Mrs. Thomas Brink Buried at Prineville

M. E. Brink returned Tuesday evening with the remains of his mother who died at Red Bluff, Calif., January 27. On Wednesday the body was interred in Masonic cemetery beside her husband.

The funeral services were held at the Brink home where many friends of the deceased gathered to pay the last sad rites to the memory of the departed.

Elizabeth Vrooman was the youngest daughter of Nicholas Jacob and Sarah Vrooman. She was born in Pennsylvania April 7th, 1844. In 1850 she went to Sterling, Illinois, with her father and sisters and was married to Thomas Brink at that place December 14th, 1859. She lived on the farm with her husband until April, 1874, when the family moved to Iowa and thence to Oregon in October, 1874, arriving at Albany on the 24th of that month where she lived until August, 1908, when she moved with her husband to Prineville, Oregon. In 1910 she moved to Red Bluff, Cal., where her death occurred. Mrs. Brink was the mother of five children, three of whom are still living. They are Manford O., of Morgan Hill, Calif.; Mason E., of Prineville, Oregon, and Margeria P., of Red Bluff, Cal.

Mrs. Brink was a member of the Methodist church and was a true and earnest Christian. Wherever she lived she soon had a host of friends and neighbors. She always had a kind word and a helpful hand for those in trouble or need. "Mother Brink," as she was often called by those who knew her best, will be missed by her many friends. Many beautiful floral pieces were sent by friends and relatives from Red Bluff.

Death of Mrs. Harbin

Mrs. E. V. Harbin died Monday, at Prineville, aged 96.

Almira Burton was born in Kentucky, February 10, 1818; was married to E. V. Harbin October 5, 1843; crossed the plains with her husband and four children in 1853; settled in Linn county in 1862. While hunting Mr. Harbin was mistaken for a deer and killed by a neighbor. In 1890 she and her two youngest sons moved to Prineville where she has since resided with her son, Edward. She had six children—Martha Mixon, Mary McMeekin, Nancy Whitney, all deceased; Abel Harbin, last heard from in California; James Harbin, Waterloo, Oregon, and Edward Harbin of this city. She was buried Tuesday.

Night Train Service a Good Thing

T. M. Baldwin returned from Portland Saturday morning. He left Prineville Thursday night, attended to important business, took a look over the automobile show, attended a convention or two and was back at home attending to business Saturday morning.

He speaks in the highest terms of the night service between Portland and Central Oregon points. You leave Redmond early in the evening, get a good night's sleep and a first-class breakfast on the regular dining car after leaving Fallbridge. "The night trains are not only a great convenience," said Mr. Baldwin, "but also great time savers, that the people should appreciate."

"Brides' Kensington" at Williams' Home

Four young brides—Mrs. W. H. Wirtz, Mrs. Ross Robinson, Mrs. D. H. Peoples and Mrs. L. M. Bechtell—were delightfully entertained by the Misses Williams, Thursday afternoon, January 29.

Each guest selected her sewing so that it could be completed during the afternoon. After the various and interesting articles were finished, luncheon was served, a bride presiding at each table. The guests of honor were then requested to choose in turn from the mysterious assortment of packages which the guests had prepared.

The brides, attired in their wedding gowns, blushed in a satisfying manner and proudly displayed an unusual number of burns and cut fingers as evidence of their housewifely attainments.

All voted the afternoon most delightfully spent.

Those present were—Mesdames Ross Robinson, L. M. Bechtell, D. H. Peoples, W. H. Wirtz, Frank Foster, Wm. Ledford, Guy Lafollette, J. W. Carlson, G. N. Clifton, Frank Elkins, Harold Baldwin, Hugh Lakin, A. J. Wilson, J. W. Smith, Carey Foster, Ray Brewster, Misses Baldwin, Dollie Hodges, Cassidy, Dobbs.

Surprise Shower for Mrs. Otto Gray

Last Monday evening Mrs. C. J. Johnson gave a surprise shower at her home for the pleasure of her sister, Mrs. Otto Gray, who has just moved into her new home at Bonnyview Farm. It will be remembered by friends that Mrs. Gray's home with all the contents burned last spring.

The many friends of Mr. and Mrs. Gray were glad of this opportunity to show the high esteem in which they are held and to help in a small way replace some of the many useful things that were lost. There were more than one hundred guests and each one brought some useful present. A bridal shower could not have been more timely nor interesting.

The hostess had arranged an excellent program after which all were served with refreshments.

The delightful part about the shower was that Mrs. Gray came to town to attend her sister's reception not knowing that she was to be the honored guest.

Not as Bad as Reported

Meadows, Or., Jan. 31, 1914.
Editor Crook County Journal—

I understand that a report has been circulated in Prineville that the road between that place and Summit Prairie is impassable. That report is certainly a mistake for on the 29th inst., Jas. Wright of Prineville made the trip from the Ochoco Ranger station to the P. L. & L. Co.'s headquarters in Summit Prairie, a distance of 13 miles in 4 hours and 10 minutes which I consider very good time over impassable roads. L. CONNELL.

Earthquakes.

There are five times as many earthquake shocks recorded on the Pacific coast of the United States as on the Atlantic coast.

Columbia River.

Agos ago, scientists assert, before the melting of the Okanogan glacier in the state of Washington, the Columbia river made Niagara insignificant by comparison. It plunged from the upper to the lower valley in the Grand Coulee, a sheer fall of 400 feet.

A Hot Knife.

"A knife that cuts butter when it is hot" (and under no other circumstances) we sometimes meet with, and the reason of this is easily explained. Heat expands metal and in proportion to the amount of metal which is heated. There is more metal in the breadth of a blade than in its thickness, and the former therefore is expanded immensely more than the latter. In other words, the wedge-like shape is lengthened, and the tool becomes "sharp."

Salmon as Jumpers.

At their best salmon can jump at least ten feet above the surface, a feat achieved by slapping the water with the powerful tail and flexing the body until the head and tail all but meet.

Butter and Eggs And Merchandising

By HOLLAND.

MR. FARMER, do you spend money with mail order houses? Do you send your cash to Chicago or New York while doing a credit business with your local merchant? You do not? Then we congratulate you and beg to say that these words are addressed to the man who does.

You, Mr. Mail Order House Patron, should think a few thoughts before buying another money order or draft payable in Chicago. Think what sort of welcome you would receive if you went to that big Chicago concern with a few pounds of butter or a few dozen eggs! Would the Chicago concern buy your eggs, think you? Would it take your butter and give you in exchange sugar that is sold at such a narrow margin of profit that the weighing must be careful and close or there will be a loss? Hardly.

The mail order house insists on cash—cash in advance. There is no bargaining and no credit. It is "Send me your money first if you want my goods."

It will be to your advantage directly and indirectly to spend your real money where you take your butter and eggs.
