76,356,714.

National Capital Brevities.
President Wilson appointed Governor Burke of North Dakota, treasurer of the United States.

Richard Olney, of Boston, to whom President Wilson offered the post of Ambassador to Great Britain, has declined.

Office seekers have pressed Attorney General McReynolds to the point where he has been obliged to order the department of justice closed to all visitors at 4:30 p. m., senators and representatives included.

Secretary Bryan and Ambassador Jusserand exchanged ratifications of the convention approved by the senate a month ago extending for a term of five years the Franco-American special arbitration treaty of 1908.

Competitive examinations have been announced by the navy department for July 14, 1913, for the purpose of filling 14 vacancies in the grade of second lieutenant. Examinations will be held in the following western cities: Denver, San Francisco, Salt Lake, Seattle.

MUD THROWN AT LONDON WOMEN

Mob of 10,000 Attacks Militant Suffragists

London.—The suffragettes who again attempted to hold a Sunday afternoon meeting in Hyde Park were mobbed by a crowd of 10,000 persons. They were pelted with clods, oranges and other missiles, and when the police were escorting them from the scene the rioters tore off the hats and cloaks of the women, and even struck some of them in the face.

The trouble began when "General" Mrs. Flora Drummond mounted a wagon and started to speak to the great assemblage, which was largely made up of youths who had armed themselves with ammunition of various descriptions or with trumpets, mouth organs and bells.

For half an hour the crowds shouted, sang and pelted the suffragette commander-in-chief, whose clothes soon were a mass of mud. At last Mrs. Drummond's speech, of which not a word was audible, came to an end and a younger woman took her place. She fared no better, and the police, realizing the danger the women were in, called upon the chairman to close the meeting.

Woman Mayor Wins Fight

Topeka, Kan.—The supreme court issued an order ousting from office the three city councilmen of Hunnewell, Kan., against whom charges had been filed by Mrs. Ella Wilson, the woman mayor of the town. The court held the three councilmen have been and are guilty of wilful misconduct in office and of persistent failure to perform the duties of their respective offices.

Boston Waistworkers Win Strike

Boston.—The strike of 6000 shirtwaist, waist and dressmakers, who make up one of the three principal divisions of the garment workers in this city, was settled by an agreement on which the strikers received most of their claims.

\$250,000 BURGLARY IN NEW YORK

New York.—An East Side burglary perpetrated by clever cracksmen some time Sunday netted the thieves the largest haul obtained in New York city in many years. Martin Simons & Sons, pawnbrokers in Hester street, were the victims and the property stolen includes \$200,000 worth of jewelry, diamonds and other precious stones, and \$50,000 worth of negotiable securities.

The thieves gained access to the pawnbroker's richly stored vaults by means of a tunnel from an abutting building on a neighboring street. They made a clean getaway with their valuable loot.

The police found that the tunnel had been begun in the cellar of a house in Eldridge street, adjoining Simons' place. It was driven through the wall of the Eldridge street house and into a wood bin in the cellar of the Simons store. There, leading up into the pawnbroker's shop, is a flight of stairs which are wired for burglar alarm. The thieves avoided them and sawed away the overhead flooring at a spot directly in front of the treasure vault. The vault, which stands 13 feet high and is built into the wall, was entered by chopping away the masonry.

Agent for Police is Found Guilty

New York.—The first conviction in the district attorney's crusade against grafters in the police department was obtained when John J. Hartigan, a patrolman, was found guilty of perjury. Hartigan acted as agent for high police officials to bribe witnesses against them to leave the state.

RAILROADS CHANGE PLAN

Final Dissolution of Southern and Union Pacific Uncertain

St. Louis.—The Union Pacific-Southern Pacific dissolution plan, which contemplated a preferential traffic agreement between the two Harriman roads for the use of the Benicia cutoff, from Oakland to Sacramento, Cal., was abandoned in the federal court here by the Harriman interests, and it now devolves on the railway attorneys and the Attorney-General to devise a new arrangement to carry into effect the dissolution decree of the federal supreme court.

Tong Wars in Three Coast Cities

Portland—Two killed, one wounded. The dead, Lam Foon and Chung Ah Gong; wounded, Hing Man. Victims members of Bow Leung tong; assailants, Hop Sing.

Seattle—Three wounded. They are Chin On and Chin Yin, of Hop Sing tong and W. G. Yan, of Hip Sing tong. Bow Leung gunmen blamed.

San Francisco—Louis Jin, of Hop Sing tong shot and killed by member of Bing Kong tong.

TURKS REFUSE PEACE TERMS

The Outlook For Balkan Peace is Gloomy.

London.—There is no prospect for acceptance by Turkey of the peace terms as proposed by the allies. Dispatches from Constantinople say the leading members of the committee of union and progress have decided that the conditions cannot be accepted, and it is understood that the council of ministers has adopted the same view. All other capitals and among the ambassadors in London the allies' demands are considered extravagant, especially with regard to the payment of indemnity and the cession of Scutari and the Aegean Islands.

With the improvement in weather conditions, the armies in the near east have become more active, although thus far no news of a pitched battle of any importance has come through.

FEDERALS WIN BORDER BATTLE

Naco, Ariz.—Instead of waiting to be attacked by nearly 1000 insurgent state troops, General Ojeda, with fewer than 500 federal troops, went out from Naco, met and defeated the enemy. In three hours of aggressive fighting, peppering the enemy's line with rifles and machine gun bullets and spraying lead from shrapnel shells over hills adopted as fortifications, the Huerta federals drove the state forces five miles to the southeast.

With the advantage of unexpected aggression and possessing five artillery pieces, the little brown barefooted soldiers defending the military honor of the new Huerta regime fought as wild men against seemingly overwhelming odds.

The only person wounded during the fight on the American side was A. A. Hopkins, a deputy United States marshal. He was wounded in the knee while doing neutrality duty on the line.

As at Nogales, American volunteers in automobiles dared the fire to rescue wounded under the protection of the Red Cross flag. One American physician is missing.
