The energetic committee that solicited the above prizes and worked with Prof. Lewark in awarding them are worthy of the highest praise, for without their tireless efforts and without the generous response of the businessmen it would have been impossible to reward the pupils in such a generous manner. The committee from the Parent-Teachers' Association who did this good work was Mesdames Charlton, Rice and Bell.

The Parent-Teachers' Association and the pupils of the public school take this opportunity to thank all who helped so generously to make May 1st a success. Especially do they wish to express their appreciation and thanks to those who so liberally contributed money and prizes to the winners of the different events.

Culvert Contracts

manufacturing concerns. I do not see how anyone can conscientiously maintain that the County Court paid an extravagant price for American Ingot iron culverts from the comparison of prices of other culverts when the names and materials from which they are manufactured are not mentioned.

From my knowledge of the material in the American Ingot iron culverts and from my knowledge of their durability and lasting qualities, I believe that the county would be justified in purchasing this class of material but whether or not too much was paid for the culvert cannot be ascertained by comparing prices with a cheaper grade of culvert. Personally I know that metal culverts can be purchased for more than 25 per cent less than the price asked for American Ingot iron culverts but when quality of material, durability and lasting qualities are considered, the matter of first price should not be the governing condition, and as far as this office is concerned, we have shown by the purchase of our metal flume that we feel justified in purchasing the best material that can be obtained.

Your very truly,
 O. LAURGAARD.

Do You Know Anything About This Man

G. Lee of Estherville, Iowa, writes to the Journal that he had a brother who went West 17 years ago to take up land; that he came to Crook county and took up a homestead near Haycreek. That was the last heard of him. "This spring," the brother writes, "we heard that a man named R. G. Lee was robbed and killed in Oregon."

No such person was robbed and killed in Crook county. If any of our readers can give any information concerning the missing man they will confer a favor by sending it to the above address.
