Conferees Adjust All Differences Except Cotton Future Tax.

Washington.—After more than two weeks of constant work behind closed doors, the eight democrats representing senate and house as members of the conference committee settled the last of their other differences and reached the final decision that they could not agree on the cotton futures tax.

The six republican members of the conference committee were summoned to meet at a full committee meeting at 10 o'clock Monday.

The final differences in the bill were adjusted as follows:

The house receded from its rate of half a cent a pound on lead ore and accepted the senate rate of three-fourths of a cent a pound.

The senate receded from its rate of 12 1/2 per cent ad valorem on the zinc ore and accepted the house rate of 10 per cent.

The house gave up its demand that the woolen tariff rates go into effect at once agreed to the dates fixed by the senate, namely, woolen goods January 1, 1914; raw wool, tops and waste December 1, 1913.

The house receded from its provisions as to cotton threads, yarns and cloths, accepting the senate amendments, which revised the schedules on a new basis of thread count.

Income Tax Will Raise \$82,298,000.

According to estimates by treasury experts, 425,000 American residents must report to the income tax collector next spring exactly how much they owe the government under the new income tax law, which is embodied in the tariff bill.

The first returns do not have to be made to the internal revenue collectors before March 1, 1914. When the returns are made they will cover the incomes of citizens from March 1, 1913, to December 31, and the first payment of tax will be for money received during this period.

Every single person (citizen or foreigner) whose annual income exceeds \$3000 and every married person with an income above \$4000 is expected to report his or her receipts in detail to the government agents March 1 of each year. The estimate completed indicates that the income tax will produce \$82,298,000. To this will be added the \$35,000,000 or more produced by the present corporation tax, which is continued as part of the law.

Literacy Test Up Again.

An attempt will be made before the adjournment of the special session of congress to pass an immigration bill with a literacy test as its leading feature, such as was vetoed by President Taft.

At a meeting of the house committee on immigration the old Burnett-Dillingham bill, which met Mr. Taft's disapproval, was ordered reported to the house. Democrats back of the measure will get to work immediately to have this legislation indorsed by the caucuses, an action which is necessary to insure its consideration at the present session.

The bill came within seven votes of passage over Mr. Taft's veto and the complexion of the house has changed materially since then.

National Capital Brevities.

President Wilson would be authorized to direct the construction of the government railroad in Alaska by a bill reported by the house judiciary committee.

A surplus of from \$10,000,000 to \$15,000,000 over current needs of the government will be provided by the new tariff law, in the opinion of Senator Simmons, chairman of the joint conference committee.

Customs officials estimated that \$150,000,000 worth of goods are in bonded warehouses at the country's ports of entry at present, waiting for the lower duties provided in the tariff bill.

Representative Clayton of Alabama will remain in the field as a candidate for the senate from that state, even if he has to contest against Oscar W. Underwood, the house leader, for the nomination.

Congress, at its December session, will likely take up the matter of safeguarding lives of passengers on railroad trains. The interstate commerce commission will be empowered to treat with such questions as steel cars and safety equipments.

The senate committee may not agree on the administration currency bill, so divergent are opinions of witnesses examined. New England bankers are protesting against the bill. The measure may be reported to the senate without recommendation.

News came to the state department that the Chilean congress had adjourned without passing a pending bill to increase the tariff on lumber. The proposed action would have affected seriously the lumber trade between Washington and Oregon and Chile.

Canal May Make Beef Cheaper.

Washington.—A message of hope for a reduction of the price of beef to less than one-half of what it is today has been brought to the American people by Augusto B. Leguia, former president of Peru, now in this city. He made the declaration that with the opening of the Panama canal and a reduction of 4000 miles in distance between the United States and Peru, beef could be delivered in New York for 10 cents a pound from his country.

TWO DRUG-CRAZED NEGROES KILL 8

Colored Brothers Lynched in Mississippi After Killing in Streets.

Harrison, Miss.—Two drug-crazed mulatto boys, brothers, began a reign of murder here early Sunday that ended only after three white men, four negro men and a negro woman had been killed, several persons wounded and the two boys lynched. A serious clash between the races was prevented by the arrival on a special train of a company of national guardsmen from Natchez.

The trouble started at about 2 o'clock in the morning, continued intermittently until 10 o'clock, when Walter Jones, the oldest of the two boys, who started the firing, was lynched just after the soldiers arrived. His brother, Will Jones, had been shot and lynched by citizens earlier in the day.

Twenty persons were injured, 16 of them negroes. None of the negroes was dangerously hurt.

The shooting was started by Walter Jones, aged 20, in the negro quarters, where Johanna Aiken, a negress, and Theod Grayson, colored, were shot and killed. Walter then went home, aroused his 18-year-old brother and together they proceeded through the main street of the little town firing at everyone in sight.

CHINA SENDS APOLOGY

Insult to Flag and Murder at Nanking Condemned.

Pekin.—The apology of General Chang Hsun to the Japanese consulate at Nanking has cleared the air, according to the Japanese officials here, and removes the danger of complications for the present.

The Japanese legation emphatically denied that an ultimatum had been sent by the Japanese government to China. The legation stated that the Chinese authorities at Hankow and Shantung had complied fully with the Japanese demands.

On September 27 the Japanese minister presented China with an ultimatum, allowing China three days to comply with Japan's demands in connection with the recent attacks on Japanese at Nanking.

State to Trade Books.

Salem, Or.—The state printing board has entered into a contract with the Bancroft-Whitney company, of San Francisco, to publish the supreme court reports for five years, it being the belief of the board that at least \$25,000 will be saved annually. J. C. Moreland, clerk of the supreme court, says there is about \$40,000 of "dead stock," consisting of old reports, in possession of the state which it cannot dispose of. These will be traded to the company for new books.

SULZER MAY TESTIFY IN HIS OWN BEHALF

Albany, N. Y.—The trial of Mr. Sulzer before the high court of impeachment was resumed at 2 o'clock Monday afternoon, and it is generally believed that this week's sessions may suffice for the presentation of all the prosecution's direct evidence.

Should Mr. Sulzer persist in his purpose to take the stand in his own behalf, however, the issue is not unlikely to be protracted. That he will do so is now generally conceded.

The impeaching managers have succeeded in placing in evidence contributions aggregating not only the \$5460 acknowledged in Mr. Sulzer's sworn report to the secretary of state, not only the additional items aggregating \$8500 which were suppressed by Mr. Sulzer as alleged in the formal articles of impeachment, but, under the court's ruling permitting the widest latitude, they have already increased the latter figure to \$18,200 in checks alone.
