

AT LAST WE HAVE IT!

Community Silver in that famous Georgian design. Have you seen it? No, you have not, except in the magazines. But you can see the real article now. The Georgian design, of which we have the **exclusive agency**, is the most famous design ever put out by any silverware manufacturer, and the beauty of it is, it

costs no more. Yes, we have decided to sell this at the lowest possible figures. No use to say now that you can buy it cheaper elsewhere, because **you can not**. What's the use of buying inferior goods when you can get the neatest in design and the best in quality at the same price or less at our store.

The way to win a woman lies through the jewelry store, and we have just the thing she would appreciate in guaranteed quality at the right price. Our selection has never been so complete. There are 200 rings to choose from. More than 100 fobs. 50 of the latest bracelets. Over 50 pendants and La Villiers. More than 100 locket and pendant chains. And really our stock of watches is up-to-date. Ask to see the "knife-edge" model. It's a peach.

It's a case of jewelry. When you come here to buy we can show you case after case of jewelry, and can fix you up with most anything for him, such as cuff buttons, sleeve links, stick pins, chains, fobs, tie clasps, lodge pins and buttons, toilet sets, smoking sets, military brushes, shaving sets, knives, razors, etc. Take a look. Our selection is complete. Why not give him that watch. We have them at all prices, \$1 up to highest grades and latest thin models.

Again we have decided, like last year, to have a special sale in Cut Glass and Hand Painted China. As you know high-grads Cut Glass and genuine hand-painted China is expensive, and we know lots of people like it, but can not afford the price, and as we are in need of funds we will meet you in the price. That line of crockery is still selling at reduced prices.

The family black-board-chart-desk, formerly sold at \$8.50, will close them out at \$3.95. Just the thing for boys and girls. Visit the gift store. Do it now. It costs no more than it will the last day, and will be much more pleasant.

Consumption Takes 350 People Every Day

In the United States and the surprising truth is that most cases are preventable with timely, intelligent treatment.

These appalling facts should warn us that after sickness, colds, overwork or any other drains upon strength, Scott's Emulsion should be promptly and regularly used because tubercular germs thrive only in a weakened system.

The tested and proven value of Scott's Emulsion is recognized by the greatest specialists because its medical nourishment assimilates quickly to build healthy tissue; aids in the development of active, life-sustaining blood corpuscles; strengthens the lungs and builds physical force without reaction. Scott's Emulsion is used in tuberculosis camps because of its rare body-building, blood-making properties and because it contains no alcohol or habit-forming drug. Be sure to insist on Scott's.
