

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout the State During the Past Week.

Mother in Tears Sees Girl.
Salem.—The tears of a mother pleading that she be permitted to see her daughter, whom she had not seen for four years, won the hearts of the state board of control and Mrs. Emma Thompson was given an interview with her eldest child, Lillian Larkin, an inmate of the state industrial school for girls.

The board, however, denied a parole, after a session of almost two hours, in which a committee of four, headed by Mrs. Jean Bennett, of Portland, pleaded that the girl be released.

Maids Want to Return to Homes.
Albany.—Cecile Diethelman and Hulda Kramer, who came from Lucerne, Switzerland, to marry, after an exchange of photographs and letters with Kasper Kirtz and Herman Young, newcomers, changed their minds after seeing the men in the case. The young women now want to return to their mountain home. They have no money, and a public subscription may be started for them.

Roseburg Couple Wed; Secret Held.
Roseburg.—To be married in their own home, situated on one of Roseburg's busiest residence streets, and to live together for seven days without even the immediate members of their families having knowledge of the event, was the unusual secrecy attached to the wedding of R. F. Shields and Mrs. Carrie Thompson, of this city.

Hop Growers Plan Union.
Salem, Or.—Without a dissenting voice, 76 hop growers of the Willamette valley met here and took steps to effect a permanent organization of similar nature to the big fruit unions that are now uniting the strength of the fruit growers of the northwest.

ORGANIZATION IS FAVORED
Co-operation to be Urged During Farmers' Week.

Corvallis.—Farmers' week at the agricultural college this year is December 8 to 13. While it is designed to make the regular courses in farm production as strong and practical as possible within the five days of instruction and demonstration, the keynote of the course will be rural organization and co-operation. This subject will be presented in lectures and lantern courses by Dr. Hector Macpherson, who returned this fall from a tour of 11 European countries as a member of the American commission. Dr. Macpherson procured an instructive collection of photographs while in Europe, and these will be used to illustrate industrial and economic methods among the rural people of the old world.

Economical production, co-operative marketing, close systems of accounting and cheaper credit are the cardinal points in his doctrine of rural economics.

Hogs Have Cholera.
Pendleton.—Hog cholera has made its appearance in the east end of Umatilla county, and Dr. C. W. Lassen, county veterinarian, has placed the infected animals in quarantine. He estimates that already 100 hogs have died of the disease, and says that the farmers are somewhat alarmed over the epidemic. Serum is being used to prevent any further spread.

Socialist Teacher Cleared.
Quincy.—Mrs. Flora I. Foreman, principal of the Quincy school, received from the school board a vote of vindication of the charges of having taught in her school doctrines of socialism, sedition and atheism. An appeal will be taken to the state board of education for further hearing.

Pender Found Guilty of Murder.
St. Helens.—"Guilty as charged in the indictment" was the verdict of the jury in the case against John A. Pender, charged with murder in the first degree for the killing of Daisy Wehrman on Labor day, 1911, near Scappoose, Columbia county, Oregon.

Grants Pass Asks Cut in Rate.
Grants Pass.—The city has served papers upon the Southern Pacific officials bringing action before the state railroad commission in seeking a reduction of the freight rates on steel rails and structural iron from Portland to this city.

Rewards for Homicider.
Salem.—Governor West in a proclamation has offered a reward of \$2500 for the arrest and conviction of any person who has committed homicide in the state and in another proclamation he revoked all unearned rewards offered heretofore.

REAR-ADMIRAL FLETCHER

Rear Admiral Frank F. Fletcher, who is in command of the American warships off the coast of Mexico.

SOLDIERS SELL AMMUNITION

Three Troopers Arrested and Rebel Officers Return Cartridges.

Douglas, Ariz.—As a result of the recent theft of 3200 rounds of ammunition from Troop L, Ninth United States Cavalry, six arrests were made and it was said that 20 more might follow.

Three soldiers and three Mexicans were arrested, charged with grand larceny and conspiracy to smuggle munitions of war from the United States into Mexico.

Constitutionalist officers returned the ammunition, although it had been distributed among the soldiers at Agua Prieta. They declared it was not the first time troopers of the Ninth cavalry had sold them ammunition.

Limit For Women Clerks in Force.

Portland, Or.—Beginning Monday the employers of women clerks in Portland stores must not pay them less than \$9.25 a week, or require them to work more than 8 hours and 20 minutes in a day, more than 50 hours in a week, or after 8 p. m. on any day.

The ruling by the industrial welfare commission is the first of the kind to be made in the United States.

MANY GOVERNORS OPPOSE INTERVENTION

New York.—In a poll taken by the New York Sun to ascertain the sentiment of state governors toward the administration's Mexican policy, of the twenty who answered, fifteen were against intervention, four for it, and one was non-committal. All, however, declared that their states were ready with militia in case intervention was unavoidable.

