Parent - Teachers Association

The Parent-Teachers' Association will meet at the Ladies' Annex parlors on Saturday afternoon, December 6, at 2:30. This association was organized last spring when Miss Jane Allen, who was then teaching in the Prineville public schools, invited the parents of her pupils to meet in her room for the purpose of becoming better acquainted with the teacher and being of mutual help to one another.

At that time Mrs. Belknap was chosen president, Mrs. Shattuck vice-president, Mrs. Cooper secretary and Mrs. Calbreath treasurer. Committees were appointed to arrange by-laws, programs and other matters pertaining to the good of the organization.

Plans have been perfected for the work of this association and it is hoped that every parent and teacher in Prineville will become a member. Not only parents and teachers are eligible to membership but any one who is interested in the welfare of children. Both parents and teachers are coming to realize the great importance of child study and the proper direction of the pupils activities if they are to grow into the best types of manhood and womanhood. It has been said by a great educator that proper home training coupled with the right kind of teaching will give our boys and girls such a stable foundation, both morally and mentally, that there will be little danger of yielding to temptations in later life.

The program committee has advised that these meetings be made informal and that all be invited to discuss and ask questions along the lines presented.

Following is the program for the next meeting:

Instrumental music—Mrs. Oscar Hyde.

Paper—"How can children who easily become discouraged when difficulties arise in the way of accomplishing a piece of work be taught to persevere."—Mrs. S. S. Stearns. Discussion.

Vocal Solo—Mrs. C. M. Elkins. Paper—"The influence of hand work as related to the child's interest in school."—Mrs. A. T. Lewark. Discussion.

Talk—"Contrasts in professional child management."—Miss Pratt.

Talk—"Why should mothers have an interest in the school laws?"—Mrs. Belknap.

Johnson Creek School Entertainment

The Johnson creek school gave a very creditable entertainment and basket social on last Friday evening. Teacher, pupils and others acquitted themselves well in rendering the program. The sale of the baskets gave \$29.50, which will be used for some much needed repairs for the schoolhouse. Good music, good "eats" and a general good social time was enjoyed by all. The general verdict seems to be—do it again.

The Ladies Annex Just Doing Things

The Ladies' Annex held an interesting meeting Tuesday afternoon in their parlors. There was a good attendance and several new names were added to the membership. During the past two months the membership has more than doubled with November claiming the honor of adding thirty-four new names.

The Civic Improvement Department is doing good work along the lines of "A More Beautiful Prineville" and have planned for a "Green Bazaar" to be held on Saturday, December 20.

The rest-room committee has been made a standing one and are arranging to have a warm comfortable room open for the use of the country people on Saturdays.

It was also decided to have more departments added to this club and a committee appointed for that purpose.

The Colonial play, given under the auspices of the Ladies' Annex, was reported as making good progress. It will be given Tuesday evening, December 9. Mrs. Van Morse is the director in charge.

The Annex very kindly extended the use of their parlors to the Parent-Teachers' Association for their next meeting.

Arrangements were also made for the New Year's reception, which is always one of the most enjoyable social affairs of the year.

The New Velie a Beautiful Car

John Templeton's new Velie occupies the spot light in automobile circles these days. The new Velie is a 6-cylinder 50-horse power roadster, capable of making 70 miles an hour. Agent Hodson brought it in from The Dalles the other day over some very bad roads but had no trouble in making hills or mud holes. Prineville, with its Velies and Chalmers, can boast of having some of the best cars made.

Big Rrach Sold

Four well-known Portland men have just closed a deal for the purchase of the famous Haycreek ranch in Crook county, for a consideration said to be around \$500,000, and under the plans for intensive development which are already in the making this great tract of 25,000 acres is to be converted into one of the finest livestock centers in the West, says the Telegram.

The purchasers are Judge John Twoby, Emery Olmstead and L. B. Menefee, directors of the Northwestern National Bank, and James B. Kerr of Carey & Kerr. The property will continue to be operated under the name of the Baldwin Sheep Company, whose stock has been noted the country over for many years.

There are at present more than 20,000 head of fine sheep on the place, valued at over \$100,000. This number or greater will be maintained, and it is the announced intention of the purchasers to raise at least 5000 head of hogs for the local market each year and as many cattle as can be properly taken care of. Poultry-raising will be a side issue, but likewise conducted on a broad scale.

The Presbyterian Choir Concert

The concert given by the Presbyterian choir, assisted by members from the orchestra and other local talent Monday evening was enjoyed by all who heard it.

Unfortunately, county court and other meetings prevented a large attendance and the good work done by these people was not rewarded as it should have been.

C. O. Pollard deserves much credit for directing the music and otherwise taking charge of the evening's entertainment.

A meeting of stockholders in the Grange Hall Co. was held at the N. P. Alley home Friday night. About three years ago this company was formed, having for its purpose the building of a community hall. Stocks to the amount of \$210 were sold and everything looked bright for the erection of the hall. The company bought an acre of land from A. H. Rohde, it being decided by a majority that this would be a proper location. The matter of location, however, has always been a sore one with some of the stockholders and is the direct cause of the failure of the company to build. The recent meeting was for the purpose of dissolution. The majority of paid in stockholders transferred their money to the Wilson schoolhouse fund and it will be used to build a schoolhouse instead of a hall, as was originally intended.
