

## OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

### McMinnville Man Killed

McMinnville.—Walter Rodgers was killed and Frank Wilbur seriously injured, at the hands of James Hutchens, who resides with his mother on her homestead west of McMinnville.

The shooting occurred when James Hutchens and R. L. Healy were driving along on the road leading from what is known as Pea Vine Ridge to McMinnville. They pulled up at a place in the road where most of the ranchers get their mail and have their mail boxes.

Here Hutchens met Wilbur and they were soon in a heated quarrel, over what is not known, but it is generally conceded to be the climax of an old grudge. Some witnesses to the tragedy declare Wilbur struck Hutchens twice and Hutchens pulled his revolver, shooting Wilbur twice in the arm and once in the left shoulder.

### Institutes to Be Held

Corvallis.—Plans for holding an extended series of farmers' institutes in fall in Lake, Harney, Klamath and Crook counties are formulated by the extension division of Oregon Agricultural college as a result of the urgent demand for such instruction expressed to A. B. Conley, dean of agriculture at O. A. C. on his recent trip through Central Oregon with representatives of the Oregon Development League.

### First Coast Artillery Wins

Portland.—The first Coast artillery team won the much coveted and hard fought for governor's trophy in the annual Oregon state militia rifle match held at Camp Sherman rifle field, Clackamas. The team scored 1982 out of a possible 1200 and for final honors defeated the third infantry team with a score of 1942.

### Alien Sheep Decision Rendered.

Salem.—The attorney general has rendered an opinion to Thomas S. Farrell, deputy district attorney at Lakeview, that the county cannot collect license fees chargeable against foreign sheep brought into the county for feeding if the sheep are removed without the owner ever applying for a license.

### RAILROAD TO PRINEVILLE

Electric Road From Metolius to Be Built by Tacoma Man

Prineville.—After negotiations covering practically a year, a final contract was closed by the citizens' committee, representing the business interest of Prineville and vicinity, and H. P. Shell, of Tacoma, Wash., for the construction of a railroad from Metolius to Prineville. Mr. Shell has large business interest at Tenino, Wash., and is well known in construction circles.

The proposed road will run from Metolius to Prineville, a distance of about 40 miles, through one of the richest farming districts in the state. Immediately adjacent to the route are vast areas of undeveloped agricultural and timber land awaiting farmers and mills.

The pine forests covering thousands of square miles, with fine timber, extend down to within a few miles of Prineville, and are easily accessible by well-built wagon roads, and can be reached by tram roads with an easy grade.

### Girl to Bulldog a Steer

Pendleton.—Tillie Baldwin, bronco buster and trick rider, who rode at the stadium at Tacoma this year, has a new and thrilling stunt which she is going to put on for the Roundup at Pendleton September 11, 12 and 13. Tillie says she is a cow girl and to prove it she is going to bulldog a steer. She is now practicing up on a tame half-breed Jersey on the Sherry ranch north of town, but when it comes to the Roundup she says she is going to let them shoot the steer out of the bunch of Texas longhorns and she will do the rest. If she succeeds she will be the first woman in the world to bulldog a steer in open competition with cowboys.

### Parcels May Be Refused

Marshfield.—Contractor Bernard, who handles the mail service between Coos and Curry county points and Roseburg, has notified the government that he will not be able to handle the parcel post business during the winter months even at extra pay. In the winter months it is often necessary to transport the mail on packhorses instead of by stage, the roads being too muddy for the latter.

### Girl Dies of Ptomatine Poisoning

Marshfield.—Miss Viola Lattin, a 16 year old South Inlet girl, died suddenly at the home of her parents, Mr. and Mrs. Milton Lattin, of ptomatine poisoning. She was taken ill after eating some green peaches. Other members of the family were also affected, but recovered.

## NEWS FROM OUR NATIONAL CAPITAL

Resignation of Ambassador to Mexico is Accepted by President Wilson.

Washington.—President Wilson took the first step in the policy through which he proposes to deal with the Mexican situation when he formally accepted the resignation of Ambassador Henry Lane Wilson, to take effect October 14, and sent to Mexico as his personal representative—but not accredited to the Huerta government—Governor John Lind, of Minnesota, a life-long friend of Secretary Bryan. The understanding is that when a stable government is established in Mexico Mr. Lind will be named as ambassador.

It is said the president is observing with keen interest the efforts of leading Mexicans to bring about peace and will offer no suggestions until these apparently prove futile. That Mr. Lind will be empowered to explain to all inquirers the unalterable opposition of the American government to the recognition of the Huerta administration is said to be a factor which may assist the situation.

### Protectorate for Nicaragua Dropped

Secretary Bryan's plan for an American protectorate over Nicaragua, providing for American supervision of Nicaragua's finances, independent and foreign relations, have been shelved for the time being.

Apparently with the knowledge of the administration, the senate foreign relations committee passed a resolution asking the secretary of state to submit a new Nicaraguan treaty, omitting the protectorate policy. The compact at the request of the senate committee is to be limited strictly to the original negotiations with Nicaragua by which the United States was to pay \$3,000,000 for an exclusive canal right across the country, a naval base site on the Bay of Amoyaca, and a lease to the Corn Islands in the Caribbean Sea.

Opponents of the proposed protectorate had made it clear that it would be impossible to secure ratification of the Nicaraguan treaty in the present congress if the so-called protectorate amendment were included in it. This sentiment is understood to have induced Secretary Bryan to consent to its withdrawal.

### Federal Cash to Help Move Crops

Twenty-five to fifty million dollars of government funds will be deposited in the national banks of the south and west at once by Secretary McAdoo to facilitate the movement of crops. Federal, state and municipal bonds and prime commercial paper will be accepted as security for the money, on which the banks will pay 2 per cent interest.

The motive of Secretary McAdoo in announcing this policy is to anticipate the money stringency in the late summer and fall, which invariably accompanies the marketing and movement of crops, especially when they are unusually large, as the harvest now beginning forecasts.

Representative bankers of 59 large cities in the agricultural regions of the south, middle west and Pacific coast were invited by Secretary McAdoo to come to Washington to confer with the treasury department regarding the distribution of government funds to be deposited in the national banks to facilitate the marketing and movement of the crops.

Among the 59 cities invited to be represented are Los Angeles, San Francisco, Portland, Or., Seattle, and Spokane, Wash.

Senator La Follette has informed the senate that only 66 replies have been received to the 2500 sets of questions mailed to manufacturers throughout the country, in which they were asked to furnish information as to the probable effect upon their industries of democratic tariff revision.

The lobby committee completed the examination of Martin M. Mulhall, lobbyist for the National Association of Manufacturers, and the grilling of that individual will be transferred early to the house.

Reductions in express rates which will cost the companies fully \$26,000,000 a year, approximately 16 per cent of their gross revenue, were ordered by the interstate commerce commission to become effective on October 15, 1913. Notable reforms in practices also were ordered.
