

City Council Meeting

Concrete Walks Ordered on East Third—Fourth to be Improved.

The regular monthly meeting of the city council was held Tuesday evening. Present—Mayor Clifton, Councilmen Lafollette, Zevely, Ward and Foster, Recorder Hyde, Marshal Coon and Nightwatch Huston.

Minutes of previous regular and special meetings read and approved. Mrs. Dillon appeared before the council to see if the order to put in a new sidewalk along her property could not be modified a little. She had a barn that stood four feet into the street and the new walk would necessitate moving it back or cutting off the four feet. She wanted to avoid either alternative by cutting off four feet up to first floor but the councilmen were stony-hearted and could not see their way clear to make any exception in her favor.

Jack Summers is the avowed champion of the little folks and bearded the council in its den to the extent of wanting the street between the city park and courthouse vacated so that the land could be used as a play ground for the children. He stood ready to do his part toward providing sand piles and other things that delight the youngsters but his appeal fell on deaf ears. In the first place the street, if vacated, would not furnish half enough room, soliloquized one councilman. "No, and another thing, if allowed to use it for play purposes it would not be long until the children would be climbing fences and playing hob with our efforts to build up the park," said another. This settled the matter so far as the council was concerned. Every individual member wanted the children to have plenty of play room but the ground petitioned for, in their judgment, was not half big enough. Mr. Summers has not accepted the decision as final.

J. H. Gray asked the council for permission to have a little water talk. He wanted to know if he could use the city water if it could be done without expense to the city. He convinced them that the water could be so controlled that for his purpose and that of a few others no damage would result to the city. He was granted permission with the proviso that if the water were allowed to flood the streets or otherwise damage property it must be shut off.

Chairman Lafollette of the Health and Police Committee reported that complaints had been made about herding stock in the streets. Some people thought they had a right to do it and he wanted the marshal to inform them differently.

Chairman Ward of the Streets and Public Improvement Committee informed the council that he had completed the work on the city park and would turn the water on right away. He also called the attention of the council for the steenth time to the condition of certain sidewalks, also to the covering on the first Crooked river bridge west of town. It needed a plank covering and needed it right away. Before he got through he was given full power to have the bridge repaired. The marshal was instructed to repair the broken sidewalks.

The Fire and Water Committee reported the arrival of two new hose carts but the hose had not arrived. City Engineer Kelley submitted plans for two new hose houses to be placed on skids so that they could be moved from place to place if so desired. Houses costing \$78.50 each were selected by the council.

The reports of the marshal, night-watch and recorder were read and approved.

The Burns Boys Had a Good Time

The return games of the Burns baseball boys have not altered the relative position of the teams. The Crook County High is easily in the lead. The first game here was a 16-8 victory for the home team, but the second was a dandy—5 to 4 and it took 14 innings to decide it. Saturday's game went to Burns by a score of 8 to 4. Weigand and Tetherow were loaned to Burns to help out on the last game.

The Burns team was shown a good time. A reception was given them at the high school Friday evening and Saturday afternoon Mrs. Belknap tendered the boys a lawn party.

Good Chance to Become a Postmaster

How would you like to be a postmaster? An executive order issued by the president requires competitive examinations for the position of all fourth-class postoffices at which the annual compensation is \$180 or more and at which the incumbent was not appointed under the civil service regulations. The examination for Crook county will be held at Redmond June 14.

There will be vacancies to fill at Culver, Lamonta, Sisters and Warm-spring. An applicant must reside within the territory to be supplied by such postoffice.

Every one goes to see "My Brother's Keeper," given by the Juniors Thursday, May 14.

Great Work of Fiction

Not as many attended the review of "Les Miserables" by Mrs. Wigle at the Presbyterian church Monday evening as the importance of the subject justified. This was Victor's Hugo's masterpiece—The Unfortunates. It portrays the tragedy and comedy of life at its best and at its worst. Competent critics concede that it is the greatest epic and dramatic work of fiction ever created or conceived. The struggles of a soul transfigured and redeemed, purified by heroism and glorified through suffering.

