Council Meeting Tuesday Evening

The city council met Tuesday evening in regular session. Present, Mayor Clifton, Councilmen Ward, Shipp, Cooper, Lafollette, Gray, Zeveley, Marshal Coon and Recorder Bowman.

Minutes of previous meeting read and approved.

C. W. Elkins and J. N. Williamson addressed the council on behalf of the Crook County Fair. While the fair association had paid all outstanding claims and had a little money in the treasury, yet more money was needed to put it on a good financial basis. Six hundred dollars was asked of the city. One-half to be furnished by the council and one-half by the business men. The councilmen seemed favorable to the proposition. A good county fair was the best index to the country's resources that could be obtained. With the evidence right before them the people could no longer question claims that seemed gross exaggeration.

The recorder was instructed to notify the owners of the White property on the south side of Seventh and D to lay sidewalk within ten days or the city would take the job off their hands and charge the same against the property.

Recorder Bowman was instructed to collect the "A" street improvement assessment.

The reports of the marshal, night watch and recorder were read and placed on file.

The city treasurer's report was read and on motion was referred to the finance committee. There is \$4,755.92 in the different funds. The following bills were ordered paid:

H. A. Kelley, services	\$13.30
Wild Barnes, painting	1.50
T. L. Coon, killing dogs	2.00

R. S. Price, hauling	10.25

An ordinance was read and approved by the council submitting an amendment to the city charter whereby the power of the city to issue bonds for the purpose of supplying water, light and a sewer system, may be raised from 6 to 10 per cent of the city's assessed valuation. The proposition will be voted on at the regular city election to be held December 15. The 6 per cent limitation does not provide enough funds in case the city should decide at some future date to put in a system.

The city recorder was instructed to prepare and have a notice published for the extension of West Third street connecting Monroe Hodge's plat with Noble's addition.

Deschutes Wants to be on Good Roads Map

There is blood on the moon between the Good Roads Association and Judge Springer in regard to putting Deschutes on the good roads map.

Bend and Redmond are opposed to it but that makes no difference to the judge. He believes Deschutes is entitled to the benefit and as long as it does not invalidate the measure will have his way about it.

The point is raised that the name of the irrigation town was not on the petition praying for the good roads and that the judge has no right to place it there by court order. The matter has been passed up to the attorney general for settlement.
