

Big Values In Used Cars

"A used car bought from the Winton Company is worth 30 per cent more than its duplicate anywhere else." We hear this statement every day. The reason is plain when it is remembered that no traded-in car is offered here for sale until it has been thoroughly overhauled in our own shops by Winton experts and brought up to the Winton standard of automobile excellence.

If you can appreciate what this enhanced value means you will send NOW for our complete list of high grade "used" car bargains.

It goes without saying that a re-built car of high grade manufacture which has been operated only 10 per cent of its real mileage, that can be purchased at 50 per cent of the original price, will prove far more satisfactory and much less expensive than a cheap car bought new.

Very little money will NOW buy one of these rebuilt cars that will give the best satisfaction in both service and appearance. Send to-day for our latest complete bargain list.

The Winton Motor Car Co.
Portland, Oregon.

Grain Crops Yielding Better Than Expected

There has been a few of the farmers on the Agency Plains and the vicinity of Madras cutting their grain this week. Most of them, however, are cutting their hay, but one or two combines have already started threshing. Harvest will not be in full swing until next week, owing to a considerable amount of grain not being ripe enough to thresh with the combined harvesters. Some pieces of grain which were not considered extra, being thin on the ground, are turning out better than twenty bushels per acre, as near as could be estimated. It seems to be a fact that though much of the grain does not look good, it will turn out much better than has been anticipated. Much of the damage to grain this year was caused by late frost in the spring coming at a time when the bloom was on, however, the younger stalks stood out after the grain filled out. Should a good rain come during the next few days a large crop will be had in many localities.—Madras Pioneer.

Most of the farmers of this section are busy with their first crop of hay. Cutting started Monday and will continue for the next two weeks. Many of the alfalfa raisers are figuring on making three cuttings. The first crop of both alfalfa and clover are much better than the raisers had expected, and it is certain that the second cutting will be far above the average of the past few years.—Sisters Herald.

Crooked River Water Rights Are Settled

State Engineer Lewis announced last week that he had received advice that the circuit court of Crook county had confirmed the state water board's adjudication of 250 water rights on Crooked river, the largest and most important adjudication ever completed by the board.

The adjudication involves 30,500 acres of land, which with the water rights, is valued at \$1,000,000, and it ends expensive litigation, which has heretofore been carried on with relation to the water rights on this stream. Some of these water rights were initiated a half century ago.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

Cline Falls Electric Plant is Completed

The installation of the new electric plant at Cline Falls, which is to be used as an auxiliary to the Cove plant of the Deschutes Power Company, was completed last week and water turned into the big turbine wheel for the first time.

With this new unit, which has been added to the old system at Cline Falls, the plant at that place will amply be able to take care of the demands made upon it. One of the principal uses the new plant will be used for is to pump water for irrigation purposes and the pump will be kept going about 18 hours daily.

When the plant at the Cove is shut down on Sunday for cleaning up, or for any other purpose, the new plant at Cline Falls will be switched on, thus giving a continuous 24-hour service seven days in the week.

With the installation of the new unit to their plant the Deschutes Power Company now has one of the best equipped plants for electric lighting and serving power of any plant in the West.—Redmond Spokesman.

Many Teachers Win Certificates

The following is a list of the successful Crook county applicants at the recent examination who have been issued certificates:

One-year state certificates—Myrtle J. Jeffries, Mrs. Nelson C. Hulin, Edna Pyatt, Glenn H. Slack, Emma Roberts, Mary Alice Wood, Margaret E. Broderick, Theodore Hubbard, Edwin A. Abbott, Etha Wright, Clara H. Short, Mrs. Bertha L. Brown, Isaac Thomas, Florence A. Hummel, Nora M. Livingston, Lela Geyer, Marion G. Dealy, Benjamin Davies Fox, Earl Noble, Raymond S. Goff, Flora McWilliams.

Five-year state certificate—Edgar R. Barnes.

