

MEXICANS SHOOT AMERICAN OFFICIAL

United States Immigration Inspector Seriously Injured by Federal Soldiers.

El Paso, Tex.—Charles B. Dixon, of San Diego, United States immigration inspector, was shot in the back by Mexican federal soldiers at Juarez. Dixon was in Juarez on official business, investigating a white slave case, when he was arrested by a band of federal soldiers, who started to march him away from the city in the direction of the foothills, where many executions have taken place. Dixon started to run, and after getting a block away, was fired on.

Dixon made a statement to American officials that he was satisfied the Mexicans were marching him out to shoot him when he ran. He said the Mexican soldiers were drunk.

"I told the soldiers when they arrested me that I would go to the commandant's office," said Dixon. "But instead of taking me there they started to the foothills south of the city. I was attired in the immigration uniform of khaki and I thought perhaps they had taken me for an American spy and intended executing me. I thought the only chance I had was to run for the border, so I broke loose from the two drunken troopers who held me."

Washington.—Strong representations, the most drastic in phrasing since that have been made since the present American administration came into power, were made to the Huerta government in Mexico.

The United States government demanded not only the prompt arrest, court martial and punishment of the Mexican federal soldiers who shot Charles B. Dixon, Jr., an American immigration official at Juarez, Mex., but the immediate release of Charles Bissell and Bernard McDonald, mining managers, imprisoned by federal soldiers at Chihuahua City and said to be threatened with execution.

SOCIALISTS DAMAGES \$3047

Mayor of Seattle Declares City Responsible for Loss in Riots.

Seattle.—Mayor Cotterill has submitted to the city council claims for damages amounting to \$3047 because of losses suffered by socialists and others during the rioting by United States soldiers and sailors on the night of July 18.

The mayor in his communication to the city council, says that the city of Seattle is responsible for the destruction of the property for the reason that it was the duty of the police department to protect such property from destruction, no matter who the destroying agents might be.

Nothing in his letter refers to loss sustained by the Industrial Workers.

AMBASSADOR AND PRESIDENT DISAGREE

Washington.—Ambassador Henry Lane Wilson, summoned from Mexico City to inform the Washington administration of conditions in the rebellious republic, conferred with President Wilson and Secretary Bryan, submitting chiefly a recommendation that the United States use its influence to establish the Huerta regime.

It became known that the president's ideas and those of Ambassador Wilson as to the course to be pursued are so radically different that the administration officials interpreted the developments as forecasting the acceptance of Ambassador Wilson's resignation.

President Wilson and the ambassador looked on the future Mexican situation, it was learned, from opposite viewpoints. The president is concerned over the morality of any policy adopted by the United States and the effect on other Latin-American countries and is disinclined to strengthen a government that came into power through the questionable events incident to Madero's assassination.

Two Killed in Train Wreck

White Fish, Mont.—Great Northern fast mail No. 2, westbound, was wrecked just east of Rock Hill shortly before noon Monday. Engineer Peck L. Forcum and fireman Carl Smith, both of White Fish, were killed and Express Messenger Lamb was injured, but will recover.

Legislator Found Guilty

Webster Springs, W. Va.—S. U. G. Holmes, member of the lower branch of the West Virginia legislature, accused of accepting a bribe in connection with the recent election for the United States senatorship, was found guilty.

Mediators Avert Trainmen's Strike

New York.—The threatened strike of 80,000 conductors and trainmen of 45 eastern railroads for higher wages and improved working conditions will not be called.

\$400,000 LA GRANDE FIRE

Two Shots Fired at Night Watchman; Blaze Believed Incendiary

La Grande, Or.—Fire, believed to have been due to incendiaryism, caused a loss of about \$400,000 near here when the yards, several sheds and a large amount of equipment of the Geo. Palmer lumber company was destroyed.

The fire started about the time that two unidentified men fired two shots at a night watchman and made their escape.

The fire started at the most western point of the yard and swept through the dry lumber northward like powder. The city fire department and the Palmer fire department were unable to cope with the situation.

Apple Talks to Be Given

Portland.—Representatives of the United States bureau of plant industry and fruit growers of the northwest will hold a series of meetings to discuss in a general way the subject of apple storage and refrigeration, and to report something of the progress of the government's investigations as to the behavior of fruit in cold storage.

The meeting places and dates are scheduled as follows: Medford, Or., August 2; North Yakima, Wash., August 4; Prosser, Wash., August 5; Wenatchee, Wash., August 7; Freewater, Or., August 9; Payette, Idaho, August 11; Hood River, Or., August 12 or 13; Portland, August 14.

MUCH OREGON LAND TO BE THROWN OPEN

Portland.—Thousands of acres of Oregon agricultural land heretofore included in the national forest reserves will be thrown open for settlement before the end of the year.

