

## OREGON GOVERNOR INVADES THE DALLES

Accompanied by Sheriff and Militia Orders Disorderly Houses Closed.

The Dalles, Or.—Governor West arrived here Sunday with Major Smith and 11 state militiamen from Portland and compelled Sheriff Christman to imprison 22 women who had been arrested in a raid made Saturday night by special agents of the governor.

Christman refused to imprison those placed under arrest without commitments and because, he said, agents of Governor West had failed to convince the sheriff of their authority. After a conference with the governor Christman promised Governor West he would lend every assistance in his power in obeying the order of the executive.

Sworn in as deputies to make the raid were four ministers and they remained on guard with their prisoners until relieved by militiamen brought by Governor West.

Governor West said he had no desire to prosecute the girls who lived in the houses or visitors, and 29 of the 32 prisoners arrested will be held merely as witnesses. The prisoners are under guard in the Washington hotel and at one of the closed resorts.

Ernest R. Ringo, of Salem, who was appointed special prosecutor by Governor West at the time of his Portland vice crusade, has been ordered to remain here to assist District Attorney Bell.

## ROOSEVELT GIVEN VERDICT OF 6 CENTS

Marquette, Mich.—Complete exoneration for Colonel Roosevelt, former president, from charges of drunkenness made against him in an editorial by George Newett, editor of the Ishpeming, Mich., Iron Ore, came here when Newett, after Roosevelt's case was rested, took the witness stand and made complete surrender, and withdrew the charge of his paper that Roosevelt "gets drunk and that not infrequently."

In a long statement read in open court, he admitted he had combed the country, but had found not one single witness who could testify he had seen Colonel Roosevelt take liquor to excess. To all intents and purposes he threw himself upon Roosevelt's mercy.

Roosevelt, unwilling to assess upon Newett the heavy damages he had claimed, arose in court and declared he had achieved his object, disproved the tale that did him much injury in the last campaign and asked the court to direct a verdict in his favor for nominal damages only—which in Michigan is 6 cents.

The six cents were paid and the colonel will settle his own costs of close to \$10,000.

**Carpentier Knocks Out British Champ**  
Ghent, Belgium.—George Carpentier, the French heavyweight pugilist, won the heavyweight championship of Europe by knocking out Bombardier Wells, the British champion, in the fourth round. Carpentier himself took the count of nine in the first round and was sent to the floor again in the second.

**Chase Traded for Zeider and Borton**  
New York.—First Baseman Hal Chase, of the Yankees, has been traded to the Chicago White Sox in exchange for infielder Rolfe Zeider and First Baseman Borton, Manager Frank Chance, of the New York American League team, announced.

## DEFY ILLINOIS LEGISLATURE

Labor Federation Declares Lawmakers in Collusion With Lorimer.

Chicago.—Officers and members of the Chicago Federation of Labor backed the state legislature into the corner, slapped its face, pulled its nose and dared it to "come out in the alley and fight."

They readopted a resolution, adopted May 18, in which they asserted that the initiative and referendum had been defeated by political collusion between members of the legislature and William L. Lorimer, who, they said, was "the power behind the speaker's chair on that day."

In adopting the resolution the members of the Federation of Labor expressed themselves as willing to "go to jail if necessary." In addition to reiterating the charges contained in the first resolution, they added to them charges of unfair play, "gag and gavel rule and political machinations."

## LEPER COLONY TEMPORARY

Washington Members Assured Diamond Point is Not Menace.

Washington.—Some consternation and uneasiness has been occasioned by the presence of lepers at Diamond Point, Wash., and the fear that the public health and marine hospital service was to make this not only a permanent establishment but to send lepers there from other states. The feeling became so intense that Senator Jones and the other members of the Washington delegation were appealed to to have the matter investigated.

As a result of this agitation both the senator and Representative Johnson called on Surgeon-General Blue and went over the subject with him and were assured that there was no intention to make this a permanent station.

The Washington members were informed by Dr. Blue that the marine hospital service was endeavoring to find a place off the coast of California, and as soon as this was located and fitted up as an abiding place for these unfortunates they would be sent to this permanent colony.

## MAINE TO ENFORCE ANTI-LIQUOR LAWS

Portland, Me.—What promises to be the most effective enforcement of the liquor law in all Maine's 69 years of prohibition is now well under way after many years of political football with the prohibitory laws. The people of Maine are demanding state-wide enforcement. With the administration of Governor Haines the situation has taken a new turn. Violations of the law in the cities of Maine has become flagrant. Illicit liquor sellers had fitted up steel-ceilinged, tiled-floor emporiums with as complete stocks as could be found in license cities. The slogan now of the law-abiding is:

Governor Haines has caused to be removed several sheriffs in whose communities the liquor traffic has long been openly conducted, and he has issued his ultimatum, which, in effect, is that he will have removed from office promptly, even though it becomes necessary to call a special session of the legislature, any sheriff who permits liquor selling.