Five-year state primary certificate—Mamie Bailey.

Life state certificate—Edna L. Morse.

Cross Mountains in Fords in Good Time

C. W. Wilson returned home Sunday from Portland and other valley points. Mr. Wilson reports a pleasant trip across the mountains. He with his mother and sisters left Prineville at 9 a. m. on Tuesday of last week in their two Fords, reaching Eugene the same evening at 9 o'clock. They made the trip without an accident of any kind. Mrs. Wilson and daughters will be joined at Eugene by F. M. Hathaway and mother and the party will visit Crater Lake and other places of interest before returning home. While in Portland Mr. Wilson ordered a carload of Fords, which makes the fifth carload this year.

Charged With Statutory Crime

John Harper, formerly of the Culver community, was lodged in jail this week charged with a statutory crime. Harper was indicted by the last grand jury, but had left the country and was only arrested this week at a small town near Pendleton. Sheriff Frank Elkins went over after the prisoner and returned last evening. Harper will be tried at the September term of the circuit court.

Death of R. L. Claypool

Reuben L. Claypool died near Vale, in Malheur county, last week. Mr. Claypool is well known to many Crook county people, having lived at Sisters at one time. He is survived by a widow and three children, and a brother, Joe Claypool, formerly of Sisters, but now of Westfall, Oregon.

Dr. J. F. Brown, wife and son were guests at The Prineville from The Dalles Wednesday.

Frank Sears and wife, of Grass Valley, are visiting at the home of Mrs. Sears' brother, M. D. Powell.

Ray W. Chute of Paulina and Mildred Whitney of Redmond were married on July 21 by Rev. W. E. Ragan.

R. Stiller, of Walla Walla, was visiting his daughter, Mrs. R. R. Rimpler, of Dry Creek, the first of the week.

Gus A. Lovegren, a government land inspector, was a guest at the Oregon from Portland the first of the week.

M. D. Powell and wife returned from their trip to the mountains yesterday on account of Mrs. Powell's illness.

At the present rate, it will only be a few days until everybody in the county will be either at Summit Prairie or Belknap Springs.

It is reported there were burglars in town last week. We cannot vouch for the correctness of this report as they did not come our way.

Mrs. T. M. Balfour returned yesterday evening from a month's visit in the Buck Creek country. Mrs. Balfour reports fine crops all over that section of the county.

Those interested in the study of Christian Science will meet in the Ladies' Annex parlors each Sunday at 11 a. m. for the purpose of reading the Lesson Sermon. The public is welcome.

D. E. Palmer and family, of Iola, Kansas, who have been visiting the former's father, Chas. Palmer, in Ashwood, were in Prineville Wednesday. They are looking for a place to locate.

Presbyterian Sunday school at 10 o'clock in the morning. Christian Endeavor at 7 o'clock in the evening. All members and friends of the church are urged to attend one or both of these services.

J. J. Angell and sons of Izee passed through Prineville today with eighty head of beef cattle for the Portland market. This shipment is being loaded at Redmond which makes the freight rate about \$60 per car less than to load at their nearest shipping point—Prairie City. Mrs. Angell is making the trip alone in her Ford car.

Mercury Goes Up to 100 on Saturday

Saturday and Sunday were both scorchers. The thermometer went up and up until it reached 100 degrees on Saturday and 98 degrees on Sunday. On July 2 the thermometer registered the same as Saturday, but the heat was not so oppressive. Many who have offices on the upper story of buildings were forced to leave their rooms and hunt the shady places, while on Monday most everyone was wearing a coat and Monday evening found a fire very comfortable. Those who happened up early enough Tuesday morning found a light frost on the ground.

LOCAL MENTION

Miss Verna Smith is on the sick list this week.

Claude Dunham was in from Roberts this week.

Mr. and Mrs. L. D. Fox of Bend were in Prineville Tuesday.

Frank Oakes, of Bend, was registered at the Oregon Tuesday.
