

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Thirty Days Longer For Hunters.
Coquille—Sportsmen of the Coquille valley are happy because the open season for ducks and such game has been extended one month, or until January 15. Because the game birds do not get into the valley until the latter part of the year local hunters had very little shooting when the season closed in December.

Boy Will Exhibit Stock.
Monmouth—Johnny R. Stump, Jr., a boy of this city, who won the Shetland pony at the state fair for the best exhibit of livestock presented by a child, has received word that he will have a chance to show his animals at the national livestock show in Chicago, and at the international show at Waterloo, Iowa, this fall.

SNOWFALL STOP TRAFFIC
Telephone and Telegraph Lines Badly Damaged by Early Season Storms.

Baker—Early snowfall in eastern Oregon is the order this year. For the past few days the fall has been steady and very heavy in some localities, the heaviest being in Bourne, in the Sumpter district, where several feet covers the ground. There has been good sleighing in the Cable Cove section for about a week, and all the higher altitudes of the country report a fall varying in depth from a few inches to a foot or more. The foothills adjacent to the city are white.

The snow caused much trouble to the Sumpter Valley railroad, which runs through a mountainous section between Baker and the John Day valley. It caused great damage also to telephone and telegraph lines, and the Sumpter Valley railroad had an unusual accident. A wire falling across the track tore the whistle from the engine, causing all the steam to escape and "killing" the locomotive, so that the passenger train was held up for several hours.

Agricultural Report In.
Salem—Cheaper credit, state guarantee of land titles, co-operative laws, the federation of farmers' organizations and better roads were recommendations of a committee appointed by Governor West at the suggestion of Dr. C. J. Owens, director of the American commission, to report on the agricultural needs of Oregon.

MAY CALL SPECIAL SESSION
Money Needed if Eight Hour Law Applies to State Employees.

Salem—If it should be held that the eight-hour labor law applies to the employees at the state institutions, it is possible that a special session of the legislature will be called to make additional maintenance appropriations to meet the emergency.

State Labor Commissioner Hoff has notified the state board that the law is being violated at the institutions and says he will bring suits, if necessary, to enforce a compliance with the law.

Governor West will ask the attorney general for an opinion as to whether the law applies to the state institutions and if he holds with the labor commissioner, the matter will be taken up with the heads of the various institutions to ascertain the additional cost of maintenance, as the existing appropriations were based on the present hours of labor. If the threatened emergency would be of sufficient consequence to justify it the governor will consider calling a special session of the legislature.

Lebanon Safe is Cracked.
Lebanon—The department store of the Reeves-Clark company was burglarized, the safe being blown open and about \$800 in money and checks taken, besides one or two suits of clothes, an overcoat and some other clothing.

More Water is Wanted.
Ashland—This city is considering tentative plans for the extension of its water system and supply. Now that the municipal light plant is on a firm footing, prompt attention will be given to the water department.

Bandon to Vote on Drink.
Coquille—An election to decide whether intoxicating liquors shall be sold within the corporation limit of Bandon was ordered by the Coos county court to be held Tuesday, November 4.

Wife Traps Erring Spouse.
Roseburg—Truited by his wife and a detective, Robert Coates, reputed to be a wealthy lumberman of Aberdeen, Wash., and Miss Lillian B. Carter, of Portland, were arrested here by Sheriff Quine.

OSCAR W. UNDERWOOD

Oscar W. Underwood, Democratic house leader, who has announced his candidacy for United States senator from Alabama.

NEW LAND IN FAR NORTH

Belief That Extensive Territory Lies North of Siberia is Confirmed.
St. Michael, Alaska—The Russian government steamers Talmir and Waygatch, under Commander Wilitsky, which have been engaged in Arctic exploration north of Siberia for three years, arrived here for coal.

Captain Wilitsky reports the discovery of a body of land as large as Greenland extending beyond latitude 81 north and longitude 102 east. Commander Wilitsky says that the shore of the new country where the expedition landed and along which the vessels traveled is rocky, with high, abrupt cliffs, formed evidently from volcanic activity.

In July and August the expedition saw much evidence of the presence on the land of reindeer. Many walrus were seen and bird life was plentiful.

Timothy Woodruff Dies of Apoplexy.
New York—Timothy L. Woodruff, former lieutenant-governor of New York state, is dead. He had lain in a critical condition for nearly two weeks after having been stricken with paralysis while addressing a fusion party rally in this city. He was 55 years old.

HUERTA PUTS 110 DEPUTIES IN PRISON

Mexico City.—Declaring both branches of congress suspended, Provisional President Huerta practically assumed a dictatorship here. His formal proclamation dissolving the national legislature announced that new senators and deputies would be chosen at the election October 26.

The Mexican capital was terrorized by the boldness of Provisional President Huerta's coup when he had 116 members of the chamber of deputies locked up for failing to drop an investigation of the death of Senator Dominguez of Chihuahua, who was reported to have been killed after making a speech against Huerta.

