

Powell Butte.

Powell Butte, April 7.

E. A. Bussett returned to his home in Prineville Thursday after several days spent in this locality. Now that Mr. Bussett has given possession of his ranch he is entirely at his leisure, something unusual in his heretofore busy life. He and family intend to enjoy themselves this summer to their full capacity. Among other things they will spend some time on an overland trip to California going in an auto and visiting places of interest both going and returning.

Mr. and Mrs. Fred Renslow are the proud parents of a fine baby boy which put in an appearance at their home last week.

Mrs. Chas. Foster and son, Melvin, and Mrs. Mary Brown were Prineville visitors Tuesday.

The meeting of the Water Users Association at the Beckman hotel at Powell Butte Saturday was quite largely attended and several matters of interest were discussed and grievances listened to.

Frank Doulay of Salem left for his home at that place Friday after visiting Redmond and this section several days. Mr. Doulay visited with J. L. Foster and G. C. Truesdale while at Powell Butte, the gentleman being old friends and former neighbors before coming to this state.

Porter Heath has secured a position as ditch rider with the Central Oregon Irrigation Co. and will commence his duties May 1st. Porter's many friends think he will make an excellent patrolman.

J. W. Brewer and J. Alton Thompson were Redmond business men who attended the Water Users meeting out here Saturday.

Guy Lafollette, the popular Powell Butte nurseryman, was taking orders for nursery stock in this section last week to be delivered this week. Mr. Lafollette says business in his line is very gratifying this spring.

A. W. Bayn went to Prineville Saturday for a short visit with his daughters, Misses Gladys and Hazel.

News has been received here of the marriage of Ed Huffine, to an Oklahoma girl recently. Mr. Huffine, who is a nephew of E. A. Bussett, spent some time here last year visiting his uncle and made many friends during his stay who will wish for himself and bride much prosperity.

J. A. Biggs was a Bend visitor Friday, returning home Saturday.

Neighbors, just a reminder that there will be religious services at Shepard schoolhouse April 20th. Rev. Loree of Redmond will speak.

Fred McCaffery of Redmond came out Saturday for a short visit with Mr. and Mrs. E. L. Iverson, returning to his home Sunday.

U. S. weather observer, Earl Saunders, of this place reports the moisture falling on the night of April 1st as measuring .47 of an inch. Our section was much in need of this wetting and more would have been welcome.

Mrs. Wallace Smith entertained a number of ladies at her home last Wednesday in answer to invitations sent out previously to the effect that she would be at home to her friends and that the afternoon would be spent in organizing a ladies' club for this locality. After perfecting plans for their organization the ladies were served with a delicious luncheon by their hostess. Officers chosen were Miss Mabel Allen, president; Mrs. G. C. Truesdale, vice-president; Miss Ada Morse, secretary and treasurer. The club (the name of which will be chosen later) will have its next meeting with Mrs. N. P. Alley Wednesday, April 16th. Every lady in this section is cordially invited to become members of our club, the object of which will be to meet every second week at the homes of the various members for an afternoon of reading, sewing and conversation.

George Morgan entertained a large number of friends Saturday evening in honor of his birthday. Singing and "500" were the order of the evening. Mr. Morgan served refreshments, assisted by Messrs. Collins and Morse.

Roberts.

Roberts, Ore., April 6, 1913.

Messrs. Maker and Huff of Prineville came up in their Chalmers car last Monday. The boys made a fine demonstration run as the roads were in very bad condition. They went from Little Bear creek to Big Bear creek over roads never used by an automobile before. Their trip sure was a trying one on a car and showed the good points of it. Come up again boys, we enjoyed our ride fine.

A. W. Hoch is riding a new colt. Stick to him, Hoch, even if you have to claw leather.

Henry Carlin was in town last week on business. He came out Sunday.

Ira Werts was in town a week ago. He has one of Sontag's teams out here doing some improvement on his own and Sontag's ranch.

Ed Parker has a new Home Comfort range. He is so proud of it he will not let any of us boarders make a fire in it.

Mr. Sears of Portland is visiting his sister, Mrs. H. G. Bunn.

Gillis Woodward is visiting at Ed Parker's ranch. Gillis says he doesn't like dry farming.

There are several Eastern capitalists thinking of locating around our community. The cattle business seems to be what they have in mind.

