Good Roads Movement

W. F. King and Oscar Hyde were the Prineville representatives of the Crook County Good Roads Association that made a trip last week over the east and west line of the proposed county highway that will form a link in the good roads movement of state and nation. The other members of the party were President Lynch of Redmond, Vice-president McKay of Bend, Secretary King, Commissioner Bayley, John Steidl and H. C. Ellis.

The road will be taken up at the Crook county line on the McKenzie lava beds, thence to Sisters, from Sisters to Cline Falls, then to Redmond, from Redmond to Prineville and on up Crooked river by way of Paulina to the mouth of Buck creek, and from there southeast to the Bend-Burns road at the east Crook county line. Travelers on the east and west road have the option at Cline Falls of going south to Bend on the north and south road and thence east on the Bend-Burns road, the distance being about the same as over the Paulina route.

The contemplated north and south road starts from Schultz place on Trout creek and thence to Madras, from Madras it goes to Metolius, thence to Prineville, Redmond, Cline Falls, Laidlaw, Bend, La Pine and Crescent. The local officials did not go over the north and south road. A great deal of interest was manifested in all the towns visited on the east and west trip. The party was banquetted at Bend and every courtesy was shown all along the route. In all about 386 miles of roads in Crook county will come in for betterment under the new good roads law passed by the last legislature.

Wedding at Grizzly.

A very pretty wedding and one of interest to a large circle of friends was that of Miss Edith Hamilton, daughter of Mr. and Mrs. L. H. Hamilton of Grizzly, and Clyde Moore of Lamonta. The wedding took place at the home of the bride's sister, Mrs. Ernest McKenzie of Grizzly, Sunday, June 8. Rev. Geo. Eads of Culver officiated. Only relatives of the bride and groom and a few intimate friends were present. After the ceremony a dainty luncheon was served in the dining room.

The bride was becomingly gowned in white embroidered voile and wore a wreath of orange blossoms.

The couple were the recipients of many and useful gifts.

Mr. and Mrs. Moore will be at home after June 15th at Moore Place. E. L. S.

The Boys Had a Long Hike Home

Dick Darling and Frank Foster were taken up to Mill creek Sunday by Wistar Rosenberg and Luckey Bonney in Dr. Rosenberg's car. The two first named went fishing, while the boys stood guard over the car, and when the thunder storm came up in the afternoon the boys grew frightened, cranked up the engine and proceeded to town with all possible dispatch. Result: Messrs. Darling and Foster had to walk the whole eleven miles to town in a blinding rain and the ground sloppy under foot. It took them three hours to make the trip, but both were in a good humor upon arrival.

Revisiting Old Scenes

Mr. and Mrs. R. M. Johnston and son, Omar, of Colfax, Wash., arrived in Prineville Monday to place a monument over the grave of their little baby that was buried in Prineville 39 years ago.

Mr. Johnston confessed that he was disappointed in the looks of this country. "With your natural resources your country should be far ahead of what it is," said he. Upon being reminded that Prineville as yet had no railroad and that the country had enjoyed the benefits of one only a few years, Mr. Johnston concluded that progress was slow in any country without modern transportation.

Since leaving Prineville in 1875 Mr. Johnston has accumulated a competency and is now enjoying the fruits of his industry. During his short stay of a couple of days Mr. Johnston was busy hunting up old friends. Many had passed away but there were a few left. When he lived here the vigilantes held forth, he says, and life and property were not very secure, but now all is changed.

The "Story of the Cadillac," is one of that mechanical and commercial advancement which makes for permanency. The Cadillac Company has never yielded to clamor by producing that which catered merely to fancy, nor that which took advantage of the uninformed. On the contrary it has produced only that which it knew would give to the purchaser "value received" in abundant measure. The Cadillac Company has never been obliged to resort to exaggeration and over-drawn claims to dispose of all the cars that it could make—and more. Its policy has ever been to under-claim rather than over-claim. It is gratified that the public accepts its representations at their full worth; because the public has never been misled and because the public could always expect and has always received more than was offered.
