

HUERTA REACHES PUERTO MEXICO

German and British Cruisers
Are Placed at Disposal of
Former Dictator.

Puerto Mexico.—General Victoriano Huerta, who recently resigned as provisional president of Mexico, arrived safely. He was accompanied by General Blanquet, his minister of war.

Answering inquiries as to the state of his health, General Huerta assured the officers that he felt very well, although somewhat tired from the heat.

Captain Kohler, of the German cruiser Dresden, offered him his ship "for any use he cared to make of her."

The trip to this port was without incident or unpleasantness other than that caused by the terrible heat of the tropical lowlands. With Huerta and Blanquet were the general staff. The party occupied a train of nine sleeping cars, four of which were given over to troops.

British Vice-Consul Gemmill also officially called on Huerta and presented him a message, presumably an offer of refuge on the British cruiser Bristol. Huerta read it and expressed pleasure at the consideration being shown him.

In answer to the question: "Why are you leaving the country while you are still able to serve her?" Huerta answered as follows:

"My departure from the national territory has no other cause than to leave the new government an ample field for action. I also believe my continuance here would give rise to conjectures which would result in prejudicing the proceedings of the new government. I declare to the world that the line of conduct I have always followed had no other object than my heartiest desire for the pacification of the country."

GIRL VICTIM OF PLAGUE

Sixth Case Discovered in New Orleans
Six Weeks From First.

New Orleans.—The sixth case of bubonic plague was discovered here Saturday. The victim is Helen Soell, 10 years old. Her home is six blocks from where the first plague case developed June 27.

A force of men directly under the supervision of Dr. Oscar Salomon, of New Orleans, began inspecting all freight leaving the city by rail. Before each car is sealed it will be known definitely that it contains no rats.

An organization of women members of the civic federations, who have been divided into four committees, also have begun work. Each committee will have separate duties, including clean-up campaigns at hotels, hospitals and markets. The fourth committee will devote itself to educational work in homes.

HINDUS VIGOROUSLY OPPOSE DEPORTATION

Vancouver, B. C.—Desperate resistance by the Hindus aboard the Japanese steamer Komagata Maru, the ship with 352 Hindus on board, who have been seeking admission into Canada, resulted when the Canadian immigration officers attempted to board the vessel and start her back to the Orient.

When the immigration officers, on board the tug Sea Lion, with free provisions for a trip back to the Orient, attempted to board the vessel, the Hindus opened up a fusillade of coal, which finally forced the Sea Lion and its fighting force of 125 armed policemen to beat a retreat.

When the tug was within halting distance of her it was seen that every inch of space along the rail and on the deck and bridge was occupied with Hindus, each armed with a club or other weapon, while at the bow of the ship a solid mass of humanity was congregated.

The tug's hose was made ready and back and forth along the rows of Hindus a stream was played. This form of attack was effective momentarily, but pluckily rallying, several Hindus faced the stream and began dashing a shower of missiles upon the attacking force.

Danger of Railway Strike is Deferred.

Chicago.—Danger of a strike of the engine crews of western railroads was deferred when the representatives of the men accepted an offer of mediation by William L. Chambers, chairman of the federal board of mediation and conciliation.

Villa Regrets Huerta's Departure.

Juarez, Mex.—"I would much prefer that Huerta had remained in the chair, or in Mexico City, until we could get our hands on him," General Villa said in Juarez, when he learned of Huerta's reported resignation.

OREGON NEWS NOTES OF GENERAL INTEREST

Events Occurring Throughout
the State During the Past
Week.

Grape Juice Has Rival.

Eugene.—Loganberry juice, a new product, to be put up in bottles and sold as a beverage at the soda fountains or in the grocery store in competition with grape juice is being manufactured at the Eugene Fruit-growers' cannery. It is a novelty, there being none on the market, but its popularity is anticipated. The juice is tart, but exceedingly rich and heavy. It is diluted half with water before being used.

If the new product is accepted by the market, the manufacture will be important, for in the Willamette valley are thousands of acres set out, which are coming into bearing faster than the market can be adjusted to meet the increased supply.

Sixty Schools Standard.

Albany.—Sixty schools of Linn county are now standardized. They have properly heated, lighted and ventilated school buildings; they have attractive schoolrooms; they display the flag above the schoolhouse; they have good drinking water and well-kept schoolgrounds, regular spelling contests, and perform satisfactory school work generally; they keep library books and have all requirements as to attendance and reports.

Exhibit to Be Collected.

The Dalles.—George M. Hyland, director for Oregon of exploitation and publicity for the Panama-Pacific exposition, met with the business men's association directors to urge them to gather immediately grains, vegetables and fruits for the Wasco county exhibit at the 1915 fair.

May Not Contest Demurrage Claims.

Salem.—That the Southern Pacific railroad does not propose to contest the reciprocal demurrage act passed by the last legislature is indicated in a letter just received by the state railroad commission in which the company states that it has paid Travis & Gleason, of Portland, for its failure to furnish, within the stated period, wood cars for use at Middleton.

PLAN TO DRAIN TULE LAKE

Reclaiming of Some 100,000 Acres of
Land is Goal of Project.

Klamath Falls.—The reclaiming of a lake covering approximately 100,000 acres of land by draining off the water through underground passages, is a project which Engineer J. K. Camp, of the reclamation service, is now working on and which he hopes to complete.

The lake is Tule lake, located on the boundary line between Oregon and California a few miles south of this city close to the famous lava beds and ice caves of that section. This section of the country came into prominence during the historical Modoc war and Captain Jack's last stand.

The bed of this lake has been found to be composed of two lava crusts, one underneath the other. Under these crusts it is believed by Camp will be found underground channels leading to the nearby lava beds which are permeated with deep gullies, crevices and fissures. The present plan is to dig into these channels and thus connect up the lake so that it will drain into the lava beds.

Ballot Title Declared Not Fair.

Salem.—In a petition to the circuit court of Marion county filed Saturday, Miss Fern Hobbs, secretary to Governor West, vigorously attacks the ballot title chosen by Attorney-General Crawford for the initiative measure for abolishing the desert land board, and asks that the title be amended so as to more clearly express what is contained in the measure.

Unworked Land Listed.

Salem.—Announcement was made by the Salem commercial club that it would list several thousand acres of unimproved land to be sold at from \$30 to \$50 an acre. George F. Rodgers, president of the board of governors, said that the plan was to have available information for persons coming here to locate.

Child Discovers Loot.

Albany.—A 6-year-old daughter of James Darcy saw an end of bright red ribbon protruding from a sack in an old barn and pulled it out. Her act led to the discovery of about \$75 worth of goods taken from the Robinson general merchandise store at Turner the night of July 1.

Roseburg Wants Railway.

Roseburg.—With a view of furnishing an incentive whereby capital can be induced to construct a railroad between Roseburg and Marshfield it has been decided to call a special election here in October to issue bonds in the sum of \$300,000.