Governor West of Oregon said that "Oregon was getting ready for business," with two regiments of infantry, one battalion of field artillery and one ambulance corps, but he added that he was "with the administration." Governor Lister of Washington declared "that the situation was being ably handled by the president, but that Washington, if called on, could furnish 2,000 troops in two weeks."

Governor Haines of Idaho believes that "intervention is inevitable," and offered one regiment of infantry immediately and a regiment of cavalry as soon as equipment can be gathered.

Des Moines Saloons Closed.

Des Moines, Ia.—Every one of Des Moines' 86 saloons is dark, following a decision of the Iowa supreme court. The court ruled unanimously that the saloon consent petition is insufficient because it is based on the last general election instead of the municipal election.

3100 Ohio Saloons Close.

Cleveland.—Proprietors of more than 3100 saloons in Ohio closed their places of business in accordance with the provision of the state liquor license law, which limits the number of saloons in "wet" territory to one for each 500 population.

The Oregon supreme court holds that workmen's compensation law will not become operative until June 30 of next year, owing to restrictions of the constitution.

The Booth-Kelly Lumber company's machine shops at Wendling, said to be the largest of the kind in the state, were destroyed by fire at a loss of perhaps \$15,000.

At a meeting of stockholders at Dallas it was decided to erect a \$10,000 hospital. Frank J. Coad was elected president of the association, and Miss Edith Starbuck secretary.

Ashland citizens are considering the plan of installing water meters throughout the city. A dozen of the meters have been ordered from the Westinghouse company for trial.

Completion of preliminary surveys for the development of 45,000 horsepower within the next five years at Clear Lake, in the Cascade mountains, 75 miles east of Eugene, is announced.

The state water board has extended the time for the completion of Portland's reservoirs and canals at Clear Fork, on the Sandy river, from which water supply is assured, to June 1, 1930.

State Engineer Lewis will not recommend that approximately 20,000 acres of land in the central Oregon irrigation project be patented until he is convinced that the land can be reclaimed.

Ten thousand turkeys have been shipped from Douglas county to San Francisco, the farmers receiving about \$20,000 for the birds. The birds were sent to San Francisco because of the higher prices prevailing there.

As a result of movements by commercial clubs of the county and inhabitants of rural districts for better roads, many miles of public highways in Polk county are ready for winter use by automobiles.

A plant for the pasteurizing of milk, the first in Eugene, will be opened about the first of the month by a corporation formed by five men, four of them Danes, and the project backed by over 40 Danes of the colony west of Eugene.

Secretary Lane has ordered a public sale at Hermiston, December 27, of several hundred acres of Maxwell land on the Umatilla irrigation project. All the lands to be sold are centrally situated and each tract has an adequate water supply.

The committee working for prohibition in the election at Albany expended \$46.65, according to a campaign statement filed by Mrs. Elizabeth Robinson, secretary of the committee. The prohibitionists won by a majority of 41 votes, but saloonmen may bring a contest.

Senator Chamberlain has introduced a bill authorizing the secretary of war to turn over the Sand Island revenues to the Oregon fish commission. Also resolutions from the Pendleton commercial association advocating flood control and reclamation of swamp lands in the south.

Although he has held various public offices in Marion county for more than 40 years, has served on juries and otherwise acted in public capacities, J. R. Landon was unseated as mayor of Woodburn by Circuit Judge Kelly on the ground that he is not an American citizen.

The Oregon State Sunday School association probably will meet in Albany in annual convention in April. The meeting place has not been decided upon definitely, but many of the members of the committee which will make the selection have indicated a willingness to come to that city.

Senator Chamberlain has introduced a bill appropriating \$10,000 to aid the agricultural department in importing sheep for breeding purposes. The department desires to aid farmers and rangers in obtaining types most suitable to their particular requirements.

With a reserve of 34.8 per cent, which is almost 10 per cent more than required by law; with nearly \$5,000,000 more loans outstanding, and yet over \$3,000,000 more cash on hand or due from other banks than this time last year, the 170 state and 86 national banks of Oregon reflect the prosperity of this state.

Sunday performances at the moving picture shows in the Coquille valley cities will be a thing of the past if the wishes of some are granted. At Myrtle Point one faction made so much objection to the Sunday performances that the city council has passed an ordinance which prohibits the opening of the show house on Sunday.

Grading on the Siskiyou mountain section of the Pacific highway through Jackson county was started Friday under the provisions of the first contract to be let under the new bonding highway laws. The section of road covers 13 miles, and the contract price for the grading was \$107,540, which is the largest contract for highway construction ever let on the Pacific coast.

The VELIE Is the Real Car

The good roads bunch are back and report a good time and lots of work done on the road. Out of the entire bunch of cars on the trip the Velie was the only one that had absolutely no trouble, and remember it is almost three years old. So if you are in the market for a car why not buy a Velie and save future trouble. Will have a new Six here for inspection in a few days.
