

## IMPERIAL COUPLE SHOT BY STUDENT

Archduke Francis Ferdinand  
and Wife of Austria Vic-  
tims of Assassins.

Serajevo, Bosnia.—Archduke Francis Ferdinand, heir to the throne of Austria-Hungary, and the Princess of Hohenberg, his morganatic wife, were shot dead by a student in the main street of the Bosnian capital a short time after they had escaped death from a bomb hurled at the royal auto. The archduke was struck full in the face and the princess was shot through the abdomen and throat. They died a few minutes after reaching the palace, to which they were hurried with all speed.

Those responsible for the deed took care that it should be effective, as there were two assaults, the first with a bomb and the second with a revolver. The bomb was thrown at the royal automobile as it was proceeding to the town hall, where a reception was to be held. The archduke saw the missile hurtling through the air and warded it off with his arm. It fell outside the car and exploded, slightly wounding two aides-de-camp in a second car and half a dozen spectators.

It was on the return of the procession that the tragedy was added to the long list of those that have darkened the pages of the recent history of the Hapsburgs. As the royal machine reached a prominent point in the route to the palace an eighth-grade student, Gavrilo Princip, sprang out of the crowd and poured a deadly fusillade of bullets from an automatic pistol at the archduke and princess.

## T. R. HEEDS DOCTOR'S ORDER

Physician Says Effects of Malaria May Be Permanent.

Oyster Bay, N. Y.—After hearing his physician's decree that he must either take a prolonged rest or incur the danger of permanent ill health, Theodore Roosevelt made plans to conduct the fall campaign, so far as possible, from Sagamore Hill. Colonel Roosevelt is said to be suffering chiefly from the effects of malaria, contracted in South America. The physician said if he did not shake this off he might never recover his full strength.

Soft-Shell Crab Made Chemically. Seattle, Wash.—During the past year I have succeeded in creating a live soft-shell crab and a live fish from chemicals," Dr. Charles W. Littlefield, of this city, said, when asked about his statement to this effect at the New Thought convention in Portland. "Previous to that I had created reptilian forms of life."

## AGUAS CLIENTES GARRISON EVACUATES

Zacatecas.—Aguas Calientes, capital of the state of the same name, has been evacuated by the federal, according to information reaching Villa's headquarters. Owing to this, his plan of campaign has been changed and the troops of the division are returning to Torreon.

Late reports show that the losses of the federals were much greater than at first supposed. While final figures have not been obtained, it is known that the number of prisoners taken by Villa's troops exceeded 4500. The number of killed was at least close to that figure. Nearly 2000 wounded federals are being cared for by the rebel hospital corps.

The latest casualty reports of the rebels were more than 700 dead and about 1100 wounded. These figures are not complete. Many of Villa's brigades maintain their special sanitary service and while reports have been made by them none are thought to be complete.

Girls Told Not to Spoon. Chicago.—"Spoonings is a crime against womanhood," John J. Alexander, a director, told 500 young women attending the older girls' conference of the international Sunday school convention. "Pass the word along to girls who love to 'spoon' that it is the most degrading thing they can do—one of the most degrading things they may permit."

"Make the boys clean-minded and wholesome by the way you dress. Young men take a girl at her own valuation."

Plague Case Found in New Orleans. New Orleans.—Health officers announced that a case of bubonic plague had been discovered in New Orleans. Charles Lundene, a Swede, 49 years old, who has been in the city 11 days, is the victim.

Ten Die From Heat in St. Louis. St. Louis.—Ten deaths from the excessive heat in 24 hours and 20 prostrations was the record here.

## Brief News of the Week

The much discussed order issued by Secretary Daniels last April banishing all intoxicating liquors from the American navy became effective Wednesday.

Thousands of school teachers from every section of the country will begin to assemble in St. Paul at the end of the week in anticipation of the opening of the annual convention of the National Educational association.

The centennial anniversary of the battle of Horseshoe Bend, in which General Andrew Jackson broke the power of the Creek Indians and saved the great southwest from British domination, will be celebrated Saturday with exercises on the battlefield in Alabama.

One of the most drastic prohibition laws ever adopted by any of the states went into effect Wednesday in West Virginia. The law not only prohibits the manufacture, sale and importation of intoxicating liquors, but forbids the sale of any newspapers or periodicals containing liquor advertisements.

The biggest mercantile failure in the history of the United States was precipitated when receivers were appointed for the H. B. Claflin Company, of New York. The company, it is estimated, owes more than \$30,000,000, which at the present time it is unable to pay. Its assets are said to be \$44,000,000.

Nearly half the "Old Witch City," of Salem, Mass., rich in historic buildings and traditions, was devastated by a fire that caused an estimated loss of \$20,000,000; destroyed 1000 buildings, including a score of manufacturing establishments and made 10,000 of the 45,000 residents homeless.