Many of the stockmen are turning out cattle. If the good weather continues they will all be out in a few weeks.

CAPITALIZE YOUR IDEALS; NOT IDEALIZE YOUR CAPITAL

Let Citizens and Not Charity Maintain Playgrounds.

"Capitalize your ideals," the slogan of the American Association of Commercial Executives, typifies the twentieth century attitude toward civic betterment work. For ages the message to the man of affairs has been "idealize your capital." The emphasis has been placed upon charity rather than upon justice, and the only stimulus to good deeds has too often been the fear of punishment or hope of reward in the world to come, says the American City.

It is said—and with much truth—that we are living in a materialistic age. But in our search for wealth and comfort a remarkable discovery has been made. We have learned that the happiness of each depends upon the happiness of all. We have learned that righteousness pays here and now. We have learned, in short, that our ideals may be capitalized.

And are we thereby lowering our ideals? Ask your townsmen their preference as a place of recreation for their children—a playground maintained by charity or a playground maintained by self-respecting citizens from a properly assessed tax fund. Ask them whether they would vote to abandon their present policy of supporting public schools by taxation and depend on philanthropy to educate the coming generation, that high ideals may thrive thereby, or ask them if they would sell to some neighboring town their fine waterworks and return to the precarious supply of impure water that they formerly thought to be good enough. Because these things have paid and because the citizens are therefore glad to maintain them are they for that reason less ideal? No. The ideal of today is the square deal, and it pays profits on all four sides of the square.

THE HIGH COST OF LIVING.

But are the prevailing high prices wholly the result of natural laws regularly working themselves out? There is little doubt in my mind that governmental meddling has had much to do with it.—Gottfried Koeb of Bremen.

I cannot agree with such theory that the high cost of living is due chiefly to the change in standards of living rather than changes in prices. The trouble is not by any means wholly due to a lack of our early thrift and economy in present day American laborers. How much of the high cost of living is due to the desire of capitalists for excessive dividends on watered stock I am unprepared to say. Certainly some of it arises thus. Then the high protective tariff helps to keep it up too. But over and above these artificial causes are certain natural causes which need explanation. I am positive of the necessity for an international investigation which will learn the extent of this phenomenon and gain working information for effective reform.—Professor Tausnig of Harvard University.

Of course in China conditions are so bad already because of recent devastating floods that the question of what causes high prices becomes futile. The direct problem facing the unsettled governments of many interior provinces is how to prevent too many people from starving to death.—Louey Po Sang of Hong-kong.

MAMMON.

We cannot serve God and Mammon, but we can serve God with Mammon.—Speer.

INDIVIDUALISM.

Individualism and aristocracy are doomed. The commonweal and the new democracy are coming into their own. We must develop a social consciousness and create a social conscience—some while labor cries for unionism, the church for unity. And we are beginning to realize that Christianized labor and democratized Christianity could together not only conquer the continent, but could win the world for justice, for righteousness and peace.—Bishop McCormick.

IMMORTALITY.

The belief in a future life is coeval with the beginnings of the human race in the history of evolution.

The belief in a future life is one of the differential attributes of humanity.

Man is not only the animal that possesses articulate speech and the power of reasoning. He is the only creature who expects to survive the event of physical death.

That wholesale skepticism which is directed against whatever exists or has existed in the shape of an ancient belief, that violent outbreak of materialistic atheism of the eighteenth century, is surely one of the most mournful episodes in the history of human thought.

We yet sometimes are entertained by a belated eighteenth century naturalist who is fully persuaded that his denial of human immortality is an inevitable corollary from the doctrine of evolution.

The more things we try to explain the better we realize that we live in a world of unexplained residua.

Those who seek to prove anything by the evidence of disembodied spirits who hold communication with certain mediums are not likely to make much impression upon minds trained in investigation.—John Fiske.

DAY.

Day! I lament that none can hymn thy praise
In fitting strains of all thy riches bless.
Though thousands sport them in thy golden rays,
Yet none like thee their Maker's name confess.
Great fellow of my being, wake with me!
Thou dost put on thy dazzling colors of light
And onward from the east go forth to free
Thy children from the bondage of the night.
I hail thee, pilgrim, on thy lonely way,
Whose looks on all alike benignly shine.
A child of light like thee I cannot stay,
But on the world I bless must soon decline—
New rising still, though setting to mankind,
And ever in the eternal west my day spring find.
—Jones Very.

