

Our First Prose- cuting Attorney

Chief Justice Thos. A. McBride, of the Oregon Supreme Court, is a candidate to succeed himself on the state supreme bench at the coming primaries to be held May 15th.

While a resident of Columbia county, Justice McBride has had experience east of the mountains that makes him a truly valuable man on the bench for this portion of the state.

Justice McBride was the first prosecuting attorney Crook county had. When this county was carved from Wasco county, that county and Crook was made a part of the

THOS. A. M'BRIDE

Fifth Judicial District and Justice McBride was the district attorney. He was the prosecutor at the first term of court held in this county which was held in the structure now known as the Morris building.

After ten years' service as prosecutor and twelve as circuit judge in the Fifth District, Justice McBride in 1908 was re-elected circuit judge in that district without a dissenting vote. Every vote cast for judge in the district was cast for Justice McBride.

On the supreme bench he is known as an able lawyer and jurist. His opinions are clear and lucid and always direct to the point without unnecessary resort to excessive verbiage. His candidacy should meet with favorable consideration in Central Oregon.

Our Windows Always Bright And Clean

By MOSS.

THE value of a piece of real estate is measured by the number of people who pass it daily. The corner of Main and First streets, Alameda, is not as valuable as the corner of Broadway and Wall street, New York city.

The value of a show window is measured by the number of people who stop in front of it daily.

This paper is a HUGE SHOW WINDOW.

Thousands stop in front of it and look in.

Are YOUR goods displayed therein for the observation of these thousands? Do you think it pays for them not to see your goods?

Great department stores in New York, Chicago and such cities pay big salaries to expert window dressers. Thousands daily troop in front of their windows, attracted by the offerings so attractively displayed. These same stores spend fortunes for page after page of window display dressing in the papers. Would they do either unless it was good business?

Call up our advertising department RIGHT NOW for TIPS ON DISPLAY ADVERTISING. Let us dress up a window for you in this paper.

Then the Scandal Came Out. "I don't believe in talking about other people behind their backs," she said. "Neither do I," replied her friend. "I won't even listen to what is said about other people behind their backs."

"Have you heard the latest rumor about Mrs. Gladwin?"

"No. Is there another rumor about her? What is it?"—Chicago Record-Herald.

Sunyside

Sunyside, April 25.

Mr. and Mrs. Bart Nichols were given a pleasant surprise by a number of their friends from Pinehurst, Saturday night. The time was passed with games and music after which refreshments were served.

Word has been received that Irwin Couch, who recently underwent an operation in a Portland hospital, is recovering rapidly.

Water for irrigation purposes was turned in the ditches the last of the week. Two ditch riders are already in charge.

Mrs. Bart Nichols and daughter, Velma, made a business trip to Sisters Monday.

Hubert Scoggin of Plainview was at Camp No. 7 buying supplies the last of the week.

B. Y. Couch went to Laldaw Saturday. He expects to leave soon for an extended trip through Southern Canada.

The infant son of Mr. and Mrs. Geo. Couch, who is ill, is reported no better.

Seven teams that arrived this week from Washington have been employed to work at Camp No. 7.

P. S. Sweet of Lakeview was a Sunyside visitor Thursday.

Earl Smith has recently been employed at Camp No. 7.

Mr. and Mrs. Will Leverenz were Sunyside visitors Saturday.

Dry Lake

Some rain fell this week. Grain looks extra good. If nothing unforeseen happens crops will be good this fall.

Wm. Jones of Tacoma has established residence on a claim at Hampton Butte.

John Bendt of Tacoma has located on Camp creek.

N. N. Klms brought in a party and sold the John McCarty place to him.

Dr. Hess sold his homestead last week to a man from Centralia, Wash. C. T. Mullins and A. D. Chandler arrived this week after an absence of five months.

John Garske and Jess Moore started to Bend the last of the week to bring in the Garske family.

WATER ALWAYS NECESSARY.

During the winter season of the year many farm animals do not receive as much water as they really need to give the best results, says the Kansas Farmer. This is especially true of hogs. In cold weather, when all water left in troughs or other receptacles is likely to freeze, the animals do not have the opportunity to drink as much as they otherwise would.

Professor Dultsch, formerly of the Illinois Agricultural college, found in conducting a series of experiments in feeding swine that a sufficient amount of water is a very important consideration in securing the largest returns from the feed consumed by hogs. He found that oftentimes in securing the best results in the feeding of hogs it was necessary to encourage the consumption of the proper amount of water by supplying some of the food in liquid form.

Those who are feeding hogs through the winter season should bear in mind that the supplying of a source of pure, clean water at the proper temperature is of the greatest importance. Perhaps in many cases it will be desirable to supply a part of the water in the form of warm slop feeds. A feed cooker for the cooking of feeds has little economic importance, but such a device may be very useful in supplying warm liquid feeds during the cold season of the year.

THE DAIRY HOUSE.

Separate Building For Handling Milk Is Necessary.

In every case where a considerable portion of the farm income is derived from the sale of dairy products a building should be provided to be devoted exclusively to their care.

The essential features which should be retained in any plan are a room just large enough for the actual needs; a floor, wall and ceiling which can be easily, quickly and thoroughly cleaned; a good drain to carry away waste water; a suitable method for heating the house in cold weather; plenty of light and ventilation; convenient arrangements for washing, scalding and drying dairy utensils, and a good tank and water supply for cooling the milk or cream. This building or dairy house should be convenient to but entirely separate from the barn where the milking is done.

