Splendors of the Panama-Pacific International Exposition Forecasted In Marvels of Art and Architecture

Copyright, 1914, by Panama-Pacific International Exposition Co. H. S. Crocker Co., official photographers. This photograph was taken in May.

GREATEST AND MOST BRILLIANT OF WORLD'S EXPOSITIONS WILL BE COMPLETED TO LAST DETAIL ON OPENING DAY.

PANORAMA of about one-fourth of the Panama-Pacific International Exposition, showing nine of the great exhibit palaces which are now within 5 per cent of being complete, lacking only the towers, arches and festival courts. Each of these palaces covers from five to nine acres. The setting in a series of subtropical gardens, extending for two and one-half miles along the San Francisco bay front adjacent to the Golden Gate, is the most beautiful and inspiring ever given an exposition. The vacant space in the center will contain the wonderful ten acre Court of the Universe, dominated by the scintillating Tower of Jewels, 435 feet high. To the right, not shown in the picture, is the concession area, named "El Camino" (The Highway), while to the left, outside the picture, are foreign and state buildings, live stock pavilions, race track, military and aviation fields and Palace of Fine Arts.

County Commissioners The July Term

Loyalty a Prerequisite of Good Citizenship

There are few things more discouraging than to hear a person disparaging and criticising the town in which he lives. Loyalty to the home town is one of the prerequisites of good citizenship and it is true always that the best citizen, the one who is most valuable to the community, is not the one who is constantly complaining and criticising, but is the one who, with cherry smile and pleasant word of greeting for all, always has a good word to say for the town and if some things are displeasing, puts forth his best efforts to enlist the aid of the citizens in correcting the faults.

The knocker is a mighty poor asset to the community, even though he may be a large taxpayer. The man who boosts, day in and day out, who forgets the disagreeable things and talks only of the advantages of his home town, is the one who is helping to make the town better and brighter and to add to its attractiveness, even though his bank account be small and his opportunities for helping in a financial way be limited. Let's all boost for our town and let the world know that we not only think it is the best town in Central Oregon, but that it actually is the best.

First impressions are as a rule lasting impressions and if this first impression is an unfavorable one, whether it be of a person or a town, it is hard to revise or eradicate. Thus it behooves us to make this such a clean and attractive town that the first impression of every visitor will be a favorable one. Well kept lawns, good sidewalks and a general appearance of thrift and cleanliness go far towards favorably impressing the visitor who may be a homeseeker looking for a new location for his family, or an investor looking for a favorable site for a new industry. Even if but a casual visitor, it stands us in hand to make a favorable impression, for this casual visitor may prove to be a walking advertisement for this town if he is favorably impressed with it. Muddy streets, unkept yards and lawns, poor sidewalks and a general run-down-at-the-heels appearance are mighty poor advertisements for any town. Let's all get together and make our town a spotless town.

Farmers Encouraged Over Crop Prospects

The harvesters are in the field and the sound of the mower is heard on every hand. The outlook for hay in most parts of the county is far the most hopeful ever seen and the ranchers are therefore optimistic regarding the future. At this time they seem to have forgotten the recent talk of short crops, and they are all so busy that they can see nothing but an immense crop of hay and grain in sight.

Prosperity seems to be in the wind—that is what little wind prevails at this time. The first crop of alfalfa is being harvested and in

Crook County Fair September 16, 17, 18, 19

The dates for the Tenth Annual Crook County Fair have been set for September 16, 17, 18, 19. The directors of the association are working hard to bring out all worthy exhibits in the county and many special premiums are being offered by individuals for work of art and products of the farm. Lectures will be given during the fair on subjects of general interest.

Let everyone bring some product of the farm, garden, orchard or work shop and help make this the

biggest fair ever held in Crook county. The directors cannot make a fair a success unassisted, so bring in your stuff and make this occasion one to be long remembered.

While in some districts of the county the farm products are not up to the average, others are unusually good, and livestock is in fine condition and there is no doubt but what there will be as fine a lot of stock on exhibition at the fair this fall as was ever shown at any
