

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Reeves Invited to Go With Oregon.
Pendleton.—W. T. Reeves, pioneer of Stanfield, who conceived the idea of the battleship Oregon leading the first fleet through the Panama canal and who prepared the petitions signed by 65,000 school children, has been given official recognition as the father of the idea in the form of an invitation to be a guest of honor aboard the Oregon in its passage through the big ditch. The invitation came from Secretary of Navy Josephus Daniels, who asked that Mr. Reeves be present as a representative of the school children of the state.

Hood Asks Exhibit Space.
Hood River.—To make an estimate of the funds that it will be necessary for the county court to appropriate and include in next year's budget, the Hood River Commercial club has been endeavoring to find how much space can be obtained for Hood River exhibits at the International Panama exposition at San Francisco. It is the purpose of the club to aid the court in making two exhibits, one in the Oregon building and the other in the palace of horticulture.

Judge Says Election Will Not Hold.
Roseburg.—Judge Hamilton, in the circuit court, has declared void an election held in school district No. 5, October 13, at which \$3000 was voted for the purpose of building a new school house. The court held that October 13 was Columbus day and therefore a legal holiday, and that an election is a quasi-judicial function and not merely an administrative one.

Oregon Boy's Cow Wins.
Monmouth.—According to a telegram received here from Chicago, a yearling Jersey cow, belonging to Johnny B. Stump, 12-year-old son of J. B. Stump of this city, carried away the sweepstakes against cattle from all parts of the United States at the National livestock show.

WEST ON SCHOOL SURVEYS
Predicts Trouble for Interior Department if Certain Conditions Continue.
Salem.—Declaring that the interior department will find itself in hot water if it attempts to hold up title to all surveyed lands passed to the state at the time the surveys were approved, and such lands are not valid as bases for indemnity selections when they are within a federal forest reserve, Governor West has given out a statement presenting the view of his office in the matter.

The question has come up before the department in Washington, where Miss Fern Hobbs, the governor's private secretary, is endeavoring to get a number of state land matters settled for the benefit of the state. About 15,000 acres are involved in the controversy, but the governor states that less than 1000 acres are surveyed. So if the department makes the ruling contemplated it will not seriously affect this state, but will largely affect other states.

Farmer and Family Suffer Bruises.
Milton.—J. Thomas, a rancher living near Walla Walla, while driving his wife and five children in their auto on the macadamized road between Weston and Athena met with an accident. A tire blew up and the car left the road and turned over two or three times, plunging the occupants beneath. All were painfully bruised.

Raw Wheat Eaten, Kills.
Enterprise.—Mrs. W. F. Craig died at the family home just south of Enterprise, after a brief illness. Acute peritonitis was given as the cause of death. This was induced, the physicians said, by eating raw wheat which did not digest and led to inflammation of the peritoneum.

Dr. Brosius Gets Medal.
Hood River.—Dr. F. C. Brosius, one of Hood River's leading physicians, has just received a silver medal from the adjutant general of the Oregon national guard, in recognition of his 15 years of service. Dr. Brosius holds a commission as major in the medical corps.

Husband Shoots Man With Wife.
Pendleton.—Charles Cook shot and perhaps fatally wounded David Rowan, then, turning his weapon, he killed himself instantly. The reason ascribed for the attempted murder is jealousy. Rowan was with Cook's wife on the streets at the time he was shot.

64,431 Are Registered.
Salem.—The total registration in the state under the permanent registration law, passed by the recent session of the legislature, is 64,431.

MRS. WILLIAM SULZER

Mrs. William Sulzer, wife of the man who was impeached and ousted from the governorship of New York.

EX-SENATOR TURNER WRONG

Spokane Politician Recants Famous Attack on Wilson and Bryan.
Spokane, Wash.—In a remarkable confession of faith, delivered at the weekly meeting of democrats at the Inland club, Judge George Turner recanted his famous attack on William Jennings Bryan, made after his return from the Baltimore convention last year, announced that the people who had nominated Woodrow Wilson were wiser than himself, and declared that he had been wrong in opposing woman suffrage.

Much interest was aroused among democrats by the speech. Several suggested that Senator Turner intended to be a candidate for the United States senate next year, but his personal assurance was to the effect that he had no intention of running.

Idaho Car Shortage Serious.
Boise, Idaho.—Immediate relief from the present refrigerator car shortage in this state is promised, but cars in sufficient number to move the big crop of eastern, southern and western Idaho are not now on hand and there is a serious situation as a result.

Action may be taken by the public utilities commission ordering a sweeping investigation as to the cause of the shortage.

John B. Baird Promoted.
St. Paul, Minn.—John B. Baird, general freight agent of the Northern Pacific railway, was advanced to the position of freight traffic manager, according to an announcement by J. G. Woodworth, vice-president of the road, who is in charge of the traffic.

FEMALE WAGE SCALE

\$9 AND LESS WEEKLY
Olympia, Wash.—Statistics compiled by the Washington industrial welfare commission, through reports from employers, show that half of the female employes in mercantile establishments throughout the state get weekly wages of \$9 or less, or below the minimum set by the Oregon commission.

These totals include girls under 18 classed as minors under the Washington law, but the figures for females above 18 years of age show that a ruling similar to that of the Oregon commission would have sweeping effect in this state.

