Adjourned Session of the County Court

An adjourned session of the county court convened at the courthouse, Prineville, Oregon, on March 30th, 1914, at 10 a. m. Present—G. Springer judge, R. H. Bayley and Willis W. Brown Commissioners, Warren Brown clerk, Frank Elkins sheriff.

Whereupon the following proceedings were had, to-wit:

In the matter of the Wilhoit bridge. The matter of requiring a bond in the sum of \$5000 from the Coast Bridge Company was reconsidered and it appearing to the satisfaction of the court that the material has already been delivered and is now on the ground, and it further appearing that a bond in the sum of \$4000 is a sufficient protection to the county, it was ordered that a bond in the sum of Four Thousand Dollars (\$4000) be approved by this court. Bond presented and approved.

In the matter of the services and disbursements of Geo. P. Clark. Reopened, reconsidered. It appearing to the satisfaction of this court that the bill presented by the Coast Bridge Company for the services and disbursements of Geo. P. Clark, an expert of Portland, Oregon, in the sum of One Thousand Ninety and thirty hundredths dollars (\$1099.30) is a just claim, the same is allowed and the clerk ordered to draw a warrant accordingly in favor of Geo. P. Clark.

In the matter of the discount of county warrants. Reopened, reconsidered. It was shown to the satisfaction of the court that the amount of this claim represents a sum which was originally due the Coast Bridge Company for work and labor and which was turned into the county treasurer in the course of a settlement of an injunction suit against certain county warrants and that the same is still unpaid and due the Coast Bridge Company. The claim in the sum of Three Thousand Nine Hundred Twenty-eight and fifteen hundredths dollars (\$3928.15) was allowed.

In the matter of the road tax levied against Prineville property for the years 1901, 1902 and 1903. Now at this time this matter coming on to be heard relative to a certain road tax levy for the years 1901, 1902 and 1903 by Crook county against property of the city of Prineville and the said claim having been properly audited and verified by the county court, the same is hereby allowed in the sum of One Thousand Six Hundred Ninety-four and forty-eight hundredths (\$1094.48) dollars in full settlement thereof; and the clerk is hereby ordered to draw a warrant accordingly in the amount of the said sum in favor of the city of Prineville in payment of the same.

In the matter of the C. E. McDowell road. Left in the hands of the county judge with power to act.

In the matter of the county water master. Ordered that the clerk be instructed to draw a warrant in the sum of Three Hundred -300- dollars in favor of W. F. King, the same to be considered and is hereby declared to be in payment of and in lieu of all traveling expenses allowed or to be allowed by this county to George Brewster, county water master, for the year beginning March 1st, 1914, and ending Dec. 31st, 1914. Judge Springer dissenting.

In the matter of the auto for the county school superintendent. Ordered that the contract of March 5th, 1914, between the county and Supt. Myers be canceled in open court and that the clerk be instructed to cancel and declare void warrant No. 430, Class 26, payable to the Huff-Noble Auto Company, which was drawn in compliance with said contract.

March 30th, 1914.
In the matter of material for Deep Canyon Trestle. Contract signed by the county and Coast Bridge Company whereby the company agrees to furnish certain specified material for the trestle over Deep Canyon and the county to pay the sum of Six Thousand -\$6000- dollars, for the same. Ordered that upon the presentation of a proper bond in the sum of Six Thousand -\$6000- dollars, the clerk be instructed to draw a warrant in the sum of Three Thousand -\$3000- dollars payable to the Coast Bridge Company as partial payment for the material furnished for said Deep Canyon trestle. Bond presented and approved.

An adjourned session of the county court convened at the courthouse, Prineville, Oregon, on April 1st, 1914, at the hour of 10 a. m. Present—G. Springer judge, Willis W. Brown commissioner, Warren Brown clerk, Frank Elkins, sheriff, whereupon the following proceedings were had, to-wit:

In the matter of marking indigent graves. Order requesting coroner to furnish list of names of indigent graves; and giving Judge Springer power to order the required number of brass markers.

In the matter of a road crossing. County surveyor ordered to make out application sent by Oregon-Washington Railway and Navigation Company for a permit allowing a county road crossing on their right-of-way near Gateway, and to make all measurements necessary to fill out the said application.

