

Commercial Club Will Work for Big Project

At the business meeting of the Commercial Club Monday evening, W. F. King, chairman of the weekly committee appointed to assist D. F. Stewart with the road work, reported that he called a meeting at Newsom creek for the purpose of enlisting aid in the construction of the roads into that section. "There was no trouble at all in getting volunteers," Mr. King said. "All told 21 weeks of road work for men and teams were offered. This donation, measured in dollars and cents, would foot up \$630. The people up there deserve lots of credit for their loyal support of the good roads movement." C. W. Elkins was named as assistant to D. F. Stewart, on behalf of the Commercial Club, for this week.

The contest for membership between the teams captained by Messrs. Duffy and Foster was decided at this meeting. Frank Foster won. His side secured 24 new names while the other side got but 12 with four more to hear from. Mr. Duffy personally secured the largest number of new members. He got nine out of the twelve secured.

Messrs. Leo Lafollette, T. H. Lafollette and Ed Slayton were present and addressed the meeting on behalf of the Table Land Ditch Co. This company has a ditch that carries water over onto the Johnson creek bench and were about to cement 24 miles of it but before doing so considered it a good time to take up the question of enlargement. The company has already made one enlargement at considerable extra expense and did not want to make another if it could possibly be avoided. The ditch could be made to carry enough water for 25,000 or 30,000 additional acres and before any more cement work was undertaken was the time to decide whether or not to take in the extra land. Plenty of water could be had for one thorough wetting each season which would be enough for the first and second crops. The proposition received the unanimous endorsement of the club and Messrs. Hyde, Pollard and Bowman were appointed a committee to work with the ditch company in procuring definite information upon which to base a plan of action. An irrigation district will no doubt be organized. Should the enlargement plan be carried out it would be instrumental in providing homes for two or three hundred families right at the door of Prineville.

Supt. Baughman of the Crook County High School asked the support of the Commercial Club in making Friday, May 8, a big day at the high school. There will be a varied program in the forenoon while the afternoon will be given over to athletic sports. Mr. Baughman requested that the Commercial Club be represented by a speaker. The chair appointed R. L. Brewster, Frank Foster and L. M. Bechtell a committee to assist the high school in making the day an eventful one. The speaker will be announced later.

AFTER SICKNESS OR OPERATION

It is a pathetic mistake to accept drugs or alcoholic mixtures when nature craves nourishment to repair the wasted body and restore the vigor of health.

For forty years the best physicians have relied on the wholesome predigested nourishment in Scott's Emulsion which is totally free from alcohol or opiates.

Scott's Emulsion sharpens the appetite—renews blood—nourishes nerves—strengthens bones and restores the courage of health to make life bright.

Scott's Emulsion sets in action the very forces that promote health; it is pure, rich strength.

Commercial Club Holds Annual Meeting

The annual meeting of the Prineville Commercial Club Tuesday evening brought out the largest attendance in years.

It was shown by President King's report that the club was on a good sound financial basis. Since December 6, 1913, the club's floating indebtedness has been reduced \$1220.60, and it is expected to reduce this amount \$394.45 by the first of June. The interest on the bonds is all paid up and the club has \$286.65 cash on hand. The income now is considerably in excess of the cost of operation.

The club has a membership of 128—85 active resident members and 43 non-resident members. There are 10 applications for membership now on the bulletin board which practically gives the club a membership of 138.

A communication was received from the Ladies' Annex; said communication contained a check for \$100 and the best wishes of the ladies for the continued prosperity of the club. A vote of thanks was tendered the ladies for their timely aid and thoughtfulness. Their kindness and interest were highly appreciated.

The election of officers came next on the program. Five trustees were to be chosen. It was agreed that from the list of candidates the five receiving the highest number of votes would be declared elected. The successful candidates were H. A. Kelley, Homer Ross, Fred Hoelcher, S. R. Cooper and T. E. J. Duffy. These trustees elect the officers of the club from among their number.

There were many calls for W. F. King to remain at the helm but he positively declined. He stated that he had dropped his road work to push the club and now, when everything was working splendidly, he wished to take up his road work again. Part of the work is to erect signboards at the intersection of cross-roads on all important highways throughout the county. He and Engineer Kelley are also at work on a large road map of Crook county which, when completed will be presented to the county court.

A three-fourths vote of the membership of the club passed the following important amendments to the by-laws:

Section 11a. The membership fees and dues of members of this club shall be kept in a separate fund to be known as the Maintenance fund, and shall be used only to meet and defray the involuntary indebtedness of the club, unless the surplus in such fund shall exceed five hundred dollars, in which case the excess over such surplus of \$500 may be used for general purposes.

