## Delinquents Taken to Portland

Three delinquent children—Frank, Daniel and Florence James—from Ashwood were ordered sent to the Boys and Girls' Aid Society of Portland the first of the week. The youngsters ranged in age from 4 to 10 years.

Victor Shaw left the first of the week for Portland with the youngsters. Their home was on Blizzard Ridge. They were deserted by both father and mother. As they were absolutely ignorant, efforts were made by the school authorities to secure control of them, but on the approach of any strangers the three children immediately took to the brush and their capture was almost an impossibility. Finally Mr. Shaw secured them and brought them to Prineville, where they were ordered taken to the Boy's and Girl's Aid Society.

## Died

Richard P. Miller, of Post, died of spotted fever last Friday, aged 63 years, 6 months and 21 days.

He was born at Silverton, Oregon, December 20, 1849. July, 1871, he was married at Seio, Oregon, to Nancy Jane Lawson, who died December 27, 1876. Two children were born to them. One of them, Mrs. J. W. Stanton, survives him. January 13, 1878, he was married to Celestina Johnson. To this union nine children were born, of whom six survive. They are, Thos. Miller, Mrs. R. R. Price, Kenneth, John, Elva and Sylvia Miller.

At the age of eighteen he was converted and united with the Baptist church in the Willamette Valley. In the year 1911 he united with the Baptist church of Prineville. He was a good husband and father, and all during his sickness his message was, "I am ready to go when the time comes."

Interment was made at the Maury cemetery. Besides the relatives a large number of sympathizing friends were present. The services were conducted by Rev. John McAllister, of Prineville.

## Card of Thanks

Mrs. R. P. Miller and family desire to express their heartfelt thanks to the neighbors and friends who so freely gave their aid and sympathy during the sickness and death of the husband and father.

## Strayed

## Must Take Care of Ditch Water

The county judge desires to call the attention of the road supervisors and ditch owner to Section 6427 of Lord's Oregon laws which requires the road supervisor to notify the owners in writing, of water escaping from their land or ditches on to the county roads. It also requires the owners to divert the same within six hours after being notified.

Section 6428 requires the supervisor of that district to attend to diverting the water in case the owner fails to do so; and Section 6429 gives the county a lien on the land for the expense incurred by the supervisor.

The county is ready at all times to cooperate with the road supervisors to prevent waste and seepage water from getting into the county roads. Copies of the 1913 Road Laws will be sent to each supervisor.

G. SPINGER, County Judge.

## Must Keep Your Weeds Down

Russian thistle, Canadian thistle, Jim Hill mustard, Cocklebur and saltbush are declared to be noxious weeds in the Session Laws of 1913, and it is made the duty of all property owners to rid their lands of these weeds. If a road passes through a farm the owner of the land must keep all of the road clean, but if the land lies at the side of the road, the owner of the adjacent land, must keep out the weeds to the center of the road.

Road supervisors are required to enforce the law in their respective districts. Where communities are agreed to fight the weeds the county will do all it can to cooperate with the people and the supervisor as far as possible; this season and will perhaps be able to make a levy for a more vigorous warfare another year.

The "Story of the Cadillac," is one of that mechanical and commercial advancement which makes for permanency. The Cadillac Company has never yielded to clamor by producing that which catered merely to fancy, nor that which took advantage of the uninformed. On the contrary it has produced only that which it knew would give to the purchaser "value received" in abundant measure. The Cadillac Company has never been obliged to resort to exaggeration and over-drawn claims to dispose of all the cars that it could make—and more. Its policy has ever been to under-claim rather than over-claim. It is gratified that the public accepts its representations at their full worth; because the public has never been misled and because the public could always expect and has always received more than was offered.
