Sera's Completes First Reading of Tariff Bill and It May Pass Within Week.

Washington.—The senate has completed the first reading of the new tariff bill, although many of the most important new features of the measure remain to be settled. Senate leaders agreed that the disposal of the first reading of the bill had brought the passage of the measure within view, and that another week may witness its completion and passage.

The rates of the new income tax, the proposed tax on cotton futures, many provisions of the administrative features of the law, the suggested tax rebate of 5 per cent for imports brought in American ships, and many other sections of the measure that will occasion debate were put over without action, and will be taken up again this week. Senator Norris announced that before the bill was completed he would propose an amendment directed at the Brazilian coffee monopoly, giving the president authority to levy a 25 per cent duty on products controlled through monopoly or conspiracy in another country.

Several Important Changes Made

The senate made several important changes in the bill. The proposal of the democrats to give circuit courts of appeals equal jurisdiction with the United States supreme court was withdrawn by Senator Williams in behalf of the democratic committee members. He said the committee had decided it would be better to leave the final judgment in custom cases entirely to the customs court.

A provision prohibiting the importation of goods made by convict labor, or "principally by children under 14 years of age" was adopted.

The provisions giving the President power to establish retaliatory duties much higher than the usual tariff rates against certain imports from countries that might discriminate against the United States were adopted after several fruitless attempts by the republicans to amend them by increasing the list of articles on which the extra duties could be levied.

President Hopeful of Peace in Mexico

President Wilson is still hopeful of favorable culmination of the negotiations undertaken by this country to bring about peace in Mexico.

His urgent appeal to Americans in Mexico to leave the country was declared to have been determined on after wise counsel, not alone because of the present situation in Mexico, but because of conditions which might develop in spite of the efforts of the provisional government to prevent any harm coming to foreigners.

That the administration is content to give the situation plenty of time to work itself out is demonstrated by the present attitude of the president and his advisers, and is regarded as one of the explanations for Special Envoy Lind's remaining in Vera Cruz.

Huerta Short of Funds.

The provisional Mexican government, it has been pointed out, is encountering financial difficulties, and there have been intimations that there might be a change in the government personnel which would open the way to negotiations on a definite basis that would lead to an election for the Mexican presidency under constitutional regulation. Until some such development, the administration has ground for the belief that there is danger to Americans remaining in Mexico because of the straits in which the provisional government finds itself.

A disaffected army, it has been suggested, might become uncontrollable.

Fire which swept the steamship Imperator, the largest vessel afloat, as she lay docked in Hoboken, caused the death of Second Officer Herman Gobrecht, the serious injury of Seaman Stumpf, and created a panic among the 1131 steerage passengers who were aboard. Officials of the line estimated that the damage to the vessel itself would not be great.

OUR AUTO RAGERS SPEED TO DEATH

Before Audience of 5000, Machines Pile Up Going 60 Miles an Hour.

Nashville, Tenn.—Death claimed a heavy toll in the Labor day automobile speed races at the state fair grounds here, when four of the high-powered cars entered in the 25-mile free-for-all race were wrecked on the far side of the mile track in view of 5000 people.

Four of the racing men were killed and three received minor injuries. Two of the cars with their drivers and mechanics flashed through the tangled wreckage of broken cars and mangled bodies at a speed of 60 miles an hour, escaping injury.

The tragedy came without warning to the spectators.

The six cars were speeding around the circular track at a terrific rate on the fifth lap with the Studebaker "Whiskbroom" carrying the ill-fated number 13, about 20 yards in the lead of Mercer No. 2. Clyde Donovan, driving "The Whiskbroom," feeling his right front wheel give way, after swerving to avoid striking a negro boy, turned into the outside fence to avoid blocking the track in the path of the following cars. Mercer No. 2 flashed by in an instant. The Stutz, running third, drove into the wreckage and turned a somersault, killing its crew. The Buick followed and struck, with a terrible crash, turning over several times. The two occupants were dead when picked up.

PACIFIC LET IN CANAL

Waters Pour in and for First Time Lap Masonry of Miraflores Locks Panama.—The last remaining barrier at the Pacific end of the Panama canal was blown up by dynamite Sunday morning.

A workman seized a shovel and made a small trench through which a rill of water trickled. Gradually it widened until an hour later a raging torrent, with a 35-foot fall, poured through an opening 400 feet wide into that part of the canal between Gamboa dike and the Miraflores locks.

Governor West, in answer to the statement defending The Deschutes Land Company, calls J. E. Morsen, president of the company, a "shoe-string promoter."

NEW YORK GIANTS AND UMPIRE MOBBED

Philadelphia.—Manager McGraw of the New York Giants and Umpire Brennan narrowly escaped a mob here and hours after their train pulled out, baseball fans of the city were still voicing their anger at the action of Brennan in forfeiting a game to the Giants after the Phillies had reached the ninth inning with a score of 8 to 6 against the New York team.

The New York and Philadelphia factions have different stories to tell of the cause of the trouble, but the situation developed was a serious one for a time. Toward the close of the game several hundred fans moved into the center field bleachers, directly in line with the batter and pitcher.

When the Giants came to bat, McGraw protested to Brennan, asserting that the white background created by the fans with their coats off interfered with the batting eyes of his men. The fans refused to comply with the order of Brennan to put on their coats and Manager Doolin refused to order the police to clear the bleachers. Brennan then ordered the bleachers cleared and when the police refused to act, he declared the game forfeited.
