

MEXICAN REBELS TO MARCH ON CAPITAL

General Villa Says That Three Armies Are Working Together to That End.

Juarez, Mexico.—Northern Mexico, embracing the states of Sonora, Chihuahua, Coahuila, Nuevo Laredo and Tamaulipas, and including the territory from the border to a line 500 miles southward, will be wholly under the authority of the rebel forces within two weeks. The forces which are fighting Huerta will then join at Guadalajara with a view of marching on to Mexico City. This is the rebel plan of campaign, General Francisco Villa, the rebel leader, asserted.

This campaign, Villa said, contemplated not only the capture of Chihuahua city, but also the spreading of the rebel or constitutional authority farther south. In this Villa is to be joined by General Carranza, the head of the revolutionary movement.

"We will move right on to Mexico City," said Villa. "That is our destination. Our forces are working together. The troops now in Sonora will move southward, attacking Guaymas on the way. Those in the east now centered around Victoria, will move southwest, while I will go right down through the heart of the country. On the way I will take Chihuahua, where I will be in command within ten days. Then I will join the eastern and western wings of our army at Guadalajara. Combined we will march to Mexico City."

YEGGS ROB OREGON BANK

Safe Cracked and About \$12,000 Carried Away by Robbers.

Roseburg, Or.—Entering the vault of the Myrtle Point Bank through a small opening on the second floor of the structure, yeggs dynamited the iron safe and escaped with currency and gold aggregating \$12,000.

The robbery was discovered in the morning when the officials opened the bank for the day's business. Ira Cornelius, a stage driver, says he thinks the bank was robbed shortly after 2 o'clock in the morning, as he heard an explosion at that hour.

Entrance to the depository was gained through the office of attorneys, who occupy quarters directly above the bank.

INDIANAPOLIS UNION TEAMSTERS STRIKE

Indianapolis.—The Teamsters' Union voted unanimously to go on strike. The union, which included the commercial chauffeurs, has between 1500 and 2000 members.

An order was issued Saturday preventing the congregating of crowds and the police were told not to "hesitate to use other means" if persuasion failed to disperse the gatherings.

In addition to the extra policemen, 250 business men were sworn in as a reserve force. These men were provided with uniforms and guns and are quartered in Tomlinson Hall, where they will be held until the strike is settled. The men are commanded by officers of the Indiana National Guard.

For four months Indianapolis has been agitated with labor troubles which have resulted in the resignation of Mayor Shank, Superintendent of Police Hyland and W. E. Davis, president of the Board of Public Safety, and a general shakeup in the city administration.

During the last streetcar strike there was so much rioting that the entire state militia was called out by Governor Ralston.

Oregon State Tax Higher.

Salem, Or.—Because of the inability of the state tax commission heretofore to anticipate state expenditures and make approximately uniform levies, the levy this year, according to figures given out by the commission will be the largest in the history of the state. The total assessed valuation of the state is \$954,282,374, an increase of \$49,270,695 over last year, and, despite this increase, there will be a levy of 1.45 mills as against a levy of 1.45 mills last year.

Ship Ashore: Five of Crew Rescued. Aberdeen, Wash.—Pounding to pieces just outside the Grays Harbor Jetty, a four masted schooner went ashore, and five members of her crew were rescued after passing many hours clinging to the rigging, to which they were driven by the terrific sea which sent the vessel on the beach and placed all in great peril.

Starving Federals Desert Chihuahua. Juarez, Mexico.—Rather than endure starvation, the federal troops have evacuated Chihuahua City, which has been under siege for weeks, according to advices received by General Francisco Villa, the rebel leader. The evacuation leaves the city open to occupation by the rebels.

GOVERNOR TENER

Governor Tener, of Pennsylvania, who has been offered the presidency of the National Baseball league.

WOMEN VOICE DEMAND

President Asked to Make Federal Suffrage Administration Measure.

Washington.—A week's campaign by the National American Woman Suffrage Association to procure the adoption of a constitutional amendment to enfranchise women was launched here at a big mass meeting. It was the formal opening of the 45th annual convention of the association.

The association adopted, almost unanimously, resolutions introduced by Mrs. Helen Ring Robinson, a member of the state senate of Colorado, calling on President Wilson in his forthcoming message to congress to adopt the woman suffrage constitutional amendment as an administrative measure, and to urge congress to take immediate and favorable action on it, urging the senate to pass the amendment and asking the public to create a committee on woman suffrage.

Salem Again is Dry By Big Vote. Salem, Or.—For the second time in one month the anti-saloon element has made a clean sweep in this city, the amendment to the city charter to prevent the licensing of saloons having won at the election by a majority of 950. The majority for local option at the November election was 487.

