### House Accepts Senate Amendment Reserving Hay-Pauncefote Treaty Rights.

Washington.—The long fight in congress over canal tolls ended when the house, after a brief debate and without the formality of a conference, accepted by a vote of 216 to 71 the senate amendment specifically reserving all rights the United States may have under the Hay-Pauncefote treaty or otherwise.

Before ending the contest by concurring in the senate amendment, the house voted down, 174 to 198, a proposal advanced by Representative Moss, of West Virginia, to attach to the repeal a flat declaration of the right of the United States to exempt its vessels from tolls, and of the sovereignty of the United States over the Canal Zone.

#### Income Tax Below Estimates.

Estimates by Secretary McAdoo indicated that the government income for the fiscal year ending June 30 will exceed ordinary expenses by about \$30,000,000. That is about \$10,000,000 less than last year's surplus. Income tax returns have fallen far below original estimates and failed to offset the expected decrease in tariff receipts under the new law, but the custom houses turned in about \$21,000,000 more than it was figured they would.

Whatever surplus there is for the year will be absorbed by Panama canal payments, as it was last year. Secretary McAdoo estimated that this year's ordinary receipts would aggregate \$733,000,000 and the total ordinary disbursements \$703,000,000. Total receipts for the last fiscal year were \$723,782,921, with ordinary disbursements of \$683,699,692.

#### Wilson Will Open Canal Formally.

President Wilson will leave Washington on March 5, 1915, for Panama, to attend formal opening ceremonies of the Panama canal at a date to be determined later. The president will leave the capital the day after congress goes out of session. He will make the journey to Panama on the battleship New York. The date of the formal opening ceremony for the canal will be decided before the president leaves here and the exercises will take place soon after he reaches there.

On the old battleship Oregon, which attracted world-wide attention on her famous run around the Horn just before the Spanish War, the president with members of his cabinet will make the first official passage through the canal, and then proceed to the Panama-Pacific Exposition at San Francisco.

#### Treaty Signing Nears.

Secretary Bryan for the United States and Ambassadors Jusserand and Spring-Rice for France and Great Britain will soon sign on the same day peace treaties modeled after those already signed by Secretary Bryan with 15 nations. The signing of these treaties awaits only the approval of the British treaty by the British self-governing colonies.

The Anglo-American and the Franco-American treaties will in a general way follow a similar pact already signed by Secretary Bryan with The Netherlands. They provide that all questions arising between the United States and the respective European powers which cannot be settled by diplomacy shall be submitted for investigation for a period of at least a year, to an international commission of five members. During the investigation hostilities would not be entered into, but the finding of the commission would not be binding.

Secretary Bryan and Minister Bryn have agreed upon the terms of a similar treaty between the United States and Norway, which will be signed at the state department within a few days.

#### National Capital Brevities.

Peace treaties will soon be signed by the United States, Great Britain and France, after plans suggested by Secretary of State Bryan.

Action on the Hobson national prohibition amendment has been postponed by the house rules committee until July 1.

Immunity of members of congress from civil and criminal action as result of their official duties, has been strengthened as by ruling of the United States supreme court.

President Wilson chose Representative William Graves Sharp, of Elyria, O., to be ambassador to France.

Impeachment charges were presented in the house against A. G. Dayton, United States district judge for the northern district of West Virginia.

The interstate commerce commission suspended until October 13, the proposed increase of the carload minimum weight on mixed carload shipments of vegetables from California points to points in Oregon. Hearings will be held before fall to determine the reasonableness of suspended order.

In 1904 he again was nominated by the democratic party for vice president and ran with William J. Bryan, the party's candidate for president, but was defeated. He served as a member of the 44th and 46th congresses. From 1855 to 1889 he served as First Assistant Postmaster General under President Cleveland.

His last appearance as a candidate for public office was in 1908, when he was nominated for governor of Illinois by the democratic party and was defeated by Charles S. Deneen, republican.

## MOUNT LASSEN IN VIOLENT ERUPTION

Redding, Cal.—Fire, smoke, steam, volcanic ashes, rocks and deadly gases belched, not only from the crater which opened up near the summit of Mount Lassen May 30, but also from two new craters that burst open more than a mile from the first of the new craters, and the first known toll is one dying, one injured and two demented.

The outbreak of Mount Lassen is extremely volcanic in nature, and the peak becomes the newest active volcano in the world.

Lance Graham was fatally hurt by falling rocks. His head was battered and he was found half covered by ashes and cinders.

Rocks hurled from the spouting volcano and broke the arm and gashed the face of George Tipple, a lumberjack, and left him demented.

George Goodwin, who left Manzanita Lake at 8 o'clock in the morning, was within a half mile of the crater when the eruption occurred, and he also is demented as a result.

Other members of the party near the mountain at the time, report that the top of the mountain has been blown off, and ashes, rock and cinders cover territory two miles from the peak.

## BUTTE RIOTERS FOR TIME CONTROL CITY

### Attempt Is Made to Lynch Two Special Deputies and Intimidate Newspapers.

Butte, Mont.—An attempt to lynch two special deputy sheriffs, efforts to throttle the newspapers, intimidation of the fire department of the city and general rioting featured the Sunday disturbance brought about by the schism in the Miners' Union, which became wide Saturday during the celebration of the organization's 34th anniversary, and was capped by the dynamiting of the homes of two officials of the union.

Early in the afternoon a crowd took possession of an aerial fire truck, which was moved through the street by the city authorities in an effort to disperse the crowds, and threats to lynch Special Deputies Owen Cribben and Martin Harkins, failed to materialize only when police, with drawn guns, rescued the two men and backed down an alley with them.

A delegation visited the three newspaper offices and demanded that no further mention be made derogatory to the I. W. W. and that the words "mob" and "rioters" not appear in any newspaper story.

The riots were caused by long-standing ill-feeling between the regulars of the 9000 members of the Western Federation of Miners here and the insurgents, mostly members of the I. W. W. The members with sentiments in favor of the I. W. W. objected to heavy assessments levied against them by the Western Federation of Miners international officers and local officials as strike benefits for the Michigan copper mine strikers.

### COURT UPHOLDS SUFFRAGE

Illinois Act Permitting Women to Vote is Held Valid.

Springfield, Ill.—Illinois women suffrage act, which permitted women in this state to vote for offices created by statute and on propositions presented to the electorate, was declared valid in a decision by the state supreme court.

State and other officers named in the Illinois constitution were excepted from the act, which, however, left the women free to vote for municipal officers and for township officials. Under the act women in every part of the state participated in the spring elections and in the township and municipal local option elections were instrumental in voting out of existence approximately 1000 saloons.

#### Lung Hypnosis is Broken.

## ORDER RESTORED IN ITALY BY SOLDIERS

Rome.—With the occupation of the disaffected provinces by the military forces, order is rapidly being restored and it is expected that within a day or two the district of Romagna, comprising the provinces of Bologna, Ferrara, Ravenna and Forli will have resumed normal conditions.

The strike has come to an end and the strike of the railway men, which included only a small number of the employees, has been called off, with the result that the workmen are returning to their tasks. Railroad, telegraph and telephone lines are hurriedly being repaired.

An outstanding feature in the general strike situation was the proclamation of an Italian republic by the people of several towns bordering on the Adriatic, in northeastern Italy.

In some towns like Fabriano and Rimini scenes similar to those of the French revolution were enacted. The inhabitants, misled by reports issued from the headquarters of the anarchist committee at Ancona, an important seaport on the Adriatic, to the effect that a revolutionary movement had been successful in overthrowing the monarchy, proclaimed a republic and substituted for the national flag the black banner of the Peasants' League.
