Mrs. C. Sam Smith

Meets with an Accident

Mrs. C. Sam Smith narrowly escaped serious injury last Sunday morning. She was out at the feed yard when Stanley drove in the team and wagon used to feed the stock. In unhitching the team one tug was overlooked and when the horses were turned loose the wagon followed them. This frightened the horses and they started to run. Mrs. Smith tried to get out of the way but fell and sprained her ankle. She luckily fell near a post and this stopped the flight of the animals, but not till the horse and wagon were upon her. The wagon just touched her body while the sharp corks of the newly shod horse just missed her in several directions.

Maids and Matrons

Draw Good House

A large audience enjoyed the play, "Maids and Matrons," Tuesday evening at the Club hall. This play depicted the social side of life during colonial times.

The powdered wigs and characteristic costumes added charm to all the characters. One of the most artistic features of the play was the minuet performed by eight young ladies.

Colonel Washington, the soldier boy, Arnold and Andre were the subjects for several interesting incidents.

The parts were all well taken and every member as well as the efficient director, Mrs. Van Morse, deserves much credit for the successful production of this pretty colonial play.

Commercial Club

Holds Smoker

Wednesday evening an enthusiastic crowd of Prineville citizens gathered at the Commercial Club for their annual smoker. Cigars and tobacco were furnished and a ray of satisfaction that the club had started up again shone on every face. The plan of the club for the coming year was outlined in a speech by W. F. King. Everyone enjoyed themselves at billiards, cards and bowling until a late hour.

At the M. E. Church

You are cordially invited to the services of the Methodist church Sunday. The pastor's theme at the morning service will be—"An Unexpected Reproof, or a Serious Misunderstanding Corrected." Powell Butte

Geo. Eisler came home Tuesday from the Central Oregon Irrigation Co.'s ditch camp east of Bend, where he has been working for the past two months.

Irwin Bros. of the Willamette valley were visitors to this section several days the past week. These gentlemen are looking for locations and were very favorably impressed with possibilities in these parts. While here they stopped at the Montgomery home.

Harvey Harris, the Redmond stock dealer, was a visitor out this way Tuesday.

Mr. and Mrs. Ed Williams returned Monday from their honeymoon trip to Portland and other valley points and are now located on their Powell Butte farm where they are at home to their friends.

Mr. and Mrs. A. S. Humphrey and daughter of Parlier, California, arrived here the fore part of the week with the intention of locating among us. They are stopping at the home of Mr. Humphrey's brother and family for the present.

A pile of bridge timbers at the river bed crossing on the Powell Butte-Redmond road would indicate that we are to have a new bridge at that place.

Miss Poore, a sister of Mrs. J. J. Chapman, came in from Portland Tuesday and will make a three-months' visit at the Chapman home.

L. Jones, the Prineville sheepman, has bought hay of A. H. Rohde and will again winter his large flock of sheep here, herding them on the desert during the day and feeding and bedding at the Rohde place.

Hobbs Bros. and Dewey Johnson went to Prineville Wednesday where Lee Hobbs and Johnson were to appear in court as defendants in a case which when presented was denied a hearing. On their return a deplorable accident happened to Dewey who was horseback and in some way became separated from others who were riding in a hack. The young man apparently more dead than alive was picked up by some folks in an auto and taken to Ross Bussett's place where he has since been given every care. It is presumed that the horse fell or threw his rider in such a way as to stun him and the subsequent exposure, together with the injury are the causes of his inability to tell a connected story of the accident. Dr. Hoesch of Redmond attended young Johnson and Miss Ila Charlton is nursing the case.

Mrs. Allen Wilcoxon and small daughter, Harriet, left Thursday for Portland where they will join Mr. Wilcoxon in a visit to friends in the metropolis. They will also visit Mr. and Mrs. E. A. Bussett and family at Hood River before their return.

Mrs. Jones and son went to Prineville Friday for a visit with the older son, Ralph, who is a student at the C. C. H. S. this year.

Ed Williams received a carload of hogs from outside points last week, apparently Mr. Williams intends to join the ranks of the prosperous pork producers of Powell Butte.

Geo. Morgan finished hauling wire for Mr. Cornett last week. This wire is intended for the erection of a five-mile fence which will turn anything from a jack rabbit to a breachy cow. Mr. Morgan is putting up three-fourths of a mile of the same fencing.

Guy Sears and Mrs. N. P. Alley went to Prineville last week as witnesses on the Crenshaw trial.

Frank Bally and sister, Mrs. Zelma

Cox, and Miss Eva Hannat of Southern Oregon are here, visiting at the Geo. Hobbs home, the gentlemen being old friends. The party, doubtless, will remain in this section for the winter. Mr. Bally who is a mining man expects to do some prospecting while here.

N. P. Alley went to Prineville Friday where he submitted plans for the Wilson schoolhouse to Supt. Myers. The plans were entirely satisfactory to that official with the exception of lighting. Mr. Myers explained that to comply with the late school laws the light must come from the left hand side of the pupils. To make this possible the windows must be placed on the north side of the house with the exception of two small ones at the east end. The first lumber for this schoolhouse is on the ground and work has commenced.

Mrs. A. W. Bayn returned from Prineville Sunday where she visited her daughter, Miss Hazel.

Mrs. N. P. Alley entertained the Powell Butte Sorosis Wednesday at an all-day session. The ladies tied comforts in the early afternoon, following a sumptuous dinner served by the hostess. After the work was finished the business part of the meeting claimed the attention of those present until time for home-going. Next meeting of the club will be with Miss Mable Allen on Dec. 17.

Mr. and Mrs. G. C. Truesdale, Reeves Wilcoxon, Earl Saunders and Geo. Braze were Powell Butte people in attendance at the "Get together meeting of farmers in Redmond Saturday evening.

Geo. Hobbs shipped a car of hogs Tuesday. This is the first car ever billed from the yards in Redmond where the stock was owned by one man. The car was billed to Seattle with a stop-over in Portland and will doubtless be sold on the Portland market, provided prices are satisfactory. Mr. Hobbs accompanied the shipment.
