President Wilson to Pass Peace Treaties With Twenty Foreign Nations.

Washington.—President Wilson, through Secretary Bryan, has notified the senate foreign relations committee he wishes to press for ratification before adjournment of this session of congress the new peace treaties signed with 20 foreign powers.

Secretary Bryan set forth the following analysis of the general purposes of the treaties:

"That investigation shall be resorted to in all cases where the ordinary resources of diplomacy fail.

"That the contracting parties reserve the right to act independently on the subject matter after the submission of the report.

"That there shall be no appeal to force until the investigation is completed.

Treaties already have been signed with Salvador, Guatemala, Panama, Honduras, Nicaragua, the Netherlands, Portugal, Persia, Denmark, Switzerland, Costa Rica, Dominican Republic, Venezuela, Italy, Norway and Peru. A treaty with Uruguay will be signed next week.

"The text of the treaty with France has been agreed upon," Mr. Bryan said, "and also the treaty with Great Britain, which is being submitted to her various colonies."

Federal Court Clerks Put On Salary.

The conference committee on the sundry civil bill agreed to the Chamberlain amendment, abolishing double fees in the federal courts of Oregon, and fixing the salary of the clerk of the federal court at \$3500 per annum. A similar amendment by Senator Poindexter, affecting the federal courts of Washington, was also agreed to.

In the deficiency appropriation bill, as passed by the senate, are the following appropriations for public building sites: Pasco, Wash., \$10,000; Colfax, Wash., \$7000; Caldwell, Idaho, \$10,000; Nampa, Idaho, \$9500.

Fixture Probe is Ended.

Investigation by the department of justice of the United Gas Improvement company, probably the largest factor in the country in the sale of gas lighting fixtures, is complete, but whether the government will bring suit against the company under the Sherman anti-trust act has not been determined. No decision in the case is expected for several weeks, as a supplemental report is expected before Attorney-General McReynolds personally takes up the case.

The investigation of the improvement company is said to have developed that it does business in nearly 300 cities and towns in the United States. The company was chartered in 1882 by the state of Pennsylvania with the broadest powers. At the close of 1912 its outstanding stock amounted to \$55,502,950, and it is interested in various companies in 17 states.

Prisoners May Be Set Free.

A suggestion that the 6400 Mexicans, principally soldiers, interned at Forts Rosecrans, Brown, McIntosh, Bliss and Wingate, be released, provided definite assurances are given that they will not take up arms again, was received by the war department from General Bliss.

The developments of the past week and the collapse of the Huerta regime have materially strengthened the belief of officials here that the United States might now dispose of its expensive charges, provided the constitutionalist authorities will promise them fair treatment.

It is estimated that, in addition to the large sum already spent, it will cost the United States approximately \$500,000 for the maintenance of the Mexican internees within a short time. General Bliss suggests that the more important officers, such as General Salazar and Castillo, be detained, at least for the present.

National Capital Brevities.

The senate confirmed the nomination of Nelson Morris, of Chicago, to be United States minister to Sweden.

President Wilson has recovered from his recent attack of indigestion.

The trade commission bill, framed in the first instance to meet the views of President Wilson, and passed by the house of representatives as an administration measure, soon will pass the senate under the presidential influence, it is believed.

Zapata, according to reliable reports to the state department, has 24,000 men, and though most of them are poorly equipped they would constitute a serious menace to a new government at Mexico City if they remained in revolution.

A favorable report was made to the senate on the bill adopting the Oregon box as the standard apple container for the United States. A similar bill is now on the house calendar.

FIRE SWEEPS 1010 ACRES

Wheat on Ennes' Ranch in Walla Walla County Burned.

Walla Walla, Wash.—The biggest and most spectacular grain fire in the history of the valley destroyed 1010 acres of standing wheat on the Ennes estate ranch, defying efforts of hundreds of volunteer fighters for hours. The damage will be between \$40,000 and \$50,000, well insured.

It was with difficulty that the buildings on the Ennes farm were saved. After hours of work the fire was finally put out. It was confined almost entirely to the Ennes tract, which covers nearly two sections of the finest wheat land in the valley. The yield this year had been estimated at 50 bushels to the acre.

Washington Pamphlets May Be Held.

Olympia, Wash.—With only a few days remaining in which to complete the check of the eight remaining initiative petitions, Secretary of State I. M. Howell is confident he will have it completed within the legal time. He is not so sure of being able to print and mail within the required time the pamphlets which the law requires he shall mail to every qualified voter.

Iowa Republicans Reject Prohibition.

Des Moines.—Prohibition forces lost their battle for the insertion of a plank favoring the resubmission of the prohibition question to a vote of the people at the republican state convention here. The convention did adopt a plank indorsing the present liquor laws and commending their enforcement.

KANSAS FARMERS WILL HOLD WHEAT

Topeka, Kan.—Kansas farmers will hold 100,000,000 bushels of wheat this year, or 25,000,000 bushels more than the entire crop of 1913, according to W. H. Mitchell, national vice-president of the Farmers' Society of Equity.

Mr. Mitchell is organizing the farmers of Kansas and urging them to hold their immense crop for higher prices. Sixty-cent wheat in Kansas has become the rule and has turned the thoughts of the farmer to the possibility of holding his grain. When the organizers arrive in a community they find little opposition to the idea of holding the grain, Mr. Mitchell said.

"I do not believe more than one-fourth of the wheat grown this year will be sold," said Mr. Mitchell. Grain bins of frame and cement construction are being rushed all over the state, and in many places wheat is being piled on the ground by farmers who refuse to accept present prices for it.

The Farmers' Society of Equity is campaigning for dollar wheat, but the Kansas members will sell their grain for less than that figure, it is generally believed. Most of them are preparing to hold for higher prices than the 60-odd cents now offered, however.

The commissioner investigating Indian affairs has refused to sit further with Senator Lane or allow expense for him to continue the inquiry, but he is taking the matter up himself, and says proof of frauds is being proved from the records.

Eugene reports that a bumper hay crop will be harvested by local farmers this year, according to reports brought in by Lane county farmers. Large amounts of good quality hay are being offered local produce dealers, the farmers asking \$10 to \$12 per ton delivered.

Called to care for a body, W. M. Jones, of the undertaking firm of J. P. Finley & Sons, of Portland, discovered a spark of life in Mrs. Anna Woods, 60 years old, who lives most of the time alone, and by his prompt restorative methods probably saved the woman's life.

Hardman an unidentified prisoner who had confessed to an attempted criminal attack on Hardman's eight-year-old daughter, Grace, and hung him to a tree in a canyon.

Secretary of State Olcott has advised W. A. Shaffer, of Medford, that the secretary's office has nothing to do with policing the Pacific highway, or any highways of the state or the enforcement of the laws thereon. Shaffer requested information as to whether the secretary of state intended to place motorcycle policemen on the Pacific highway through Jackson county.

Standardization of high schools was vigorously indorsed by Assistant State Superintendent E. F. Carlton at the school conference in Eugene. Mr. Carlton told of several counties in the state where rural school standardization was successfully inaugurated and endeavored to give several reasons why the few who oppose it are misled.

Not within the memory of the "oldest inhabitant" have grasshoppers been as numerous or so destructive as at present in the west end of Umatilla county. Reports are that they will greatly reduce the yield of the third cutting of alfalfa. In some cases they have attacked orchards and by eating off the leaves of the trees have stopped the growth for this year. Shade and ornamental trees are also suffering.