The hundreds of Norwegian-Americans who have returned to attend the festivities in commemoration of the centenary of Norway's independence will hold a big celebration in Christiania Saturday in honor of the Independence day of the United States. The feature of the celebration will be the unveiling of a bust of Lincoln, a gift to the Norwegian nation from Governor Hanna of North Dakota.

## People in the News

Roosevelt has decided that there shall be no fusion in New York state. A straight Progressive ticket will be put into the field.

Lizzie L. Sheldon of Kansas, candidate for a position on the supreme bench in that state, filed a petition for her nomination, containing 12,000 names.

The accidental discharge of Mayor Mitchell's revolver wounded ex-State Senator W. H. Reynolds, at New York. The injury is not considered serious.

Noah, and not Adam, ate the apple in the Garden of Eden, according to Dr. Stephen Langdon, of Oxford College, who claims to have deciphered an ancient Sumerian tablet.

It is said the president would appoint I. N. Morris, the Chicago packer, minister to Sweden or Denmark, whichever Morris pleased.

In spite of his refusals to accept it, Progressive leaders of New York are urging Colonel Roosevelt to accept the nomination for governor of New York.

President Wilson has been presented with a handsomely bound year book of the German navy by Commander Boyd, German naval attachee, in behalf of the emperor of Germany.

Mrs. Margaret Anderson, widow of Colonel Edward Clifford Anderson, and a great-granddaughter of Thomas Jefferson, died at Savannah. She was a native of Virginia.

A donation of \$2,550,000 from John D. Rockefeller to the Rockefeller Institute of Medical Research was announced by Henry James, manager of the institute. This gift brings the sum total of Mr. Rockefeller's contribution to the institute up to \$12,550,000.

## NEWS FROM OUR NATIONAL CAPITAL

Japan's Protests Against California Alien Land Laws Is Absorbing Topic.

Washington.—Japan's protests against the California alien land law, brought conspicuously before the public again by publication of the correspondence between the Washington and Tokio governments, was discussed with absorbing interest in official and diplomatic circles.

One phase of the negotiations disclosed in the correspondence which attracted particular interest in official circles was said to suggest the possibility of an issue entirely new in the history of the United States. In italics in connection with the promise by the Japanese government to grant land ownership to Americans, appeared the words, "reserving for the future, however, the right of maintaining the condition of reciprocity with respect to the separate states."

This, it was pointed out, appeared to be a distinct reservation by the Japanese government of the right to retaliate directly upon the Californians by singling them out among American citizens for exclusion from the right to possess real property in Japan.

## May Rush Railroad Land Survey.

Surveying lands embraced within railroad grants will be pushed rapidly if the senate sustains an appropriation of \$100,000 made by the house.

The western members, with Secretary Lane, want to make sufficient appropriations each year to carry the work to a speedy termination. It was pointed out to the house that as long as the railroad lands remained unsurveyed they were virtually the property of the railroads, while title could not pass and the lands could not be taxed.

There is a demand in most of the western states to have the railroad lands surveyed so that they can be taxed by the states and made to bear their proportion of the cost of local government.

## Senate Secrets Get Out.

Stirred to action by the apparent freedom with which the proceedings of the foreign relations committee in consideration of the Nicaraguan and Colombian treaties have been published from day to day, several senators agreed on a resolution asking for authority to subpoena senators and Washington correspondents to an inquiry to determine how the proceedings of the committee—which are supposed to be especially secret—get out.

Evidence that not all senators entirely approve the idea that the committee's proceedings shall be secret was given by Senator Norris, who is not a member of the foreign relations committee. He offered a resolution that all senators be furnished with copies of the daily testimony before the committee on the treaties, that senators who were to vote on the matter should have the benefit of it.

## House Insists on Mileage Cut.

Amid a maze of parliamentary tangles that kept members guessing, the house sent back to conference the question of mileage of representatives in congress.

The body voted in favor of 5 cents a mile each way for senators, and the defeat, 184 to 59, of a motion to recede from disagreement to the senate proposition of continuing the present 20 cents a mile, sent the whole question back to be thrashed out again by the conferees.

## National Capital Brevities.

Despite the opposition of Turkey the house agreed to the senate amendment providing for the sale of the battleships Idaho and Mississippi to Greece.

United States supreme court ruled that retail lumber dealers who blacklist wholesalers for selling direct to the consumer violate the Sherman anti-trust act.

The interstate commerce commission suspended until January 10, proposed increased rates on melons from California to Oregon and Washington. Railroads are not liable for damages for personal injuries to interstate employees or their families who are hurt while riding on passes, according to a ruling of the United States supreme court.

It has been proposed to President Wilson that the name Culbra cut in the Alameda canal be changed to the Galliard cut in honor of the late United States engineer, who harnessed the mountain at that point.

For fear that the interests of the fall campaign would be affected, house leaders have decided not to force a vote now on the proposed Hobson amendment providing for nationwide prohibition.

The new federal reserve banking system will not get in operation until some weeks hence, it is thought, as result of the delay of the senate in confirming the president's nominees on the board. The bank was to start August 1.
