Learn to do Your Own Testing

S. R. Cooper, manager of the Pioneer Cream Co., announces this week that he will place his testing apparatus at the disposal of his patrons every Saturday of each week. Prof. Pratt, instructor in agriculture at the Crook County High School, has kindly consented to give free instruction in testing so that every dairymen can test his own butter fat and know exactly what it is worth.

Much more than this can be accomplished. The dairymen can keep a record of his cows and know at any time what each cow is doing. If a cow is not earning her board this is a good way to find out. In fact, it is the only way to make a herd profitable. Cows that are found to be unprofitable can be sent to the block and better milkers substituted. Get your herd down to a dollar and cents basis by keeping tab on every member of it. Besides you do not have any heart-burnings when the monthly pay check comes around.

The Sunday Concerts.

One of the largest crowds that has yet turned out listened to a splendid program presented by the Prineville Band last Sunday afternoon. There were vocal solos by Mrs. J. H. Rosenberg and Miss Blanche Williams, both of which were highly appreciated by the large audience.

Carl Zinke, who has been directing the band, left Prineville Wednesday. The concerts, however, will be continued under the leadership of L. C. Morgan until another director can be obtained. The citizens of Prineville are manifesting such an interest in the Sunday concerts that they cannot at this time be dropped. The band is doing very well and it is assured that the quality of the programs to be presented in the future under Mr. Morgan's leadership will be up to the standard of the past.

Can Get Laborers for Board and Lodging

Judge Springer received a telegram from Governor West the first of the week wanting to know whether or not Crook county could use any part of one hundred men on road work if furnished at a cost not exceeding the price of board and lodging for a full day's work for each man employed.

The judge has called a meeting of the board for Monday to decide on the number of men to be employed on roads for their keep.

A Difference.

"Say," remarked Harry, "how d'ye teach a girl t' swim?"
"O-oh, that's easy," replied his chum. "You take her vurry gently down t' the water, an' you put an arm aroun' her waist, an' you whisper, 'Dear, don't be 'fra'!"
"Come off yer perch! It's my sister!"
"Oh, yer sister! Shove her in!"—New York American.

Illusion.

Unrest awaits us everywhere,
How'er our course is set.
You think elsewhere the sun and air
Are always better yet.
On mountain top or by the sea,
By woodland or the beach,
You think that "somewhere else" must be
The spot you long to reach.

And still you make the old mistake
Wherever you may roam.
You sing about it, yet forsake
The place called "home, sweet home."
In vain your fancies are inclined
To wandering quest of cheer,
For "somewhere else" you'll always find
Becomes plain plodding "here."
—Washington Star.

Notice to Stockmen

Owing to the fact that at the last session of the Legislature a change was made in the law for branding livestock, I desire to give notice to all stockmen of Crook county that unless their brands are renewed before June 3, 1914, said brands will be cancelled. To renew these brands I have adopted the plan of recording the brand in the same way that it was first recorded. By doing this it will be necessary to file a leather with the brand burned upon the same, together with the application for recording the brand. The fee for recording is 50 cents. Applications may be received by writing to this office. It will not be necessary to renew brands that were recorded at this office after June 1, 1913. 1 20 3t WARREN BROWN, County clerk.