County Court.

Pursuant to adjournment of March 15, 1913, court was convened March 29th, 1913. All officers were present. The following proceedings were had of record:

Whereas, it appears that a certain warrant No. 1175, issued by order of this court July 16th, 1912, for the sum of \$4063.09 has not been applied to the purpose for which it was issued, that is for the purpose of taking up two certain promissory notes issued by this court to the Beach Manufacturing Company, a corporation.

And whereas, it appears that the consideration upon which said warrant was founded has utterly failed; that said warrant is in other hands than those for whom it was intended and the notes for which it was intended to be substituted are still outstanding against the county of Crook.

It is therefore ordered and adjudged that said warrant No. 1175 issued on the 16th day of July, 1912, at the direction of this court for the sum of \$4063.09 to Beach Manufacturing Company, a corporation, for the purpose of taking up two certain notes made by this court in the favor of said Beach Manufacturing Company, be and the same is hereby forever recalled and cancelled and the clerk of this court is hereby directed to mark the stub for said warrant "void" and the treasurer is hereby directed at once to take notice that said warrant is recalled and cancelled and he is hereby directed to cancel the registration of said warrant and not to take up and pay said warrant if presented.

In the matter of the transfer of the cruising fund to the general fund. Whereas, on the 6th day of January, 1912, by an order of this court, a levy of one and one-half mills on the dollar on all the taxable property of this county was made for the purpose of creating a fund to provide for the cruising of the timber lands of this county subject to taxation, and

Whereas, said levy was and has been duly extended upon the tax rolls of this county and taxes collected thereon to the amount of \$12,477.88, which amount is now in the hands of the treasurer of this county and set aside as such timber cruising fund, and

Whereas, the matter of cruising the timber lands of this county for taxation and assessment has been and is hereby abandoned, and the purpose for which said fund was created has been abandoned and ceased to exist, and necessity no longer remains for the creation of said fund or the maintenance of the same, and

Whereas, said fund has been and is raised by general taxation the same as the general fund of this county, therefore,

It is ordered and adjudged by the court that the county treasurer of this county transfer and turn over to the general fund of this county, all moneys now within said cruising fund, that said cruising fund be discontinued, and that all moneys hereafter collected on said cruising fund be transferred and paid into the general fund of this county. Dated this 29th day of March, 1913.

In the matter of the Alfalfa road district No. 40 and the Deschutes district to be known as Central No. 39.

Whereas, the county surveyor has made a report in the matter of Deschutes and Alfalfa road districts petitioning for new districts, and

Whereas, the county surveyor in the adjustment of boundaries has advised that the boundaries of the Deschutes portion, to be called Central No. 39, be as called for in the petition; and that the boundaries of the Alfalfa dis-

trict No. 40, described as follows:

Sections 13, 14, 15, 22, 23, 24, 25, 26, 27, 34, 35 and 36 of tp. 17 south, range 13 east; also the e/2 of tp. 18 south, range 13 east; also the e/2 of tp. 16 south, range 14 east; also all of tp. 17 south, range 14 east; also all of tp. 18 south, range 14 east; also all of tp. 17 south, range 15 east; also all of tp. 18 south, range 15 east. It is therefore ordered and adjudged that said report of the county surveyor be accepted by this court.

That the Deschutes road district as petitioned for, is hereby created and formed; that it be known as Central district No. 39; that it be described as follows: Commencing at northeast corner of section 1, tp. 16 south, range 13 east and running thence on tp. line to southeast corner of section 35, tp. 15 south, range 12 east, thence north to the center of the Deschutes river on the east line of said section 35, tp. 15 south, range 12 east; thence up the center of said Deschutes river to the north and south center line through section 15, tp. 16 south, range 12 east, thence south through the center of sec. 16, 21, 28 and 33, tp. 16 south, range 12 east, and sections 4 and 9, tp. 17 south, range 12 east to the one-fourth corner between sections 9 and 16, tp. 17 south, range 12 east; thence east on the section line to and one-half miles to the southeast corner of section 12, tp. 17 south, range 13 east, thence north eight miles to the place of beginning, and
