**Prineville's Celebration**  
Continued from first page.

was the Prineville battery for the 4th of July game, and although but seven hits were gotten off Mark's delivery by the visitors the locals lost 6 to 1, a muffed fly ball causing two of these. His support was good but the team was unable to bat in enough runs off of Galvin to overcome the lead. The visitors also played a fast snappy game in the field in this game, cutting off several prospective runs by spectacular work.

The third and last game on Sunday afternoon was won by the Prineville boys by the scores of 11 to 3. Baker from Moro, pitched for the locals and was very wild but the locals put the game on ice in the early innings by falling on the offerings of Van Hoomison, the star pitcher of the Knights of Columbus, and by clever work on the bases. Baker's support was faultless and he was pulled out of holes on several occasions by fast fielding.

Large crowds attended all three games and the receipts were large. On the 4th, besides the grandstand and bleachers being filled to capacity, a solid bank of autos extended from the right hand bleachers around and back of right and center fields.

The fast Grass Valley team comes for two games on next Saturday and Sunday and the fans can be assured that they will be treated to two fast games as Grass Valley has a good team.

Dividends returned to contributors	220.59
Balance cash in bank	54.91
<b>Total</b>	<b>\$ 1,461.50</b>

In addition to the contributions set out, each of the Prineville newspapers subscribed from forty to fifty dollars in advertising. Many other people subscribed by donating work in the various departments during the progress of the arrangements for and in the celebration itself, especially in the work of preparing and serving the barbecue and in grading and working down the ball park grounds.

In returning a twenty-five per cent dividend to the donors, the committee has acted adversely to the wishes of many, but it has not felt justified in using the money for purposes other than what it was actually subscribed for. A small balance has been held for the purpose of meeting any small bills that have possibly been overlooked and to meet a possible deficit in the Grass Valley games to be played Saturday and Sunday, these games having been contracted for in the pre-celebration arrangements. Should the money not be used for these purposes it will be held intact in the bank for the use of a future committee at some other celebration.

The committee has been treated courteously by all and they have found the people and the public in general at all times ready and willing to help in every way possible when asked to do so. The contributions came freely and promptly.

The subscription list and all vouchers pertaining to the disbursement of the funds will be kept at the Crook County Abstract Co's office where it can be found at any time for the inspection of any one of the subscribers.

Respectfully submitted,  
Committee, { J. B. BELL,  
R. L. JORDAN,  
G. N. CLIFTON.

## Prineville's Celebration

**General Committees**

The celebration executive committee was Messrs. Oscar Hyde, Girardo and Cooper. The Ladies' Annex had charge of the parade and the program. The general committee was composed of Messdames O. C. Claypool, J. H. Wigle, C. S. Edwards, M. E. Brink and H. W. Howard. Mrs. Claypool, president of the Annex, wishes to extend sincere thanks to every person who so kindly helped her in this work.

## City Council Met Tuesday Evening

The city council met in regular session Tuesday evening. Present—Mayor Clifton, Councilmen La-follette, Ward, Zevely, Elkins and Jones, Recorder Hyde, City Engineer Kelley, City Treasurer Bechtell, Marshal Coon and Nightwatch Huston.

Minutes of previous meeting read and approved.

Complaints were made of stagnant water on north side and remedial measures were ordered by the council.

Councilman Ward was ordered to buy two sprinklers for use in the city park. Mr. Howard was the agent for a sprinkler that was giving good satisfaction. Two were placed in the park on trial and they worked so well the council decided to buy two of them. They throw water about 50 feet. The councilman was directed to engage Mr. Zeek for another month to look after the park.

The matter of a new hose house was left to the Fire and Water committee to decide.

Homer Ross presented a petition to establish the grade on East F street to East I street. Referred to City Engineer Kelley to make report thereon.

The following bills were ordered paid:

Recorder Hyde read a letter from Long & Co. of New York notifying the council that \$10,000 in bonds, together with interest, was due and payable August 1, 1914. The recorder was instructed to write the New York house and see if they would accept a new issue to run for 10 or 15 years. These are Prineville water bonds.

The bids for cement sidewalks were rejected. New bids will be asked for.

Councilman Jones tendered his resignation. He is going to Washington to live. Resignation accepted.

Council adjourned.

## To Carve or Not to Carve is the Question

County division representatives from both Bend and Madras were in Prineville Sunday to talk over county division matters generally. A meeting was called at the Commercial Club rooms but only a few persons attended.

The people of Prineville do not seem to realize that they will be called upon to decide a most vital question at the November election. It will then be right up to the voters to determine whether or not we are to have county division. Whether or not we are to have it now or at some future time? Just where are the new county lines to be run? Does Prineville want a voice in determining their location or are we satisfied to take what is doled out to us?

The Bend people came over to arrange for an amicable adjustment and seemed disposed to grant any reasonable demand. The Madras people have already established their lines.

A short time ago Prineville was a unit against division. It was urged that people would be taxed to death to support county government in a sparsely settled country. The whole question was not taken seriously and is not right now by nine-tenths of the people in this section. All the same it must be decided at the ballot box this fall. Sixty-five per cent of the votes in the proposed new county and thirty-five in the old settles it.

In order to arouse public interest the Crook County Journal solicits communications on the subject. Don't make them too long but go right after the division question rough shod. To carve or not to carve is the question. Don't use the knife and then regret it. Let us hear from you.

## Arrested for Not Putting Out Campfire

A Bulgarian laborer, giving his name as Wollodymer Myrosbraum, was bound over to the September grand jury last Tuesday by Justice of Peace Bowman on a charge of negligently allowing a campfire to spread to the forest at the head of Ochoco creek. Myrosbraum stated that he was traveling afoot from Idaho to the Willamette valley.

He was discovered asleep by James H. Scott, employed by Farquar McRae, near the cemetery, on upper Ochoco, where he had built a fire near a log. Scott ordered the stranger to put out the fire which he promised to do. Scott returned soon and discovered that the fire had followed the log to a pine thicket and had spread to the forest and that the stranger was gone.

By use of the telephone it was learned that the Bulgarian was traveling toward Prineville. Forest Supervisor Ross was notified, who with Deputy Sheriff Van Allen, placed Myrosbraum under arrest near Howard. The fire had covered about an acre of forest before the ranch hands of Farquar McRae and the forest rangers from the Ochoco station got it under control.

At this time of the year every precaution must be taken to prevent forest fires. The law has been quite severe since 1911, and it is now a crime to build a camp fire without raking away all inflammable matter. Fires must only be built on the naked soil and must be absolutely extinguished before leaving them or liability of arrest ensues.

**WHEN YOU ARE NERVOUS**  
you have the first symptom of a run-down system, and nervous people too often conceal their aches and pains and suffer in silence, while, if neglected, this condition often foreruns more serious trouble.  
If those so afflicted would stop taking medicine containing alcohol or drugs which menace the foundations of health, and just take the pure, strengthening nourishment in Scott's Emulsion, it would create new blood to pulsate through the organs, refresh their bodies and build up the whole nervous system. It is rich, sustaining nourishment, free from wines, alcohols or drugs. Shun substitutes.