Most of this land is in the Siuslaw and in the Paulina national forests, but acreage in other districts also may be affected.

Within the last year the federal forestry bureau has been developing a more liberal attitude toward prospective settlers. This new attitude is finding expression in the apparent policy of the forestry officials to return all agricultural land within the forest areas to the public domain.

The recent visit to Oregon of Henry S. Graves, chief forester of the United States, and the approaching visit of David Franklin Houston, secretary of agriculture, are for the purpose of interpreting to the people of this state the meaning of this newly developed policy.

Spokane Recall Denied

Spokane.—By a decision of Judge E. H. Sullivan in the superior court the 15 per cent recall petitions filed against Mayor Hindley and Commissioner Robert Fairley are held invalid.

The judge denied the writ of mandamus asked by the Central Labor Council to force the council to order the recall election.

BRIEF NEWS OF OREGON

William T. Andrew has been appointed logging engineer in the forest service at Portland at \$2500 a year.

The Oregon supreme court has decided that the Day bill, calling a special referendum election for next November, is constitutional.

According to a La Grande ordinance recently passed every citizen has a right to kill a dog found running at large without a muzzle.

The farmers of McCoy have organized a Farmers' Society of Equity with a large membership. Its object is the systematic marketing of farm products, and J. P. Sears is president.

In Oregon approximately 75,000 acres have been restored as non-tilled lands and about 12,000 acres were withdrawn for waterpower or reservoir sites.

No dogs from Oregon will be permitted to be brought into the state of Washington until the quarantine established by the Washington state veterinarian is raised.

Probably \$1500 will be added to the annual budget of the University of Oregon because of the new eight-hour law in Oregon, which forbids laborers for the state working more than the specified maximum.

The desert land board has approved the plans of Project Engineer O. Laurgaard for the main feed canal of the Tamalo project, which will be about seven miles long. Construction can be commenced immediately.

Scarlet coats will be worn by all Oregon hunters in future as a precaution against accidental shooting, if the recommendations of William L. Pinley, state game warden, are carried out.

Medford business men are planning with Rev. K. W. McCullough of the Baptist church to establish a university in that city, with courses in horticulture, law, medicine, and liberal arts.

The following nominations of Oregon postmasters have been made by the president: Marshall W. Malone, Linnton; J. W. Boone, Prineville; Iva E. Dodd, St. Helens. He has also nominated L. E. Pinkham of Hawaii to be governor of Hawaii.

It is announced from Salem that several Oregon counties are preparing to take advantage of the good roads legislation passed by the last Oregon legislature, and that the services of H. L. Bowby, state highway engineer, are in demand.

Charles Jamieson of Bandon, who owned a placer gold mine on the Sixes river in Curry county, has sold the property for \$30,000. The purchasers were men from Minnesota who have put 50 men at work developing the mine.

Salmon fishing on the lower Rogue river has been more extensive this season than ever before. This is the first season the river has been open to commercial fishing for several years and there are several firms buying and packing the fish.

Senator Lane has introduced a bill in the senate providing that farmers or fruitgrowers may manufacture denatured alcohol from their surplus farm products without the payment of a tax, by making monthly reports to internal revenue officials.

Petitions have been filed at Oregon City asking for a recall election against County Judge Beattie and County Commissioner Blair, who are accused of negligence and of failing to account for county funds. Over 1700 voters signed both petitions.

The Oregon supreme court has confirmed the lower court for Jackson county in sentencing Mike Spanos and Frank Seymour to death for murder in the first degree. Efforts were made to show that the confessions had been extorted from the men by "third degree" methods.

Mrs. Louise Hollenbeck was killed by a live wire in the basement of the Hotel Enterprise at Enterprise, which her father conducts. It is presumed that in taking down an electric lamp in order to change a globe her hand came in contact with a wire from which the insulation had worn, and that death resulted instantly. Her body was found by her father an hour after she had entered the basement.

Indians on the Klamath reservation have petitioned the secretary of the interior to take steps to amend the Indian appropriation bill authorizing the construction of the Modoc project so the cost shall be reimbursed only by persons whose lands lie under the project.

Mrs. G. H. Eddy and Mrs. August Kauek, residing in the northern part of Josephine county, were struck by a bolt of lightning and instantly killed while removing clothes from a clothes line. The women were recent arrivals from Ohio, and their husbands are officers of the Ohio-Oregon Land & Power company.

President Robert Strahorn announces that the construction operations of the Portland, Eugene & Eastern railroad would call for the expenditure of several millions of dollars in Oregon this year. The holding up of the Southern Pacific \$30,000,000 loan in California would delay but would not prevent these activities, he said.