In case a special dairy house cannot be provided the milk or cream should be handled and stored in a clean, light and well ventilated place, free from strong odors of any kind.—From Bulletin of Indiana Agricultural Experiment Station.

Powell Butte

John Seidl, of Bend, made a business trip out our way Tuesday. Mrs. Chas. Orwiler accompanied him, visiting her daughter, Mrs. Joe Shearer and family. Little Ruth Shearer returned home with her grandma, where they were joined later by Mrs. Shearer who went up on the evening train for a week's visit at the River City.

Mrs. Frank Bayn, of Portland, arrived Wednesday for a visit with A.W. Bayn and family and old time friends and neighbors.

Miss Mabel Allen, librarian for the Powell Butte Sorosis, received fifty volumes of Holland history from the State Library Commission last week. These books were secured for the use of the club members and are free to them for the asking.

Mrs. Virgil Humphrey delightfully entertained a party of young folks Thursday afternoon in honor of her son Albert. The affair was in the nature of a birthday surprise. Sixteen guests were present and each are unanimous in their praise for the pleasant time afforded them. During the afternoon refreshments consisting of ice cream and cake were served. Mrs. Humphrey was assisted by Mrs. W. T. Smith and Mrs. Robert Ellis.

Lee Alley, of Portland, nephew of N. P. Alley, came in Thursday evening for a visit with his uncle and family.

Rev. H. V. Haslem, of Portland, was a guest at the Allen Loudfare home last week, leaving for the metropolis Friday.

The Mesdames Winnick and Gray were "at home" to the Powell Butte Sorosis and Prineville Zshumia Literary Club Saturday afternoon, sixteen members of the Sorosis Club driving down in the morning and returning in the early hours of the evening. The delightful afternoon will long remain a pleasant memory to each guest present. Those attending were: Mesdames N. T. Smith, L. W. Van Doren, S. D. Mustard, J. F. Rice, E. L. Iverson, E. A. Hall, A. W. Bayn, Allen Wilcoxon, P. Pauls, D. A. Yates, Guy Sears, W. G. Mustard, G. C. Truesdale, Misses Ada Morse, Mabel Allen and Edna Morse.

Earl Saunders, "Always a Booster for Powell Butte," is putting in some good lies nowadays while he is acting deputy assessor. The good lies referred to are simply a truthful statement as regards mail conditions in this section. At present a large number of our people are getting their mail in Redmond. This is made possible by the star route law, which requires the mail carrier to deliver and collect mail along the line of route, and in this case the party receiving mail from Redmond is served about two hours in the day than is the case of the person on the same route but whose mail is addressed Powell Butte. The amount of stamp cancellation and records of mail handled by our office is far short of what should be on account of this practice. Those in a position to know are fearful lest this office be discontinued owing to the poor showing made recently—a calamity for which there would be no plausible excuse, since instead of losing we are steadily gaining in numbers and all are dependent, either directly or indirectly on the Powell Butte post office for their daily mail supply. A difference of two hours in getting one's mail is as nothing compared to the advantage of a daily service over the necessity of a fifteen or twenty-mile drive to town to secure the usual once a week mail enjoyed in some districts where a local office is not maintained. If every person in this section would have their mail changed to Powell Butte we could soon show Uncle Sam where we are entitled to rural free delivery service, than which there is nothing of more benefit to a rural district. Everybody boost.

Mr. and Mrs. Frank McCaffery, of Redmond, were dinner guests Sunday at the L. Moore home.

Mr. and Mrs. N. P. Alley and family, Jno. Rohde, Jack Anderson and Lee Alley were dinner guests at the Guy Sears home Sunday.

Mr. and Mrs. Walcott and family were guests at the Geo. Haven home Sunday for dinner.

E. A. Bussett was a Prineville visitor Monday.

Owing to a misunderstanding as to dates the number of men answering for road work Friday were not up to expectations. However those who were out together with a large crowd of Redmond men did some good work on the Powell Butte-Redmond road, most of the work being that of blasting off a rim rock ledge about a mile west of the old river bridge.

A. H. Rhode shipped a half-car of sheep to Portland, Tuesday.

There was no preaching at the Wilson school house Sunday owing to Rev. Regan having been called to Terrebonne.

Seeking Information. Several small boys stood at Commerce and Hazel streets Wednesday morning watching some firemen who were extinguishing flames that had started in a rubbish heap.

"What caused the fire?" one of them found courage to ask a bystander.

"Spontaneous combustion," replied the person addressed.

"The boy was thoughtful a moment; then he inquired: "What time did it burst?"—Cleveland Plain Dealer.

Wasted Beauty. I thought when first I saw your face How beautiful and fair you are. And I was pleased to make a place For you upon this trolley car, And I admired your charming dress, Your lustrous eyes, your skin so clear, But I'm unhappy. I confess— You're chewing gum right in my ear.

I'm not unamiable of your charms. I know you have a winning smile. The rounded beauty of your arms Is something that I deem worth while. Your feet are wonderfully small. You are as fair as Venus de Vere; But, gosh, you've gone and spoiled it all By chewing gum right in my ear! —Detroit Free Press.