## NEWS FROM OUR NATIONAL CAPITAL

Democrats Plan to Crowd Tariff Bill by Holding All-Day Sessions.

Washington.—"Make the republican work" is the slogan adopted by the democratic leaders of the senate in charge of tariff legislation who predict that the senate would vote on the bill by August 1.

Members of the finance committee said that the bill would be out of subcommittees by June 9; that the full committee's report should be ready for caucus by the following week and that the revised measures would be reported to the senate on June 23. Then it will be pursued vigorously until placed on its passage. Senator Hoke Smith, of Georgia, said that the senate should vote on the bill in the latter part of July.

"We will keep the republicans who want to discuss the bill working, and we will keep at work ourselves from the very beginning," he said. "We will meet in the senate every day at 10 o'clock in the morning and keep at work until 6 o'clock at night. That will prevent the opposition from delaying the bill by playing with it. We will tire the republicans out of playing."

## Lobby Inquiry Started

The senate's investigation of the "Numerous and insidious lobby," which President Wilson charged was threatening the tariff bill, was begun Monday morning by a committee composed of Senators Overman (chairman), Walsh, Cummins, Reed and Nelson.

The investigation was conducted openly in the public hearing room of the judiciary committee in the senate office building, and members of the senate were called in alphabetical order.

President Wilson was sent a certified copy of the resolution authorizing the inquiry.

## Report Attacks Hitchcock Regime

The postoffice department did not attain a condition of self-support during the administration of Postmaster-General Hitchcock, notwithstanding the widely-advertised announcement to that effect, although an apparent surplus was attained by unjustifiable methods of bookkeeping. The general morale and efficiency of the postal service were sacrificed to a ruthlessly enforced policy of false economy for the sole purpose of presenting a showing of self-maintenance; and after the attainment of this end, just before the inauguration of the new administration, the policy was reversed, according to a report addressed to Postmaster-General Burleson, and signed by Daniel C. Roper, Joseph Stewart, A. M. Dockery, James I. Blakslee and Merritt O. Chance, respectively first, second, third and fourth assistant postmasters general and chief clerk of the department.

## Settler Must Pay Operation Costs

The recent decision of the United States supreme court in the case of Swigert vs. Baker settles for all time the right of the secretary of the interior, through the reclamation service to impose and collect annually from settlers on government irrigation projects the pro-rata cost of maintenance and operation of projects from the time water is turned into the canals up to the time the projects are turned over to the settlers completed.

On many projects there has been discontent because the government has been requiring the settlers to pay the maintenance and operation charge, which usually ranges from 50 cents to \$1 an acre a year. The lower court decided in favor of the government and was reversed by the United States circuit court of appeals at San Francisco, but now is sustained by the supreme court.

## National Capital Brevities

The president is reported to have agreed with Senators Williams and Simmons that raw materials and their products in the agricultural schedule should be equalized in the tariff bill. The progressives have been allowed representation on all the house committees except rivers and harbors and agriculture. They are given a total of 28 assignments.

The seventeenth amendment to the constitution of the United States became effective when Secretary Bryan formally proclaimed that direct election of United States senators is now the law of the land.

The appointment of Alexander H. Stephens to be general superintendent of the railway mail service, vice Theodore Ingalls, was announced by Postmaster General Burleson.

Secretary Bryan and Sir Cecil Spring-Rice, the British ambassador, signed a renewal for five years of the general arbitration treaty between the United States and Great Britain.

Secretary Lane announced a reclamation commission, which will direct all work of the reclamation service. F. H. Newell, present director of the reclamation service, will be the chairman.

**Studebaker**

"Yes Sir! Studebaker wagons are made to back up a reputation."

"I know, because wagons of every make come into my shop for repairs, and I have a chance to see how few are Studebakers."

That's the opinion of thousands of blacksmiths who know the quality of Studebaker wagons.

The owners never regretted that they bought Studebakers.

Tested materials, accurate workmanship insure a wagon unequalled for durability, and this careful selection of wood, iron, steel, paint and varnish has been a fixed rule with the Studebaker wagon Company for sixty years. That is why a Studebaker wagon runs easiest and lasts longest. It is built on honor.

Whether you live in town or country, there is a Studebaker vehicle to fill your requirements for business or pleasure — and harness of every description made as carefully as are Studebaker vehicles.
