J. E. STEWART & COMPANY

Powell Butte

Geo. McPharland made a trip to Sisters last week for lumber.

The Arnolds of Bend were through our section last Tuesday on their way to the county seat.

N. B. Golden, W. F. Smith, Geo. Kessler, Chas. Charlton, Geo. Braze and Joe Elliott were among the attendance at the county court the fore part of the week.

John Tuck of Salem, who has been making a visit to his son recently, is on a deal to buy eighty acres of land from John Rohde. Mr. Tuck is one of Redmond's pioneers, having just sold his farm near there last year. He, however, finds that he still has a longing for Central Oregon and will probably live among us again.

The Powell Butte Sorosis met last Wednesday with Mrs. J. F. Rice. A goodly number was in attendance and an enjoyable time had by all. At the conclusion of the afternoon Mrs. Rice served a most appetizing luncheon. She was assisted in serving by Mrs. S. D. Mustard and Miss Allen. The next meeting of the club will be with Mrs. G. C. Truesdale when a musical program will be carried out.

Mr. and Mrs. A. W. Bayn returned Monday from a two-days' visit at Bend.

Mr. and Mrs. Hans Jacobson of Roberts visited last week with Mrs. A. Miller and family. The ladies are sisters.

Mr. and Mrs. Frank Kessler, Mrs. John Kessler and Anna Bostger of Redmond were Sunday guests at the Geo. Kessler home.

J. Andrew Miller, who has been making a visit to relatives in Denmark, writes his family that he is returning and will stop over with friends in Iowa where he may decide to locate.

Mr. and Mrs. E. N. Hall and their guests, Mr. and Mrs. Melvin Shurtum of Pendleton, left Sunday overland in the latter's auto to take in the big Round-Up. The Halls will be gone a couple of weeks.

Fred McCaffery of Redmond visited in this section Friday and Saturday. The guest of the Iversons and Montgomerys.

School was opened Monday at Shepherd schoolhouse with Mrs. Elizabeth Forrest in charge as teacher.

Last week's Journal printed an amusing statement contained in the offering of X. Y. Z. wherein a dry farmer of this district is quoted as saying he thought his dry land superior to any under irrigation, he had ever seen for grain raising. If one only wishes to raise a crop when the moisture is provided free gratis for the growing of that crop then by all means choose the dry farm. But for diversified grain raising a sure crop rain or no rain, and a yield second to none (dry land included) take the irrigated article, friend, and you make no mistake.

Reward

Gray mare, 850 pounds, bell on, should have coil; M-bar left stifle. Bay mare, 900 pounds, harness marked, M left stifle, triangle on jaw. Bay mare, 900 pounds P on shoulder, P on jaw; should have coil. Bay two-year-old mare, ON on left shoulder. Bay two-year-old stand, when strayed NO on left shoulder. Sorrel mare, two years old, ON on left shoulder. Frank W. Pennington, Connelly, Ore. 9-11

Lamonta Items.

Mrs. Nora Helms and two children arrived Friday for a visit with relatives.

Ira Black and family spent Sunday at Mr. Johnston's near Metolius.

Tom Leach and family will leave this week for their home in Yamhill county.

Carl Windom and wife and Harry Windom and wife were Prineville visitors last Saturday and Sunday.

Henry Windom is reported quite ill.

Born—September 7, to the wife of John Jenkins, a son.

Elmer and Lewis Mitchell were home on a visit last week.

Mrs. Omar Cyrus was visiting at Mont Horney's last Sunday.

Marie Braden spent a pleasant day with Myrtle Cowan Sunday.

Mr. and Mrs. Carl McEhee were visiting at Mr. Cowan's a few days ago.

Mrs. Mattie Sanns left for her home in the Willamette valley after a pleasant visit with relatives here.

A big Harvest dance will be given next Friday night, September 19, at the Lamonta Hall. Everybody welcome.

An ice cream social will be given at the schoolhouse September 20 for the benefit of the Sunday school. Everyone come.

Beniah Barker, Emma McMeen, Dr. Walter Hurst and a guide went on a trip to the mountains. They will bring back all the huckleberries and fish they can get.

H. F. Mitchell and wife and Mrs. Nora Helms and two children were Prineville visitors last week.

Alice Grant is staying with Mrs. Ragner.

THE FILIPINOS.

Some of our friends who are zealously advocating independence for the Philippines are not in possession of the facts. The great mass of the Filipino people not only have no desire for independence; they don't even know what independence means. The Filipino's idea of independence is that he ought to be turned loose to do as he pleases, with an American fleet lying outside of Manila bay to prevent anybody from interfering with him. In other words, we should be responsible for his acts and protect him from their consequences. Having raised up a badly behaved boy and turned him loose, we should keep anybody from spanking him.—Dean C. Worcester, Secretary of Interior and Member of Philippine Commission.

The Usual Way.

