

Metolius-Prineville & Eastern People Here

Messrs. Scheel and Engineer Von Planta of the Metolius-Prineville & Eastern arrived in Prineville the last of the week to help the local committee finish up railroad matters. Mr. Scheel with the right-of-way and Mr. Von Planta with the terminals.

In conversation with Contractor Scheel yesterday morning he stated that work would begin just as soon as the right-of-way was settled. He said that there were many difficulties arising to hamper the work of the local committee, but now everything looked good for a speedy settlement.

Mr. Scheel stated that the condition of the bond market in no way affected the building of the Metolius-Prineville & Eastern. "If we have to," said Mr. Scheel, "myself and associates can go down into our jeans and dig up enough to put the road through. However, if we can float some bonds to advantage we may do so, but that is a question to be taken up later. At present the main thing is to get to work and settle the right-of-way. When that is done you will see something that looks like a railroad within six months."

The railroad committee is expected home tonight or tomorrow from Metolius with some definite information as to how soon dirt will fly.

High School Notes

The first six weeks' period closed Friday with work progressing well in every department.

The girls of the Normal department are developing the Sloan method and making Sloan seat work for the primary grades.

The Domestic Science classes are studying food values and making recipe books, and next week they will begin work in the experiment kitchen. This is one of the most popular departments in the high school and the girls feel especially privileged in having as their instructor in this most important of arts a woman of Mrs. Walker's broad knowledge and experience.

The boys of the advanced Manual Training class have just completed study tables for the Normal department. They are neatly and accurately made and are a credit to the department and its instructor.

The Business department is crowded as usual and every student is doing excellent work.

The German classes, under the able instruction of Miss Herman, are making great progress. A German club has been organized and will hold its first formal meeting in the near future.

In the Agricultural department things are moving along with the energy inspired by competent leadership. Instructor H. E. Pratt understands his work thoroughly and the future farmers are being taught practical farm work and brain culture at the same time. Crook county is fortunate in having secured the services of this efficient enthusiastic agriculturalist who believes that the plowman is the man of the past, present and future.

Next Wednesday afternoon the Alphas will entertain the Ochoconians with a "Tennyson" program.

The trout debate will be held December 5. Fourteen students have already entered their names and are working hard to secure places on the inter-scholastic team which will debate with The Dalles the latter part of January.

Both Ochoconians and Alphas

have a large number of contestants out for the inter-society declamation contest. Following the plan of last year, the contest will be divided into three divisions—oratorical, dramatic and humorous. Each of these divisions is well represented and there promises to be a close contest for the blue and gold banner.

The assembled students enjoyed a rare treat last Wednesday afternoon when Dr. Marvin of Toppenish, Wash., spoke to them about "Kipling" and his work. The doctor was full of his subject and illustrated the work of the greatest modern English writer by reciting "If."

Football practice has begun in earnest again and the boys are very anxious to add more laurels to their recent crowns of victory. They are trying to get a game with the Klamath Falls high school, but have not been successful as yet.

The dormitory is slowly but surely becoming a successful institution. The girls enjoy all the comforts of home and are contented and happy.

The "Bachelor Girls" met at the dormitory Saturday evening for their usual hour of song and social conversation. They have enjoyed the informal gatherings so much that they have decided to make them a regular occurrence, meeting alternate Fridays at 8 p. m.

The following officers were elected: President, Miss Waldron; vice-president, Miss Wood; secretary, Miss Cassidy; program committee, Misses Jeffries, Evans and Hubbard; pianist, Miss Edna Estes. Those present at the last meeting were—Misses Pratt, Evans, Jeffries, Hubbard, Hewes, Hodges, McBain, Truesdale, Leola Estes, Conway, Estelle Conway, Cassidy, Herman, Engdahl, Waldron, Pauline Truesdale and Mesdames Truesdale and Walker.

Mrs. Walker and Misses Cassidy and Engdahl entertained at dinner at the dormitory Sunday. The guests were Miss Conway, Estelle Conway and Messrs. Brown, Pratt and Remington.

White Butte Didn't Get a Chance to Vote

Paulina, Or., Nov. 9, 13. Crook County Journal:

There were some thirty or more voters gathered at the White Butte voting precinct on November 4, and no ballot boxes so we could vote, and it was impossible to get them in the specified voting hours. This is not the first time we have had trouble getting the poll books. At the primary election of 1912 a messenger was sent to Paulina the evening before election and was just in time to get them. Also, on Nov. 4, 1912, Walt Dunkle had to go to Paulina in the night to get the ballot boxes off the stage so we would have them the next morning.

The people of 'White Butte' precinct, and myself as one of the clerks of election, would like to know through the columns of your paper, if it is not the duty of the sheriff to see that the ballot boxes are delivered to one of the judges in time for election, and not sent by the stage and depend on every Tom, Dick and Harry to get them there.

Hoping you will explain fully,
ORRIN C. MILLS,
Paulina, Ore.

[The sheriff is given ten days before an election in which to deliver the supplies to the different precincts. It frequently happens, however, that the state officials are late in notifying the county clerk of what goes on the state ticket and this in turn delays printing and delivery to the sheriff. Cut Out the Booze at Rabbit Drives

A note of warning is sounded from Lamonta on account of the practice of a few individuals that bring liquor to the rabbit drives. This is something that the people will not tolerate. There is too much at stake. A man more or less under the influence of whiskey is liable to stumble and fall and if his gun is cocked some of the women or children may get hurt. There have been no accidents so far and to avoid every possibility of having one the man with the bottle must not go to these drives. Everybody else will be made welcome and their presence will be appreciated.