UTAH OUTLAW HOLDS DEPUTIES AT BAY

Bingham, Utah.—In a battle underground, with only the flash of their rifles breaking the darkness, Ralph Lopez, Mexican outlaw, added two more names to his list of killed, when he drove back a posse of deputy sheriffs in the Utah Apex mine.

Lopez, who started his career of crime on November 21 by killing the chief of police of Bingham, two deputies and a fellow-countryman, shot from the depths of his stronghold that it would cost many more lives before they "got him."

The men whom he shot were Deputies Douglas Hulsey and Tom Mandrich. The shooting resulted when half a dozen deputies penetrated the Andy tunnel 900 feet in order to light a smudge to smoke the desperado out. Outwitted a dozen times since Lopez began his career of bloodshed on November 21, the sheriffs of seven counties, in counsel decided to batten up the mine and attempt to asphyxiate the fugitive with poisonous gases.

Illinois Suffrage Act Upheld. Chester, Ill.—The Randolph county court, ruling against certain liquor dealers' attack on the Illinois women's suffrage act here, declared the law complete, intelligible and valid.

NEWS FROM OUR NATIONAL CAPITAL

Sixty-third Congress Convenes in Regular Session Monday Noon.

Washington.—The first regular session of the Sixty-third congress convened in Washington at noon Monday, at which time the life of the special session, the longest continuous extraordinary session in the history of congress, expired by constitutional limitation. As the two houses already were organized and the legislative machinery in running order, the regular session will lose little time in getting down to business.

Two great projects have held the attention of congress and the country throughout the work of the year. One of these, tariff revision, crystallized into law in September.

Nation's Estimate of Needs is Less.

Congress is asked to appropriate \$1,108,681,777 to operate the government of the United States during the fiscal year 1915, according to the estimates prepared by each department and sent to the house by Secretary McAdoo, of the treasury.

The estimates submitted are \$22,864,967 in excess of the appropriations for the last fiscal year, but their total falls \$39,255,066 below the estimates for that year.

For continuing rivers and harbors work the war department says it needs \$41,182,595, which includes \$375,000 for improving the waterways connecting Lakes Union and Washington at Seattle; Columbia River, Oregon, \$1,000,000; Columbia River, The Dalles rapids to head of Celilo Falls, \$425,000.

President Urges Currency Legislation.

In his message, delivered at a joint session of the houses of congress, President Wilson urged immediate currency legislation, devoted considerable space to the needs of the farmers and referred to the Mexican crisis. The Sherman anti-trust law, he said, should be changed so that its exact meaning would be clearer. The president also urged the choice of presidential nominees by the direct vote of the people expressed at primaries.

Trusts Next Big Question.

Naturally the trust question looms up as the thing in the program to enlist special attention following the tariff and currency. The administration trust program in its entirety, however, is not likely to be presented to congress at the beginning of the regular session. One reason is that President Wilson seems to believe that the way to make progress is to do one big thing at a time. Another is that the president has not fully worked out his trust legislation policy.

At the outset he will ask for an appropriation to enable the bureau of corporations to make the exhaustive investigation of facts bearing on economy of production and with respect to the question of competition versus monopoly, which has been outlined heretofore. The ultimate program with respect to the trusts cannot be prosecuted until the investigation is completed. In the meantime, however, the house will give attention to some phases of the problem on which investigations already held have thrown sufficient light.

Storage To Be Regulated.

An elaborate anti-high cost of living bill, not only to resist cold storage of food, but to penalize agreements for storage, pooling, division of territory, interference with competition or other restraint of trade in foodstuffs, was introduced by Representative McKellar, of Tennessee.

The new bill, which will be urged immediately before the house committee on commerce, would make the maximum period of storage on beef or its products seven months, veal two months, pork four months, sheep or goats four months, lamb or kids three months.

Free Bullets Provided.

War department officials who have been preparing, with Representative Kahn, a bill to distribute 800,000 Krag-Jorgensen rifles now stored in government arsenals to civilian rifle clubs in order to promote marksmanship throughout the country, have decided to include free ammunition with the rifles. It has been decided that school cadet organizations also will be supplied with free rifles and ammunition.

Representative Kahn, as chairman of the National Defense League, which suggested the distributing of the rifles, will introduce the bill in the house.

Prohibits Watering of R. R. Stocks.

Indicating the probable angle of interstate commerce legislation during the coming session, Representative Sims of Tennessee introduced a bill to prohibit the watering of railroad stocks.

The measure would make it unlawful for any common carrier to issue any stocks, bonds or other evidence of indebtedness except for some necessary purpose such as extension and improvement, unless approved by the interstate commerce commission.