Dorens—Won't your meeting be very late if all the members are going to take part in the debate? Mrs. Dorens—Why, no, dear! We'll all speak at once.—Judge.

Laundry

Leave Your Laundry at Dick Darling's barber shop. Sent to Bend every Monday. Lucky Bonny, local agent. Notify him and he will call for it. 7-3 J. EDWARD LARSON.

For Trade.

HEALTH HINT FOR TODAY.

Deep Breathing.

In taking deep breathing exercises diaphragmatic action should be obtained. Place the fingers on both sides, just over the lower ribs, and swell out the chest at this point, when the lower lobes will be filled.

When once the pernicious habit of poor, shallow breathing has been broken up the health undergoes such marked improvement, there is such brightening of the spirits and improvement of the looks, that the luxury of deep breathing is not likely to be foregone.

HEALTH HINT FOR TODAY.

Curing a Cold.

The cure of a cold can be summed up in the one word eliminate. Eliminate by the skin, by the lungs, by the kidneys and by the intestines.

To produce elimination by the intestines it usually is necessary to take a laxative, for one is liable to be constipated when taking cold. At this time all the secretions of the body are more or less locked up and unable to do their work, so it frequently is necessary to aid them. It matters little what form of laxative is taken so that the bowels are cleaned out well.

Elimination by the kidneys is produced by drinking plenty of water. The hot lemonade also has some effect here, so is doubly valuable.

Elimination by the lungs is vastly important. In the early stages many a cold may be cut short by taking long drafts of pure air. Breathe deeply and hold the breath for a few seconds. At night when taking the sweat be sure there is plenty of fresh air in the room. Do not breathe through the mouth unless it is unavoidable. Force the air to come through the nose.

Keep the nasal passages clear by spraying the nose with some mild antiseptic solution. The same effect was derived from the older method of "snuffing" salty water up the nose. The virtue of nearly all the inhalations is that they keep the air passages free so that fresh air can enter the lungs.

Above all, in the treatment of colds do not "dope up" with all varieties of medicine. The majority of the patent "cold cures" are composed of a laxative and something to produce perspiration. Unfortunately the majority also contain some harmful drug, as phenacetin or acetanilide. Watch out for these drugs on the label, for they are depressing to the heart and may cause considerable damage if used freely. The more simple the remedy the better, for the after effects of many drugs are more harmful than the condition they cure.

Watch Lost.

Lady's hunting case gold watch, between homestead on east side of Powell Butte, of Margaret L. Kimmell and W. R. Smith. Lost Sunday, August 31. Finder please return to Margaret L. Kimmell and receive reward. 9-4 2p

Some Show

Salem, Or.—Repudiating a petition prepared by State Treasurer Kay and State Engineer Lewis, the state desert land board today forwarded a new petition, clean from all personal matter, to the secretary of the interior asking for an extension of time on the contract between the government and the state, with relation to the irrigation project of the Deschutes Land company of La Pine. The petition forwarded today asks for an extension of two years, and contains but brief recital of the grounds upon which the extension is asked.

The original petition, the one signed by Kay and Lewes, among other things alleged that the governor was responsible for the delay in the prosecution of work on the project, and alleged that every statement contained in a letter sent to the secretary of the interior in his fight on the project was false. The governor unearthed this petition and has forwarded it to the interior department, and it will now be up to the other members of the board to explain, especially in view of the fact that today they repudiated it, and forwarded a new petition which is void of all the matter to which the governor objected.

The governor contended that the original petition was false and libelous, and established a record to this effect at a meeting of the board, Lewis admitting that the statements contained in the petition were false.

Those signing the petition forwarded today were: Secretary of State Olcott, State Treasurer Kay, Attorney General Crawford and State Engineer Lewis. According to declarations made by members of the board recently, it was necessary to repudiate the old petition in order to obtain the signature of Olcott to the petition forwarded today, he refusing to sign any petition which branded as false all statements made by the governor in his stand for a contract which would operate for the benefit of the state and settlers.

Call for Warrants

Notice is hereby given that all General Fund County Warrants up to and including registered No. 1319, will be paid on presentation to the county treasurer. No interest paid after this date.

September 11, 1913.

R. L. JORDAN,
County Treasurer of Crook County.

Order books are now open for Ford automobiles. F. M. Hathaway, Crook County agent, Prineville, Ore. 8-7

Listen!
A good front
is a good backing.

We are fond of our lamb. He is our trade mark. We sell ALL-WOOL clothes. Remember this each time you see our lamb.

Our clothing is modeled by artists—not by imitators; it is made by tailors—not by unskilled labor. Fine, all-wool materials are used in making our suits and overcoats, and they are not spoiled by the careless "sweatshop" labor.

We charge \$20 for a twenty dollar suit and give you only one hundred cents for your dollar. What's the use of lying about it?

Ralph L. Jordan