In the matter of the proposed change in the Edwards county road. Passed resolution to make the said change and ordering the surveyor to survey the same and report. Ordered that when surveyor files his report at this term of court, an order be made fixing the time of hearing of said report as Wednesday, May 6th, 1914, at 10 a. m. and requiring the proper notices according to law.

Estray.

Red and white sow pig, weight about 85 lbs., taken up at my place. Owner can have same by paying cost of advertising, etc.

One lot in block east of public school, \$175 cash, if taken this or next week. Address A. Lively, Prineville, Ore. 4-2-2t

Parent-Teachers Association Meeting

The April meeting of the Parent-Teacher Association was most interesting and the papers read on the "Choice of Books for Children" by Mrs. Edwards, Misses Hughes and Cassidy were fine. This subject could well have occupied the whole session but the closely related subject of story-telling was beautifully presented by Mrs. Cary Foster.

The importance of creating a taste for reading and the possibility of training the child by giving wholesome truths, training his memory by having him tell the story again to mother or father, was well brought out in the papers and discussion.

Mrs. Chas. Elkins' paper on the place of music in school and home and its influence, brought the lesson that music has a large part in creating harmony and joy.

Unfortunately for this beautiful idea it is its ideal or the spirit of music that produces harmony and not the actual knowledge of it, as the stormy lives of many of our great musicians prove.

But in spite of the shortcomings that musicians, both great and small, share with the rest of humanity, the meetings of the association have been made much more entertaining by the work done in singing by the different grades.

The two motion songs given at the March meeting by the second grade under Miss Evans' training, were especially pleasing, the children entering into the spirit of the song and expressing it exceedingly well.

At this meeting also Miss Jeffries' fourth grade class sang "Mt. Vernon Bells," a two-part song in which the whistling by part of the boys while the rest of the class sang the alto and soprano parts, was enjoyed by all and showed splendid training.

The music of this meeting was given by the fifth and sixth grades, Miss Hubbard's class carrying the alto and soprano parts of "Leaf by Leaf" and "Pleasant Summer Rain" correctly and in a pleasing manner.

The sixth grade, under Prof. Lewark's training, favored the association with a couple of selections without instrumental accompaniment.

In the discussion of music, Prof. Lewark said that he thought the school board should insist on every teacher teaching his or her own grade music and that he had asked the board three months ago not to hire any teacher for the coming year who was unable to do so.

Dead Man Found Near Long Hollow

Continued from first page.

identification possible. Some thought he was Jess Pauch, who suddenly disappeared from that neighborhood about the first of December last. The body was so badly decomposed that it was not possible to tell much about it. One leg was broken at the ankle which led to the theory that he fell off the cliff. The man had on kahki pants and vest, whippcord coat and muleskin shoes. He was somewhere between 25 and 30 years of age the jury thought. He was buried where found.

Eighth Grade Examinations.

The eighth grade final examinations will be held May 7 and 8, 1914. Thursday—Physiology, reading, geography, history and civil government.

Friday—Grammar, writing, spelling, arithmetic and agriculture. Respectfully submitted, 4-2-4t J. E. MYERS, Co. Supt.

Spring Millinery.

My line of stylish spring millinery is now on display. Fresh weekly shipments received to keep the line complete. 3-19 GERTRUDE PALMER.

"A Pair of Idiots" Drew Good House

"A Pair of Idiots" drew a big house last Friday evening at Commercial Club Hall. There was not a dull line in the comedy nor a minute between good hearty laughs. This was the best thing staged at Club Hall for a long time. It gave splendid satisfaction. Messrs. Belknap, Brown and Duffy, Miss Engdahl, Mesdames Claypool and Shirley deserve much credit for the conscientious work put upon it. It was given under the direction of Mrs. Gitchel-Morse.

BEHAVIOR.