A comparison of the reports of wages in various localities shows that girls employed in country stores apparently draw the highest average of wages. Wages in Seattle and Spokane are also classed as good, but Tacoma is at the bottom of the low-wage list. In both Tacoma and Everett more than half of the female employes of stores receive less than \$9 per week.

Road Liable for Big Slide.
Seattle, Wash.—William Topping, of Ashland, O., a minor, obtained a verdict for \$20,000 against the Great Northern railroad company because his father, Edward Topping, was killed in the Wellington, Wash., snowslide disaster of March 1, 1910, when 93 persons perished.

BRIEF NEWS OF OREGON

George Bligham, a prominent business man of Oregon City, was mistaken for a deer near Trall and was shot and killed.

The senate, after a bitter fight confirmed the nomination of Frank McManamy of Portland to be chief inspector of locomotive boilers for the interstate commerce commission.

Governor West has honored a requisition for the return to Kankakee, Ill., of Samuel Perlin, accused of operating a confidence game.

A vinegar plant with an annual capacity of 10,000 gallons, began operation at the Eugene Fruit Growers' association cannery, turning to a profit cull apples that heretofore have been entirely wasted.

Fifty Roseburg merchants have formed a company, known as the Roseburg Stamp company, incorporated, the purpose being to conduct trading stamp business to meet the competition of foreign trading stamps.

Senator Chamberlain will endeavor to induce the war department to withdraw the plan of having Sand Island ceded to Oregon. The senator held a conference with Major McIndoe, who is now in Washington.

Senator Lane has been advised by the commissioner of the general land office that a survey has been completed and accepted of three townships in Lake county, which will permit the opening of these lands for entry about the last week in November.

With apparently not the slightest fear, but protesting their innocence to the last, Mike Spanos and Frank Seymour, slayers of George Dedaskalou of Medford, went to their deaths calmly on the scaffold at the state penitentiary.

Representative Hawley has been advised by architects of the treasury department that plans for the new federal building at Medford have about reached completion, and that this building will soon be ready to submit for bids.

Senator Lane saved H. F. Ferry, a doorkeeper at the government printing office, his job. The man had been dismissed for showing the president's wife through the offices without first bringing her direct to Public Printer Ford.

The Parelus Manufacturing company of Portland, which has the contract for the interior furnishings of the new supreme court building at Salem, has been notified by Labor Commissioner Hoff that it must not work its employes more than eight hours a day.

Superintendent of Public Instruction Churchill has announced that the thirteenth annual convention of the Oregon State Teachers' association, Eastern division, to be held in La Grande, November 24, 25 and 26, will be the most important in the history of the division.

Senator Lane is preparing a bill directing the grant of 250,000 acres of public land to the state of Oregon, the same to be sold at no less than \$4 an acre, and the proceeds applied to construction of public roads. He will probably frame the bill giving California and Washington similar grants.

Senator Chamberlain has introduced a bill granting Oregon 4239 acres of swamp lands in townships 37, 38 south, range 10 east, Willamette meridian, heretofore considered Indian lands. He has also introduced a bill authorizing a preliminary examination and survey of the mouth of the Umpqua river.

A hay shortage threatens Walla Walla county before spring. Diversified farming has led to the production of slightly less hay in the southern part of the county than in the old days, before the railroad came. Now stock feeding is developing on a considerable scale, and all the hay available will be needed for this purpose.

L. L. Haines, a rancher of Eckley, Curry county, was shot fatally by his brother-in-law, Hugh Hampton Haines, who is unmarried and about 40 years old, has shown signs of insanity. He attacked a sister at one time, beating her severely, and this is presumed to have caused the shooting.

An industry that promises much future development recently has been launched in the unfrequented sections of central and southern Oregon by the Oregon Borax company, a subsidiary of the American Soda Products company of Portland and San Francisco. The project is an extensive and an important one. It provides immediate development of the soda deposits in Alkali lake, Lake county. It is said that these deposits now are in the form of carbonate of soda—a product that enjoys a ready market.

During the week beginning November 10 competition for the trophy to be presented by the bankers of Oregon to the best company in marksmanship of the Oregon National guard, will be held on general order just issued by Adjutant General Finzer. It must be competed for annually. It will be awarded to the company getting the highest percentage on a basis of 33-1-3 of the enrolled strength of the company at the date of last muster.

Ranked at the Very Top

DAVID RANKIN was a big farmer and he knew his business. He owned the largest corn farm in the world, about 35,000 acres down in Missouri. He devoted his life to the pleasant study and practice of right farming, and he succeeded mightily, for he made \$4,000,000 in the business of farming. David Rankin said: "The manure spreader is the most efficient money-maker on the place."

It's warm praise to be ranked above all other farm machines, but the spreader deserves it. Soils rebel when crop after crop is taken from them, without return of fertilizer. Return every bit of manure to the soil. The IHC manure spreader will save you much disagreeable hard labor, will spread evenly, and will make one ton go as far as two tons spread by hand.

IHC Manure Spreaders

are built to suit you, to do best work for the buyer in every case, to convince him that he has made the wisest purchase. Every detail in the construction has a purpose, for which it was made after thorough tests and experiment. They have the maximum of strength and endurance.

You will find all styles and sizes in the IHC spreader line. They will cover the ground with a light or heavy coat, as you choose, but always evenly, up hill or down. There are high and low machines, with steel frames, endless or reverse aprons, but always giving best possible service. Tractive power is assured by position of the rear wheels well under the box, carrying nearly three-fourths of the load. Study the IHC spreader line at the local dealer's.
