

## High School Debate Tomorrow Evening

Friday evening, January 23, The Dalles High School will meet Crook County High in debate on the question: Resolved, "That a majority of all votes cast at the election should be required to pass an amendment to the state constitution."

The affirmative team, composed of Chas. Remington, Victoria Huston and James Cram, will debate The Dalles negative team at the Methodist church here, and the C. C. H. S. negative team, composed of Orville Yancey, Frederick Rice and Hobart Belknap, will meet The Dalles affirmative team at The Dalles.

Under the efficient direction of Supt. H. C. Baughman the Crook County High School teams have been working hard for several weeks and we feel that whatever the decision of the judges may be, we are going to be proud of our debaters. What is needed now is the loyal support of all who are interested in Crook county and its chief educational institution. The high school is under heavy expense in bringing the judges here and in sending a team to The Dalles, and your presence will not only encourage the home team but will give Crook County High the financial support it needs on this occasion.

## Supt. Myers Puts in a Word for County

County School Superintendent Myers, in an interview with a Oregonian reporter last week had this to say of Crook county:

"With the advent of the dairy cow into the irrigated districts of Central Oregon, the settlers are more than ever encouraged with their prospects, according to J. E. Myers, superintendent of schools of Crook county, who was registered at the Imperial from Prineville yesterday.

"With the cow as the farmer's mainstay, and the hog as a by-product, acreage that was a failure under 'straight hay' methods now yields an income that supports an ordinary family in comfort," said Mr. Myers, "so that at this time a great many who were discontented a few years ago are now content to remain and help build up the country."

The question of better agriculture has been taken into the schools of Crook county to some extent, as it has in other Oregon counties, and to encourage the boys and girls in acquiring a knowledge of better livestock the Crook County Fair Association will offer what are termed junior and senior prizes for stock judging at the next county fair at Prineville.

"To encourage a more active interest in farm life," said Mr. Myers, "an opportunity will be given to each child of the county to select the line of farm work he or she likes best. A report of their selections will be made to State Superintendent Churchill, and bulletins pertaining to the branches selected will be sent them from time to time.

Mr. Myers says crop conditions throughout Central Oregon are promising."

## Eighth Grade Exams Names of the Winners

Supt. Myers has finished grading all county papers that have been received at his office and is pleased with the results.

There were many more applicants this time than a year ago, due to the rapid growth of the county. There were thirty-four who finished the eighth grade and diplomas have been mailed to them. Thirteen were conditioned. Most of these conditions are in the subjects of civil government, grammar and arithmetic. These conditions may be removed at the May examination. Seven of those attempting the eighth grade examinations failed and will have to take all of the subjects again. One hundred and thirty-seven took the examination in physiology and geography. Nearly all those taking the physiology passed. Those taking geography did not fare so well as a number of failures were noted.

Nine outlying districts which have poor mail service have not been heard from yet.

Those making the highest average grades in the county are:

Anna Butcher, 94.2, district 76, Redmond.

Marie Brosterhous, 93.4, district 12, Bend.

Alma Nichols, 93, district 42, Opal City.

Shelburn Ayres and Ruth Brennan, 92.7, district 1, Prineville.

Beatrice Bullard, 92.4, district 53, Laidlaw.

The following are the names of those who passed the eighth grade examination in the county:
