

Your Friend's Car at Half Price

If your friend with a Winton Six were to offer you his car as it stands for exactly half what he paid for it, you would no doubt think it bargain well worth considering, and we are able to make you even a better proposition from the stock of "used" cars now listed at under-value prices.

Every car on the list, many of them being fine self-starting six cylinder Wintons, has been thoroughly overhauled by Winton experts in the Winton shops and brought up to the Winton standard.

With a given amount to spend for an automobile, ask yourself this question before making a decision: Isn't it better to buy a high-grade "used" car of established reputation and proved ability than to spend the same amount for a new car of cheaper construction, especially when you know that a short season's use will put it into the second-hand class?

You will be interested in looking over our late bargain list of high-grade "used" cars. Suppose you write for it now.

The Winton Motor Car Co.
Portland, Oregon.

State Food and Dairy Commissioner Here

J. D. Mickle, state food and dairy commissioner, is in Prineville today on an inspection tour. He is accompanied by his deputy, L. B. Ziemer. Mr. Ziemer installed the first creamery in Prineville several years ago.

The gentlemen are making a hurried trip through the country just to get a lineup on conditions in this section and a little later on there will be a man here to make a thorough inspection. At that time every dairy, whether composed of one cow or 50 cows, will be inspected. Not only dairies will be looked after, but all eating houses, butcher shops, bakeries, slaughter houses, etc. Better get busy and clean up before this second installment of inspectors arrive or you may have to close your places of business not by choice but upon request. We understand the commissioner condemned one place this morning. A word to the wise is sufficient.

Boca Chica Ranch Scene of Merriment

Mr. and Mrs. Thomas S. Barnes of Boca Chica Ranch entertained at dinner Monday evening, the occasion being Mr. Barnes' birthday. The guests danced in the living room and during the intermissions strolled about the grounds which were beautifully decorated with many Japanese lanterns. Those enjoying Mr. and Mrs. Barnes' hospitality were Mr. and Mrs. T. M. Baldwin, Mr. and Mrs. Thomas Sharp Jr., Mr. and Mrs. Henry Howard, Mr. and Mrs. F. F. Hoelscher, Miss Louise Summers, Mr. John Wheeler, and Mr. Alexander Morrison of Portland.

Margaret McIntyre Held to Grand Jury

Margaret McIntyre, who was arrested at Klamath Falls last week on a charge of obtaining money by false pretenses preferred against her by A. W. White, waived examination before Justice of the Peace Bowman Monday and was held to the grand jury under a \$300 bond, which so far she has been unable to give.

A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's Emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity.

This is a mistaken idea, because Scott's Emulsion first strengthens the body before making flesh. Its blood-forming properties aid nature to throw off sickness, and building health from its very source, and flesh is formed only by its continued use. Avoid alcoholic substitutes for SCOTT'S.

State Engineer Visits Prineville

State Engineer John H. Lewis, accompanied by Engineer Whistler of the government service, was in Prineville Tuesday for the purpose of inspecting Carey Act and state irrigation works in Crook county. Mr. Lewis while here reiterated his refusal to certify the lists of the Central Oregon Irrigation Company's segregation until it was demonstrated that the canals and ditches of that company would carry enough water to irrigate all the land under the segregation. Mr. Lewis said that 70 per cent of the water taken from the Deschutes at the intake of the Pilot Butte canal was wasted on account of the poor construction of the canals.

Mr. Whistler also said that the government and state would make estimates within the next few months for a project on the Upper Ochoeco and Upper Crooked river, having in view the storage of water during the winter for the irrigation of the bench lands and high lands in eastern Crook county. Surveyors are to begin work soon, according to Mr. Whistler.

Important Dates to be Remembered

Buyers' week to be held in Portland, August 10-15. The entire week of Monday to Saturday to be set aside by the jobbers and manufacturers of Portland to meet buyers from all parts of the northwest. The program is now complete and visiting business men will sure have the time of their lives.

Crook County Fair at Prineville, September 16-17-18-19.

The Dalles Fair dates are September 23-24-25.

The Pendleton Round-Up management has announced the dates for the fifth annual exhibition as September 24-25-26.

The State Fair at Salem will be held September 28 to October 3.

The dates for the Sisters Fair Association's first annual three-day fair and race meet have been set for October 1-2-3.

Interest to be Divided Among the Counties

It is announced by the state treasurer that interest on the state school funds will be divided among all the counties of the state on the basis of their respective school enrollments. The total amount to be divided will be \$373,490.95. The school population of the state is 201,887, an increase of 4,777 over last year. The apportionment of the fund per pupil will be \$1.85, as against \$1.83 last year.

Installs Telephone at Divide Ranger Station

George Summers was in town the first of the week from Divide ranger station where he has just installed a telephone for the forestry department. This is for the purpose of giving and receiving information of fires in the Ochoeco reserve. Mr. Summers says the rangers have been busy cleaning out old trails and making new trails and roads until it is now possible to go by team to the summit of the mountain where there are fine springs and camping grounds.

Ester Foster Cuts Fingers With Ax

While playing with an ax at the Foster camp at Cold Springs ranger station last Friday, Ester Foster had the misfortune to cut the end of her right thumb off and cut the first finger at the second joint into the bone. They brought her to Prineville the same evening and Dr. Rosenberg dressed the wounds and the little girl is reported as getting along nicely.

You need the Journal, \$1.50 a year.

Make Our City More Beautiful

Every town, whether large or small, needs and should have an abundance of public parks, shade trees and beauty spots where the people may gather for recreation in the evening, for a breath of fresh air and for rest and strength for the duties of the day to come. This need is emphasized now that the hot weather is at hand. Every citizen can help make this town brighter and more attractive by putting out and cultivating shade trees and by assisting to secure and maintain public parks and beauty spots.

One may imagine, for example, what a transformation could be effected in this town if every window on its business streets were occupied by a flower box filled with beautiful flowering plants. Yet the thought need not remain wholly imaginative, for at a comparatively small cost to each individual merchant such a transformation could be effected. Many of the largest stores and hotels of the great cities have decorated their windows in this way. An example thus set by the merchants doubtless would be followed by many citizens in the decorating of their residences, and in a few years our town would become known far and wide for the beauty of its homes and places of business.

Every town, whether large or small, needs and should have an abundance of public parks, shade trees and beauty spots where the people may gather for recreation in the evening, for a breath of fresh air and for rest and strength for the duties of the day to come. This need is emphasized now that the hot weather is at hand. Every citizen can help make this town brighter and more attractive by putting out and cultivating shade trees and by assisting to secure and maintain public parks and beauty spots.

Bulgarian Laborer Adjudged Insane

Wollodymer Myrosbraum, a Bulgarian laborer, who has been in the county jail for several weeks on a charge of negligently allowing a campfire to spread to the forest at the head of Ochoeco creek, was adjudged insane yesterday and will be taken to the asylum at Salem tomorrow.
