Died, Saturday, May 30, Flora Elway Jones, aged 11 years and 26 days. She was the daughter of Ora and Ollie Jones. The little girl was very much attached to her grandparents, Mr. and Mrs. Mart Powell, with whom she lived the first ten years of her life. They cared for her as their own child. We append the following lines by Mrs. Powell:

### OUR BABY.

This lovely bud, so young, so fair,  
Called hence by earthly doom,  
Came to show how sweet a flower  
In paradise could bloom;  
But now has gone to meet her mother  
And our dear ones over there.  
—Mother Powell.

The "Story of the Cadillac," is one of that mechanical and commercial advancement which makes for permanency. The Cadillac Company has never yielded to clamor by producing that which catered merely to fancy, nor that which took advantage of the uninformed. On the contrary it has produced only that which it knew would give to the purchaser "value received" in abundant measure. The Cadillac Company has never been obliged to resort to exaggeration and over-drawn claims to dispose of all the cars that it could make—and more. Its policy has ever been to under-claim rather than over-claim. It is gratified that the public accepts its representations at their full worth; because the public has never been misled and because the public could always expect and has always received more than was offered.