School Children Too Much for Business Men

Club Hall was the scene of much activity last Thursday evening when big, little, old and young gathered to see the business men defeat the pupils of the seventh and eighth grades of the Prineville public school.

Friends of the school began to get a bit shaky when they saw the long line of business men that extended from one end of the hall to the other. The youngsters, most of whom were in knee pants and short dresses, extended about two-thirds the distance. Prof. Lewark pronounced the words and Supt. Myers acted as referee.

The contest started off with a flourish.

Dr. Rosenberg was the first to take his seat. He tripped up on "beginning." The doctor left out a "n." He was presented with a lemon, the booby prize.

Ralph Jordac got mixed up on "freight," a most perplexing problem to Prineville merchants. Attorney Wirtz sat down on "accommodate." He wanted to narrow it down to one "m," which would be all right for a single man. City Engineer Kelley is a novice at politics. He couldn't even spell "candidate."

Ross Robinson, who was born in Illinois, didn't know very much about the anti-slavery question. He flunked on "abolition." County Clerk Brown strangled on "asphyxia." C. W. Elkins couldn't control his feelings and went down on "bereaved." T. M. Baldwin, M. R. Elliott and many others stood up manfully for a long time but finally succumbed to the onslaughts of the youngsters until only Supt. Baughman and M. E. Brink were left.

The schoolman fell by the wayside leaving only Mr. Brink on one side and Frank Rice and Goldie Goff on the other. The attorney was eventually forced to strike his colors and acknowledge the school pupils the winners.

The purse collected by Attorney Wallace was divided between the winners. Frank Rice receiving \$2.50 and a like sum going to Goldie Goff.

The contest proved to be a great incentive to the children. The eighth graders finished the year's work with a very high average while the seventh grade is one year ahead in the work. Instead of drudgery the work became a pleasure. Keep it up.

Some Work Being Done at Ochoco Mines

A number of people from Prineville visited the Ochoco mines Sunday. Under the direction of W. H. Crow the party was taken to the big stamp mill and then into the tunnel. Not much work is being done at the present time. A few men are employed and the ore shipped to Salt Lake. When Prineville puts in a railroad you may look for things doing at Howard.

Some placer-mining is going on all the time up there. Dan Putnam made the biggest clean-up. He got \$35 worth of free gold for 10 days' work.

Mr. McGuire who has the property bonded, is expected in any day now. It thought he will start something.

Annex Meeting Tuesday

The regular meeting of the Ladies' Annex was held on Tuesday afternoon in the Club rooms. There was a good attendance and several matters of importance were discussed. A committee was appointed to help plan special features for the Fourth of July celebration which will be held in Prineville this year. Also a committee to arrange for a local talent entertainment during fair week instead of getting out of town people for that purpose.

The new porch was greatly admired and porch boxes were planned so that the general effect would be complete. After refreshments were served by the committee in charge the meeting adjourned to meet the first Tuesday in June.

LAST DAYS of Pompeii

as presented in America by George Kleine will be shown at the

Lyric Theatre

Saturday, May 16, 1914

Through the beautiful, idle, slumbrous city of Pompeii, following closely the thread of a love tale idyllic, Lord Bulwer's mighty story sweeps on to scenes of almost preternatural power. The destruction of Pompeii—the mad scurrying of the demented thousands amid a hail of smoking cinders and blasts of flame—the falling of great pillars—the collapse of temples—makes one feel that his ears ring with the shrieks of the terror-maddened multitudes of the stricken city.

"The Last Days of Pompeii"

was made at Turin and Pompeii, Italy. Nearly 5,000 people were employed in the making—a tremendous throng of elaborately garbed, picturesque Italians.

We are obliged to pay direct to the Geo Kleine Attractions a considerable sum for the use of this great picture but one day and are obliged therefore to charge the following prices:

Matinee, beginning 2:30 p. m., Adults 35c, Children 25c
Evening, One Show, beginning at 8:15, all seats reserved, Admission 50c. Box Seats 75c