The provisional president had asked, through Minister Aldape in an address before the chamber, the reconsideration of the vote to investigate, saying the deputies had not the power to investigate a matter upon which the justice department had already passed.

Mexican Refugees Returned.
Eagle Pass, Tex.—Holding that they were likely to become public charges and therefore undesirable, United States immigration officials forced 290 refugees who crossed to Eagle Pass when Mexican government troops occupied Piedras Negras last week to return to Mexico.

Apples Injured By Worms.
Walla Walla, Wash.—Worms have damaged the apple crop in this valley 20 per cent, according to Manager Barnes, of the local branch of the North Pacific Fruit Distributors. The central agency was figuring on 125 carloads from the Milton-Freewater district and now but 100 carloads are counted on.

BRIEF NEWS OF OREGON

Heavy snow fall in the Sumpter district has caused delays to railroad traffic and telegraph and telephone lines have been hampered.

Mrs. Sarah A. Evans was re-elected president of the State Federation of Women's Clubs at the convention at Hood River.

Since the establishment of the state automobile registration department in 1911, Multnomah county has paid in more than \$26,000 in fees.

Owing to effective forest patrol Linn county passed through the summer without a single destructive forest fire.

Three carloads of horses have been bought in upper Malheur section by the government for use in the war department.

Glendale and Sutherlin will not vote on local option issues November 4 because of technicalities in the petitions.

Governor West had no right to incur debt in carrying on vice crusade work, and the emergency board had no authority to declare legal such action, according to the attorney-general.

L. D. Westfall of Tualatin won the handsome loving cup offered by the Great Northern railroad for the best agricultural exhibit at the state fair at Salem.

More than 30,000 head of sheep will leave Bend for Chicago stock yards, this probably being the largest single shipment of mutton ever made from Oregon.

Eugene was chosen as the next place of meeting at the closing session of the annual convention of the State Federation of Women's Clubs at Hood River.

High school officials of Coquille have placed a ban on pupils' attending picture shows, parties, dances, etc., on any night in the week except on Friday and Saturday.

George Temple, aged 12, a Chemawa student, shot Watchman George Staniff. The latter hit the boy on the head with the former's weapon. Both may die.

The Noti tunnel on the Eugene-Coos Bay railroad is nearly ready for the rails. Trains may be run from Eugene to Mapleton within the next 80 days.

School fund loans in Oregon aggregating \$100,000 may be forfeited unless the notes are renewed or foreclosure suits are brought, says Governor West.

Representative Humphrey of Washington may visit some of the more important river and harbor projects Oregon if Representative Hawley finds he can't make the trip.

The C. A. Smith lumber company has been asked by Governor West of Oregon to defend its title to 10,000 acres of land which, it is intimated, has been obtained by use of dummy school land selections.

Guy M. Lindsay, former cashier of the Citizens National bank of Baker City, was freed of the charge of misappropriating funds, because of the government's failure to produce any damaging evidence against him.

George H. George, president of the Astoria National bank, vice president, secretary and treasurer of the Columbia River Packers' association and one of the foremost citizens of Oregon, died at his home in Astoria.

That the national forest, which recently was opened to homesteading of available agricultural lands, is on the brink of an era of development is the opinion of J. Roy Harvey, newly appointed supervisor.

Secretary of the Navy Daniels has informed Senator Chamberlain that insufficient room on the battleship Oregon will prevent Oregon guardsmen from accompanying the ship through the Panama canal, as an escort.

Suit has been filed by the attorney general of Oregon against the governor, secretary of state and treasurer, for recovery of \$14,950 said to have been unlawfully spent out of the penitentiary revolving fund.

Senator Chamberlain has been told by the state department that the proposed legislation by Chile has been changed to make the lumber duty 70 per cent ad valorem, an increase of 50 per cent, instead of 25 per cent as intended.

Governor West intends to put the payment of expense of grand jury investigation of I. W. W. deportation in Coos county up to A. H. Powers, of the Smith-Powers Logging company. Powers is blamed for instigating the deportation.

Very largely through the efforts of Representative Sinnott, the director of the geological survey has recommended to the secretary of the interior designation under the enlarged homestead act of sections 7, 8, 16, 23, to 26, township 25 south, range 16 east; sections 1, 2, 11 to 14, 23 to 26, 35, 36, township 27, range 16 east, Lake county, near Fort Rock.

Governor West has appointed a committee to devise a plan for an improved system of forest taxation. The governor also will urge the committee to formulate a plan to encourage reforestation and the settlement of logged-off lands and to make recommendations to the next legislature.

WITHOUT LINES IN THE LENS
It used to be true that bifocal glasses were troublesome, and "old" looking, and trying to the eyes. It is NOT true of KRYPTOKS—the new bifocals that look and wear like plain glasses, but give perfect near-and-far vision.

Parents Should Not Neglect Their Children's Eyes
For a pair of glasses worn for a few months will often enable a child's eyes to strengthen and fully develop, while neglect at this critical time will so injure the eyes as to make it necessary, sooner or later, for them to put on glasses and wear them continually.
