President Outlines Mexican Policy to House and Senate Committees.

Washington.—The policy of the United States was outlined to the members of two congressional committees of foreign relations at a conference at the white house by President Wilson and Secretary Bryan.

The message prepared by the president on the Mexican situation received practically universal support. The course of this government will be one of non-interference, in the hope that the effect of its present efforts and the pressure of foreign governments will constitute a moral sanction that ultimately will bring about peace in Mexico.

The message makes it plain that there will be no lifting of the embargo on arms; that no faction or government in Mexico will be allowed to receive munitions of war from the United States. If necessary the president proposes to increase the American border patrol to enforce this policy.

It is a message of friendship, not hostility, and precedes a policy of absolute non-interference. It proclaims to the world the sympathetic feeling that the United States government and the American people have for their neighbors in the rebellious republic south of the Rio Grande. It records the views of the United States on constitutional government, its unalterable opposition to government set up by the irregular and arbitrary acts of ambitious individuals and formally announces that the government of Victoriano Huerta shall not be recognized.

The United States had proposed that a constitutional election be held and that Huerta should not be a candidate. To these suggestions, through which the United States believes peace could be restored, Huerta replied in the negative. Foreign governments generally since that rejection have been active in support of the American policy to persuade Huerta to yield.

Work on Tariff Bill Progressing

Republican senators are giving evidence of tiring over continued fruitless opposition to the tariff schedule and rapid progress is being made in consideration of the bill.

The wool schedule has been disposed of so far as it will be considered by the senate in committee of the whole.

Though no vote was taken on free raw wool, the decisive showing on that having been deferred until the bill comes from the committee of the whole, the finance committee rates on wool manufactures were agreed to without amendment and there was every indication that raw wool would remain free.

With only a part of the free list, a portion of the paper schedule and the sundries schedule remaining to be considered in committee, democratic leaders expressed confidence that the income tax would be disposed of before the end of the coming week.

Among the articles on the free list ratified were agricultural implements, beet and sugar cane, machinery, alcohol, horses and mules and animals for breeding, bibles, breads, biscuits and many others.

Amendment Made to Currency Bill.

The agricultural currency amendment to the administration currency bill was adopted by the house Democratic caucus. After several preliminary skirmishes, in which other amendments were beaten, the caucus, without a dissenting vote, adopted an amendment agreed to both by the "insurgent" contingent and the banking and currency committee, to put paper based on agricultural products on the same basis as commercial paper for banking purposes. It also would extend the maturity of notes and bills admitted to discount, under the amendment, to 90 days, instead of the originally proposed 60 days. This action disposed of the last of the big controversial issues in the administration currency bill.

National Capital Brevities

Figures gathered by the federal quarantine board of the department of agriculture show that during the past fiscal years 3,779,041 growing trees and 15,040 pounds of tree seeds were imported into the United States. That the work of installing democrats in federal offices in place of republicans is proceeding at a rapid rate is shown by the nominations which have been sent to the senate since President Wilson took office. These nominations number approximately 3000 and of these about 2000

Not one solitary amendment to the currency bill proposed at the Chicago bankers' conference will be accepted by the administration. This was most emphatically declared by Chairman Glass, of the house banking committee, coauthor of the "administration" measure.

The opening date of the Los Angeles schools has been postponed from September 8 to September 15, in order to allow the pupils an opportunity to attend a circus billed for three days in that city.

The board of trustees of public buildings at Albany officially recognized Martin H. Glynn as acting governor of New York, by designating certain new rooms in the capitol as the "executive chamber" for his use.

Believing that the 40 lives lost in the wreck of the steamer State of California would not have been sacrificed if the ship had been a modern craft with a double bottom, the relatives and friends of the victims are petitioning their respective representatives in congress to pass laws which will make it less possible for disasters of this kind to occur again.

BANKERS SUGGEST CURRENCY CHANGES

Would Limit Presidential Appointive Power of Reserve Board.

Chicago.—Bankers from all parts of the country at the end of a two days' conference here agreed on a number of important amendments to the Owen Glass currency bill now pending in congress and appointed a committee of seven to go to Washington and endeavor to have the changes incorporated in the measure.

The committee, named by A. Barton Hepburn of New York, chairman of the currency committee of the American Bankers' association and chairman of the conference, will journey to Washington to ask amendments to the present bill, the most important of which are these:

Taking from the president the power of appointing all seven of the members of the federal reserve board, which will dominate the currency situation and substituting a provision that three of the seven members shall be appointed by the president; three be named by the directors of the proposed federal reserve banks and that the seventh shall be the secretary of the treasury, who shall be a member ex-officio.

Creating one great central bank, instead of the 12 regional reserve banks provided for in the Owen-Glass bill; or if this be not obtainable, creating as few as possible and not more than five.

CHRISTIANS IN SYNAGOGUE

Jews Lend Worshipping Place to Protestant Congregation.

San Francisco.—A condition said to be unique in ecclesiastical annals of California has grown out of the hospitality of Rabbi Martin A. Meyer and his congregation, who have thrown open their place of worship, the Temple Emanu-El, to the congregation of the First Congregational church, of which Rev. Charles F. Aked is pastor, and for the next 12 months Hebrew and Christians will worship, according to their separate creeds, in the same edifice.

In welcoming the congregation to the Jewish temple, Rabbi Meyer said: "This building, consecrated to the worship of the Jews, will be doubly consecrated to us now from the knowledge that where we sat and worshipped on Saturday there also you sat and worshipped the same God on the Sabbath."

DEMOCRATS NAME M'CALL FOR MAYOR

New York.—Edward E. McCall, chairman of the public service commission, was designated as mayoralty candidate by the Democratic city committee.

Mr. McCall's selection by the 630 delegates as leader of the Tammany forces was unanimous, as has been forecast since it appeared from announcements that the Tammany leaders had decided not to renominate Mayor Gaynor and that he would be nominated by the "Gaynor league" with a complete independent city ticket of its own.

Mayor Gaynor's determination to run for re-election as an independent guarantees one of the liveliest municipal campaigns New York has seen in several years. There will be three tickets in the field—Democratic, Fusion and Independent.

The Fusionists, who include Republicans, Progressives, Independence league and some Independent Democrats, have selected John Purroy Mitchell.
