W. C. T. U. Entertains Prineville Teachers

Last Saturday afternoon the W. C. T. U. was "at home" to the Prineville teachers at the home of Mrs. J. B. Shipp. While cocoa and wafers were served in the dining room, the guests in the reception room enjoyed an informal program, consisting of music by Mrs. Charlton and Mrs. Hugh Lakin, readings by Mrs. Van M. Morse and a general discussion of the measures to be voted upon November 4. The teachers were assured that the W. C. T. U. had always stood in the front ranks for the best instruction of children and that they would uphold all efforts made by the schools to raise the standards of our future citizens.

Four Blocks of Cement Walk Finished

Two blocks of cement walk have been finished and are in use and two more blocks will be finished this evening. The contractors, Messrs Wheelright & Phipps, will build the new walk on Fourth street past the new postoffice site before completing their contract with the city. They have six blocks in all to build.

The walk on East Third street has been set back to conform to the street grade. This would be a good time for property owners to put down cement.

Gambling at Bend Must Stop

The county authorities are determined to stamp out gambling at Bend. Deputy Sheriff Winandy arrested two saloonkeepers last week on a gambling charge. They were bound over to the grand jury. The Bend city authorities will take no action tending to prevent the violation of the gambling law so the matter has devolved upon the sheriff. Deputy Winandy has orders to keep right on the job.

Powell Butte

Reeves Wilcoxon was a business visitor to Deschutes Tuesday.

The patrons of school district No. 99 held a special meeting Tuesday evening for the purpose of selecting a site for the school house. It was the unanimous choice of the meeting to accept the acre tract of land offered by Wm. Wilson, of Alaska. The land in question is a beautiful corner tract entirely free from rock or other objectionable features, is central of the district and on the main traveled road. Mr. Wilson making this offer further agrees to buy paint for the new structure. In appreciation of his generosity it was decided to call the school "The Wilson School," and it will be known by that name.

Road Supervisor Wilcoxon is busy with a crew of men and teams opening the road beyond the river bed above the station. A bridge was built there some time ago, but the road was never put into shape for travel. Considerable blasting is being done.

Word has been received by Mrs. Mary Brown that her son Fred is ill in a hospital at Portland. His many friends here hope for his speedy recovery.

George Myers, of Eastern Washington, who owns a fine farm in this section, arrived Wednesday to look after his interests. He was in daily attendance at the potato show at Redmond, and expressed himself as greatly surprised at the variety and quality of the exhibits. Mr. Myers said he had attended the Crook County Fair for several years and was disappointed at having arrived too late for that gathering this year.

George Hobbs has been busy harvesting his big potato crop the past week. Ten men are kept busy picking and sacking while three four-horse teams drawing trail wagons are making a trip a day to the Farmer's Warehouse in Redmond, where the tubers will be stored for the present.

Ed. Mustard left Tuesday for the Dalles and other valley points. Mrs. M. will join him later.

Mrs. A. W. Bayn was a Prineville visitor Friday. Misses Gladys and Hazel accompanied her home for a brief visit.

Powell Butte potato growers landed the two big premiums offered by the Great Northern Ry. and the O-W. R. & N. at the Redmond Potato Show last week, viz: the \$85 clock and the \$50 silver loving cup, these to be given for the best display of potatoes in bushel lots and the best and largest 36 potatoes. S. D. Mustard landed the clock with spuds to spare. He also won some 15 or 20 blue and red ribbons with accompanying purses. Glen Mustard walked off with the big cup on 36 potatoes grown on sub irrigated land. The total weight of these was 57½ pounds. He also won honors on grains and other exhibits. Ray and Jessie McPharland landed the blue ribbon for child's potato exhibit—the best display made by school child. These winnings add another feather to our cap of honors fairly won, and that they were won in competition with other excellent exhibits made at the show is very gratifying. The slogan is not "Watch Powell Butte Grow," but "Watch Powell Butte Grow—Spuds."

Two big loads of cement enroute to Prineville passed through here Monday.

F. W. Graham, western industrial and immigration agent for the Great Northern Railway Co., in conversation with the

writer in Redmond Saturday, stated that his company would ship the Glen Mustard exhibit of large potatoes to Chicago, where they will be exhibited at the land show which holds from November 20th to December 8th inclusive. While there the big spuds will be seen by a quarter million people as that has been the average attendance at the show for several years. From the land show the potatoes will go to make up an exhibit shown in special cars by the railway company all over the entire east. The commercial sizes which won the clock will also go to the land show, but Mr. Graham says it takes the big fellows to attract the attention of a crowd, so these fellows are of inestimable value to us for advertising purposes.