There is always a best way of doing everything. If it but be to boil an egg. Manners are the happy ways of doing things, each once a stroke of genius or of love, now repeated and hardened into usage. They form at last a rich varnish, with which the routine of life is washed and its details adorned. If they are superficial, so are the dewdrops which give such a depth to the morning meadows. Manners are very communicable. Men catch them from each other. Consuelo in the romance boasts of the lessons she had given the nobles in manners on the stage and in real life. Talma taught Napoleon the arts of behavior. Genius invents fine manners, which the baron and the baroness copy very fast and, by the advantage of a palace, betters the instruction. They stereotype the lesson they have learned into a mode.—Emerson.

Selfish Interest.

"Wombat is always trying to stir up suffrage-like likes."
"He is evidently deeply interested in the cause."
"I fear it is a selfish interest. He's a shoe dealer."—Kansas City Journal.

Oil Meal at Claypool's.

An ordinance locating and designating the center line of Third street east from the east line of "A" street to the east boundary of the city limits:

Whereas, it appearing that there are several discrepancies between the recorded plats and surveys as made, laid out and staked over and upon the ground of the Original Plat and Survey of Prineville, and the several Additions to the said town, now City of Prineville, Crook county, Oregon.

And whereas, it appearing that the center line of Third street west from "A" street as re-established and fixed by the L. D. Weist survey and ordinance of said city adopted and passed in conformity with such survey, is two and one-half feet north of the center line of Third street east from "A" street, as laid out and surveyed over, through and across the First Addition to Prineville, Crook county, Oregon.

And, whereas, the center line of Third street east from East "E" street as laid out and surveyed over, through and across the Third and Fourth Additions to Prineville, Crook county, Oregon, makes an angle to the north of ten minutes with the center line of Third street as laid out and surveyed over, through and across the First Addition to Prineville, Oregon.

And whereas, it appears to be to the best interest of the public and the inhabitants of the City of Prineville, Crook county, Oregon, that the said center line of Third street be straightened from the east line of "A" street east to the east boundary of the city limits.

Now therefore, the people of the city of Prineville, Oregon, do ordain as follows:

Section 1. Beginning at the center line of Third street on the east line of "A" street as established and marked by an iron pin, placed by the L. D. Weist survey, thence in an easterly direction making an angle of seven minutes and thirty-six seconds to the south with the center line of Third street through the original plat of the City of Prineville, as re-established and marked with iron pins, by the L. D. Weist survey, to the east boundary of the city limits.

Section 2. All curb lines between the east line "A" street and the eastern boundary of the city limits along said Third street, shall be twenty-eight feet on either side measured at right angles to the center line of Third street as fixed and designated by section one of this ordinance.

Section 3. This center line as re-established and designated in section one of this ordinance shall be and hereby is for the use only in the building of curb on said Third street, and shall in no wise be construed as effecting or to effect the property lines as surveyed and marked on the ground of the said First, Third and Fourth Additions to the said City of Prineville, Crook county, Oregon.

Section 4. Passed by the City Council of the City of Prineville, Crook county, Oregon, after the third reading.
Approved by the Mayor of the said city on the 8th day of April, 1914. G. N. CLIFTON, Mayor.

Train and Track.

Ball bearings have been used in a railroad car in real service in Sweden. Cincinnati is to be given new terminals for the Baltimore and Ohio railway system.

The number of passengers carried on the railways of Great Britain in the year ended June 30, 1913, amounted to 3,222,000,000, or about seventy-one times the entire population. In 1878 the number that was carried was 146,000,000.

Wireless Whispers.

Each of Marconi's 130 foot masts for wireless telegraphy costs \$1,200.

The cable between the United States and Honolulu cost \$20,000,000. The two stations could be connected by wireless for \$500,000.

The Imperial government will erect a powerful wireless station in Togoland to give Berlin direct communication with all Germany's colonies in Africa.

British Briefs.

The canals of the United Kingdom stretch over 3,900 miles.

More than one-half of the money derived from England's income tax is collected from Londoners.

Artesian wells are rapidly gaining in favor in London because of the expense attached to the municipal water service.

In the west end of London there are scores of head waiters whose incomes range from \$2,000 to \$3,000 a year from tips alone.

To get results from the setting hen, exterminate the enemy. Lee's Lice Killer, Insect Powder, Carbolineum and Little's Dip. 3-19 O. C. Claypool & Co.
