### East and South Threaten Important Western Land Measures.

Washington.—Two bills of great importance to the west are threatened with defeat because of opposition by eastern and southern members of the house of representatives. One proposes to modify the cultivation clause of the homestead law by reducing the area that must be cultivated prior to the submission of final proof, and the other grants to settlers on government irrigation projects 20 years, instead of 10, in which to pay for water.

Consideration has been given by the senate and house committees on public lands to bills proposing to amend the homestead law, but neither house has passed such a bill.

So far as the 20-year bill is concerned, that has already passed the senate, but is threatened in the house, where eastern and southern members are inclined to raise objections to its consideration and certainly will raise objections to its passage.

### House Begins Work on Trust Bills.

Formal steps to start the administration anti-trust legislation through congress were taken by the house rules committee, when it formulated a special rule for the expeditious passage of the three bills which make up the anti-trust program.

House leaders were interested in a report that in case the senate finds it impossible to put through all the trust legislation which the house will pass and get away from Washington about July 15, an effort will be made to effect a compromise, put through part of this legislation and go home.

According to this plan, the senate would provide nothing further than the creation of an interstate trade commission, with authority to investigate and make a report at the next session of congress.

There are many democratic senators who are convinced that the senate cannot hope to put through the sub-committee's trust bill inside of two months at the least.

### Statue to John Barry is Dedicated.

With the dedication and unveiling of a monument to Commodore John Barry, the Irish patriot of the American revolution, President Wilson eulogized the early settler and hero who "brought his heart to America when he came from Ireland."

The president said Barry and Washington were the men who first saw that America must live her own life without "entangling alliances."

"We need not," said the president, "and should not, form alliances with any nation. Those who are right, those who hold their honor above their advantage do not need alliances. You need alliances only when you are not strong. You are weak when in the wrong and when afraid to do right."

Referring to Barry's heroic work as "the father of the American navy," on his coming from Ireland, the president said:

"The test of us all is whether we will assist America to live her life, retaining our ancient interest and affection for our native land."

### National Capital Brevities.

Senator Borah offered an amendment to the river and harbor bill, asking for a loan of \$50,000,000 to be used in reclamation projects.

A further urgent deficiency bill, appropriating upwards of \$6,000,000 because of army and navy activities in Mexico, will be passed by the house.

Democratic leaders in the senate aligned with the president for repeal of tolls exemption expect to see the bill closed by Sunday, but the most optimistic house leaders do not believe the three trust measures can be passed in less than three weeks.

President Wilson will oppose the changes in the pending anti-trust bills advocated by labor leaders to make more explicit the exemption of labor unions from the operation of the Sherman anti-trust law.

The diplomatic and consular appropriation bill aggregating \$5,000,000 was passed by the house. It provides for the acquisition of embassy sites and buildings at Tokio at \$150,000; in Berne, Switzerland, at \$140,000 and in Mexico City at \$150,000.

The English and Celtic (including Irish, Scotch or Welsh) group was the largest among the 32,243,382 persons of foreign white stock in the United States in 1910, who represented 39.5 per cent of the total white population of this country, according to the mother tongue bulletin which has been issued recently by the bureau of census, department of commerce.

The Charles S. Mellen, former president of the New York, New Haven & Hartford railroad, told him the whole political story of the New Haven road was the assertion here of Joseph W. Folk, chief counsel for the interstate commerce commission, which is probing the affairs of the New England railroad system.

## JUSTICE LAMAR

### TAFT AIRS MEDIATION VIEWS

Ex-President Thinks Offer And Acceptance Important Future Step.

New York.—William Howard Taft gave his views on the Mexican situation in an address at the Free Synagogue's celebration of Peace Sunday.

While the ex-president expressed little hope that the pending mediation conference would accomplish its immediate purpose, he asserted that the offer of mediation and its acceptance constituted an important step toward the future settlement of international disputes in the western hemisphere.

"But if we are to be involved in war because of Mexican anarchy, let us have it fully understood that we go into it in the service of mankind," as the president phrases it, and not upon the issue of a mere punctilio in naval ceremonial."

### Dynamiters Must Return to Prison.

Chicago.—The United States court of appeals ordered all the convicted dynamiters whose appeal for a retrial had been rejected, into custody within three weeks. They must report to the warden at Leavenworth penitentiary or to the United States marshal of the district, who will return them to prison.

### Mt. Vernon is Reshingled.

Washington.—Mount Vernon, the home of the Father of His Country, is to have its fourth set of shingles since it was built, in 1743. The mansion was reshingled in 1785 and in 1860.