The Board of Trustees shall not contract or create any indebtedness of this club unless there are sufficient funds in the General Fund to meet all such contracted and created indebtedness. All funds coming into the hands of the secretary, except membership fees and dues of members, shall constitute the General Fund, unless otherwise ordered by the members of the club.

At the close of the meeting Mr. Duffy and his cohorts who were defeated in the membership race invited all present to a Dutch lunch in the club parlors. Sandwiches, coffee and cigars were enjoyed until a late hour. Next Monday evening the newly elected trustees will furnish a spread for club members. Come on out. Lots of eats.

The La Pine State Bank has filed articles of incorporation with the county clerk. Capital stock \$15,000. The incorporators are F. W. and M. F. Tomes and Alfred A. Aya.

Two Good Double Tennis Courts

It is safe to say that the Prineville Commercial Club has two of the best double tennis courts in this country. It has taken lots of time and money to get the courts into their present shape but it is worth it. There is lots of real joy in store for the tennis sharks this summer.

The schedule of games has not yet been made up for this year but it will no doubt soon be. Bend, Redmond, The Dalles and Hood River can safely be counted upon as contenders for local honors.

In mentioning improvements at the Commercial Club it might be noted that the supports to the staging when completed will settle for all time any liability to sagging no matter how much weight is placed thereon. Engineer Kelley is doing a fine job and he doing it without cost to the club. He donates his services and club members chip in for hired help and the cost of material.

Four Reels of Pictures at the Lyric

Four reels of pictures are now at the Lyric at each performance instead of only three as formerly. The program for Thursday and Friday evenings consists of two comedy and two dramatic films:

"Reginald's Courtship."
"On Their Wedding Eve."
"Gypsy Love."
"The Madonna of the Storm."

Coming features are: "Motion Picture Dancing Lessons," in three reels, teaching the Tango, Hesitation Waltz and Turkey Trot by Mr. Wallace McCutcheon and Miss Jean Sawyer, teachers to New York's "Four Hundred."

"Wild Beasts at Large, or When the Menagerie Broke Loose" is all that its name implies, a comedy of thrills from start to finish.

"The Wreck" is a three part film containing some of the most startling scenes ever filmed. Dates for these features will be announced later.

Music and Art Department Hold Meeting

The Music and Art department of the Ladies' Annex held its regular meeting at the club parlors Tuesday afternoon. An interesting and instructive program was rendered.

The vocal duet by Mesdames C. M. Elkins and F. A. Rice was much enjoyed as was also the instrumental duet by Mesdames Douglas and Bechtell. "Much Discussed Pictures of the Day" was ably handled by Mrs. Collins Elkins. The mural decorations now being prepared for the Panama Exposition received quite a bit of attention and it was decided to make the study of these pictures and their authors one of the features of the department.

A paper on "Constantin Meunier and his Message to the United States" by Miss Bertha Baldwin aroused much interest in the Belgian sculptor.

The following program will be given at the next regular meeting on the second Tuesday in May:

Roll call—Favorite English artist and why.
Paper—English Composers—Mrs. Clifton.
Landseer—Mrs. Kayler.
Duet—Mesdames Morgan and Bechtell.
Turner—Mrs. C. M. Elkins.
Instrumental solo—Mrs. Douglas.

Owl Dance May 1.

Come to the Owl dance, Friday, May 1st, 1914. Plenty of floor managers, insuring everyone plenty of dances. Excellent music and a good time for everyone. Nothing but gentlemanly conduct will be tolerated.

Are you wearing lenses that are not satisfactory? If you are having trouble with your eyes, it will pay you to come direct to me. I will give you eyes a thorough and careful examination free of charge and tell you the exact condition they are in.

I Fit Every Conceivable Style of SPECTACLES and EYEGALASSES

Dr. Behrendt is now introducing the late Kryptok Invisible Bifocals and Toric Lens, which is without doubt the finest lens ever put on the market. Perfect fitting glasses, ground especially for weak eyes, astigmatism, near-sightedness, far-sightedness, reading or fine work.

We especially solicit complicated cases. Our experience often enables us to give satisfaction when others have failed.

Our glasses cure headache, neuralgia, nervousness, tired eyes, aching eyes, styes, granulated lids, bloodshot eyes, etc.

Remember that our responsibility does not end until you have obtained the satisfaction you expect.

Parents Should Not Neglect Their Children's Eyes

For a pair of glasses, worn for a few months, will often enable a child's eyes to strengthen and fully develop, while neglect at this critical time will injure the eyes as to make it necessary, sooner or later, for them to put on glasses and wear them continually.
