

## Prineville Gets Better Mail Service

Ten o'clock mail is the latest news for Prineville and everybody sat up and took notice of this fact last Tuesday morning when the Jourdan-Kulesch Stage Company came into town with Uncle Sam's mail in their new Mack auto truck, having made the trip in one and one-half hours. They have been using a similar auto between Redmond and Sisters for the past two weeks. It was expected to put the Prineville-Redmond truck on earlier but a cloudburst overtook Mr. Jourdan in the Antelope Canyon as he was bringing the auto from The Dalles. The water rose so rapidly that it was soon running over the bed of the auto. About this time Jourdan thought it time to take to the tall timber in order to save himself. The next day the truck was found about two hundred yards below the scene partly embedded in the rocks. The owner hauled it out and left it with Johnny Bolter until he could get the necessary parts with which to make repairs.

Women who are nervous and fretful and easily fatigued promptly gain strength and natural energy by taking Scott's Emulsion after meals because it is essentially nourishment—not a drug that stupefies or alcohol that stimulates—there is pure, rich medical nourishment in every drop which nature appropriates to enrich the blood and rebuild the latent forces of the body.

Probably nothing is more popular with physicians for just such conditions than Scott's Emulsion. Avoid substitutes called "wines", "extracts" or "active principles"—they are not cod liver oil.

## Eastern Star Ladies Make Life Worth While

Wednesday afternoon about forty ladies of the Eastern Star gathered at the home of Mrs. J. W. Boone to help her celebrate her birthday. One of the surprises for the afternoon was the present of a beautiful comforter from this year's officers. This comforter was designed after the pattern of the Eastern Star floor cloth, which is a five pointed star, composed of the different colors of the order. The names of the officers were embroidered on the comforter and the fourteen ladies in their proper places bore it into the room and presented it to Mrs. Boone. Other members took various gifts to the hostess.

Cake and coffee were served at the close of the afternoon and each guest was given a piece of Mrs. Boone's delicious birthday cake.

These ladies also remembered Mrs. W. A. Booth who is in a hospital in Oakland, California, with a Round Robin letter. A letter from Mrs. Booth was read to those present.

## The College and the People

We have read and heard much the last year or so about the various forms of extension work of the colleges and universities. "Bring the College to the People" has become a familiar headline to all of us. As an actual fact it has not meant much to most of us however, but with the coming of the County Short Course this will change. This Short Course, a description of which is found in another column of this paper, will mean much to those who are so fortunate as to attend. The college does not often come into our midst, and Prof. Pratt is to be congratulated upon securing one of these Short Courses for Crook county. Professors Potter, Scudder, Fitts, Dolman and Dean Calvin from the College; Mrs. Walker and Mr. Pratt from our high school, a capable group of instructors surely, and one it will be a pleasure to listen to.

For the benefit of those of our readers who have not yet sent in a slip, we print on another page a copy of the registration card which is used to help those in charge learn how many to expect. If you have not already done so fill it out and mail it now.

## Mrs. Waldron Gives Good Entertainment

The Elocutionary recital given last Saturday evening at the Methodist church by Mrs. E. L. Waldron was enjoyed by all who were fortunate enough to be present. Every number is deserving of mention and each seemed better than the last.

Her interpretation of the story of "The Church Bells" was very realistic and pronounced by some the best number on the program. The most humorous selection was "A Dinner at Walker Hall" in which a dinner with all its modern appointments was described by an old fashioned woman.

Mrs. Waldron, who has had several years' experience in her chosen profession, is now living near Sisters and it was through her daughter, Miss Florence, who is a senior in the high school, that her services were secured. Mrs. Waldron made many friends while here and deserves much credit for her efforts in behalf of the senior class of the Crook County High School.

## Basket Social at Grimes Chapel

The entertainment and basket social given at the Grimes Chapel last Friday evening by the Ladies' Aid and M. W. A. Band was a social and financial success. The program was well rendered and did much credit to those taking part. "The Pledge," a temperance play in five acts, was especially good and bespeaks success in every way for the performers. The sale of the baskets netted \$60.75. Roy Creamer had the honor of paying the highest price for a single basket—\$5.50. Many appreciative numbers were furnished by the M. W. A. Band. The boys are entitled to a word of cheer for their great advancement.

A lunch was served after the program.

## Everybody Likes the Sunday Concerts

The Sunday afternoon concerts continue to draw large audiences. Last Sunday every seat was occupied with about fifty standing. Before the closing number W. F. King took the platform and explained that it would be necessary to raise money for a band leader if the concerts were to be continued. A rising vote showed that all present wished to have these concerts continued and Mr. King then suggested ways by which they would try to raise the necessary money.

The little girl is very enthusiastic over her success in sheep raising on her father's farm.

## Only Nine Women Have Registered

The voters of Crook county will soon be called upon to decide who shall enter the race for the various county offices, which are to be filled at the November election of this year. Only three months remain in which to make this decision as the primary nominating election will be held May 15.

Officers to be elected for Crook county are: County clerk, sheriff, treasurer, surveyor, coroner and one commissioner to succeed R. H. Bayley.

Every man and woman who is entitled to vote should become interested in politics to the extent that he will ascertain the requirements of each of the above officers and then investigate the record of each candidate so that when election day comes he will be prepared to vote for the best interests of his county and state.

Thus far very few of the voters in Prineville have registered and since the registration books close May 1st, County Clerk Brown requests that all voters register as soon as possible so that a rush may be avoided near the close.

Only nine women have registered, Miss Nora Stearns being the first woman to do so.