Before putting the fourth roofing on the shingles were rounded at one end to make them conform to the original shingles of 1743.

## ASK FEDERAL AID IN COLORADO STRIKE

Denver.—Federal aid in bringing about a settlement of the Colorado miners' strike is desired by Governor Ammons, even if President Wilson carries out his intimation that federal troops may soon be withdrawn from the strike districts.

The governor's announcement followed Saturday's interchange of telegrams between himself and President Wilson in which the president expressed a wish that Colorado should regulate her own troubles without the presence of United States troops.

"I am earnest in my belief that we should have national aid to bring about a settlement of the strike because it is an interstate conflict," said Governor Ammons, after he had considered the prospects of maintaining peace in the fields should the federal troops be recalled.

Many of the coal companies are composed in large part of stockholders beyond our state lines and the United Mineworkers of America is a national organization whose headquarters are in the east, while Colorado is only one of three states in this jurisdiction.

## PEAGE ENVOYS HOPE TO SATISFY MEXICO

### Failure to Salute the Flag No Longer Factor in Pending Negotiations.

Washington.—Peace delegates of the Huerta government stopped in Washington while on the way to Niagara Falls, Canada, to attend the mediation conference. They are confident of the success of the mission, which, it was learned, is the broad question of pacifying all of Mexico.

Those close to President Wilson and Secretary Bryan assert that the question which is to be mediated is no longer the failure of Huerta to salute, or the offenses committed against the dignity of the United States, but the broad question of pacifying Mexico.

Those who know the viewpoint of the Washington government declare the American troops will not be withdrawn from Vera Cruz until a stable government is established or is in sight in Mexico City.

Persons close to Emilio Rabasa, chairman of the Mexican commission, and intimate adviser of Huerta, said the Huerta delegates would await the suggestions of the three mediators, but when the time came for their answer to suggestions as to a successor for Huerta, they probably would insist that no man who had gained military prominence or was obtaining power "by arbitrary force," as set forth in President Wilson's Latin-American declaration, should be permitted to take the reins of the government.

### REBELS CRY 'VIVA WILSON'

President Coupled With Carranza By Victors at Tampico.

Vera Cruz.—A heavy rain storm which flooded the trenches and blew blinding torrents into the faces of the federals contributed much to their defeat at Tampico, according to Americans who have come here from that port.

The constitutionalists took advantage of this and poured a terrific fire into them, forcing them back from the outposts into the town. Immediately the federals began entraining.

The constitutionalists came into the town shouting in the air and shouting "Viva Carranza, viva Wilson!"

Cablegrams based on messages from Tampico have been sent to Berlin urging the German government to protest against the forced loans alleged to have been imposed by the rebels.

### Refugees Tell Of Mexican Excesses.

San Francisco.—Graphic reports of the murder of Americans, the capture by a Mexican transport of the American brig Geneva, the imprisonment of United States Consul Edwards, of Acapulco, and many atrocities on the west coast of Mexico were brought in by the officers and 150 refugees on the British steamer Cetriana, which arrived from Manzanillo.

## PRIMARY ELECTIONS HELD IN OREGON

Portland.—That Dr. James Withycombe, of Corvallis, and Dr. C. J. Smith, of Portland, will be the republican and democratic candidates, respectively, for governor in the November election was indicated clearly by the figures received from the state at large.

It is probable that Dr. Withycombe will have a plurality of about 4000. Dr. Withycombe, it is believed, will come up to Multnomah county with a lead over Gus C. Moser of about 10,500 votes.

Dr. C. J. Smith is nominated by the democrats in all probability by a plurality between 1000 and 1500. His closest competitor is A. S. Bennett, of The Dalles, who is second in both Multnomah county and the state outside.

C. N. McArthur has won the republican nomination for representative in congress in the third district, comprising Multnomah county, by a plurality over A. W. Lafferty, the incumbent, that probably will total 2100 votes.

United States Senator George E. Chamberlain was renominated by the democrats, R. A. Booth received the republican and William Hanley the progressive nomination for United States senator. All were unopposed.

### Parks' Execution Seen.

Vera Cruz.—Additional confirmation of the execution of Private Samuel Parks of the Twenty-eighth infantry, was received here.

There was brought into the American lines one of Huerta's conscripts who had deserted. He said he was an eye-witness of the execution of Parks.

### London Consul-General Dead.

London.—John L. Griffiths, the American consul-general at London, died suddenly at his residence of heart disease.
