

## EFFORTS ARE MADE TO END SESSION

Congress Hopes to Complete All Pending Work This Week.

Washington.—Administration leaders in congress are making every effort to wind up the session by next Saturday night, with assurances from the president that it will be unnecessary to return until the first Monday in December. While no new legislation is to be permitted, there is no certainty, however, that action on the "war revenue" bill can be completed within the week. When it has passed the senate, a conference will be necessary and the prospect is that it will be October 20 before congress can adjourn.

"We will expedite the bill in the senate as rapidly as possible," said Chairman Simmons, of the finance committee. "Democrats are not disposed to change the measure as it came from the caucus."

Republican senators are now inclined not to prolong debate, as many of them strongly desire to get into the campaign. Several attacks on the measure already have been made and others will follow.

Democratic leaders hope that the Alaska coal land leasing bill may be adjusted in conference in time for adjournment but there will be no holding of congress if the conferees to whom the measures were recommitted by the senate cannot reach an agreement within a few days.

In the house the bill to pave the way for ultimate Philippine independence probably will be passed.

### Lorimer is Indicted.

Chicago.—William Lorimer, voted out of the United States senate after an investigation on the ground that he had not been legally elected, was indicted in the federal court on a charge of misapplication of the funds of the La Salle-Street National Bank. Lorimer was president of the bank.

### Fatal Kansas Tornado.

Chanute, Kan.—Five persons were killed and 20 injured in a tornado which swept a path 18 miles wide through Wilson and Neosho counties.

## 600,000 FLEE INTO HOLLAND

Dutch Government is Swamped by the Flight of Belgian Refugees.

London.—Belgian refugees now in Holland number 600,000, according to the correspondent of the Exchange Telegraph company at The Hague.

"The Dutch authorities are greatly embarrassed by the refugees, who are incessantly streaming into Holland," adds the correspondent.

"Owing to the lack of railway material thousands were forced to wait on the roads for transportation. The Dutch government probably will take steps jointly with the German government for the speedy return of the refugees."

The Germans have pushed up from Antwerp and are occupying villages in the direction of the Dutch frontier, forcing the inhabitants to flee into Holland.

### Prisoners to Be Listed.

Paris.—The government is assembling exact information regarding the identity of 70,000 German prisoners now in French hands, with the object of exchanging this information with the German authorities for similar facts regarding French prisoners.

## FIGHTING FIERCE AT LILLE

Saber and Lance Used When Great Forces of Horsemen Are Engaged.

Paris.—Saber and lance came into play many times when the French, British and German Hussars, lancers, dragoons and cuirassiers in enormous numbers came into contact near Lille.

There is not an inch of ground hereabouts which does not show traces of the awful character of the battle. The town of Albert is a mass of ruins, only a church steeple remaining standing. Roye has disappeared under constant bombardment. It was the center of the German effort to break through the allied lines.

Beyond Roye, where the fighting has been exceptionally severe for 15 days, as possession of the place means control of the railroad lines and also the road to Amiens, the allies continued their efforts to dislodge the Germans, who held on with wonderful tenacity. It was necessary for the allies to conduct regular siege operations to get at them.

### Boston Wins Opening Games.

Philadelphia.—In a pitchers' battle with a dramatic climax usually reserved for baseball fiction, the Boston Nationals defeated the Philadelphia Americans here in the second game of the world's series by a score of 1 to 0.

As a result of the victory the Braves left for Boston with a two-game lead over the Athletics, having won first game by a score of 7 to 1.

## COUNT ZEPPELIN

Count Zeppelin, inventor of the airship which the British fear may be used by the Germans in a raid on England.

## ROCK KILLS ON TRAIN

Coaches Crushed and Three Die, 15 Injured, by Falling 20-Ton Boulder.

Grand Junction, Colo.—Three persons were killed and 14 injured, several seriously, when a 20-ton boulder, falling from a precipice, crashed into the day coach and smoker of Denver & Rio Grande passenger train No. 3, 18 miles east of this city.

The dead are: S. R. Hollingsbery, Pueblo, traveling salesman; Thomas C. Linkens, Grand Junction, manager wholesale grocery; Harry Braddock, Chicago.

The train was running at high speed when a rock struck the coupling between the tender and smoking-car, parting the train. Before the automatic air brakes had brought the rear section to a stop, a huge boulder crashed upon the smoking car and day coach, shattering the roofs and crumpling the steel walls. Twenty other passengers in the two cars escaped serious injury.

### Innes and His Wife Indicted.

San Antonio, Texas.—Victor E. Innes and Mrs. Innes, his wife, who were arrested recently at Eugene, Or., were indicted by the grand jury on a charge of having murdered Mrs. Eloise Nelms Dennis and Beatrice Nelms and on an additional charge of conspiracy to murder the two girls.

### War Stops Weather Data

Washington.—Suspension of weekly weather forecasts was announced by the weather bureau, owing to the interruption of cable reports from Europe and Asiatic ports.

## TROOPS REMAIN FOR PRESENT IN MEXICO

Washington.—The United States government will make no further move in the Mexican situation and will reserve announcement of its future policy towards the Mexican central government until General Carranza, the first constitutional chief, has given formal guarantee of full protection of allies and Mexicans, irrespective of their political affiliations, and promises not to impose customs duties collected by Americans during the occupation of Vera Cruz.

This was the positive declaration of state department officials following the announcement that, despite two attempts, Carranza has so far refused to explain his position satisfactorily as to what steps he contemplates taking on the withdrawal of the American forces from Vera Cruz.

It was pointed out that General Funston had secured the services of Mexican officials in the administration of the civil government at Vera Cruz on the condition that they would be protected when he withdrew. Under the Mexican law those officials are liable, for serving invaders, to imprisonment for from five to 20 years. Immunity for these citizens is sought by this government.

Carranza was requested also to promise that, on the receipt of the \$1,000,000 customs collections, he would not further molest Vera Cruz importers.

## GERMANS CAPTURE CITY OF ANTWERP

Garrison, Including Three British Naval Brigades, Leaves Before Surrender.

London.—Antwerp has fallen into the hands of the Germans, but its capture, important and stirring as it has been, was robbed of much of its intrinsic value, it is contended here, by the escape of the garrison.

The first official admission that the British participated in the defense of Antwerp is contained in an Admiralty announcement that three naval brigades, with heavy guns, had been sent there during the last week of the German attack. The announcement adds that in the retreat from Antwerp two of the British brigades reached Ostend safely. The other, however, was cut off to the north of Lokeren, a town in East Flanders, and 2000 of the men were interned in Holland.

The retreat of the Belgian army was accomplished successfully.

The Germans, after shelling the city itself for many hours, making it untenable, entered the town through the suburb of Berchem, to the east.

The real extent of the destruction within the walls of Antwerp will be slow in reaching the outside world from unpartisan sources, for the reason that communication with the city is either cut or entirely in the hands of military authorities. From The Hague it is asserted that the cathedral of Notre Dame has not been damaged.

### Important German Town is Captured.

Petrograd.—Capture by the Russians of the German town of Margrabowa was announced by the war office. The victory was an important one. Margrabowa is in east Prussia, about 10 miles within the frontier and on the railroad connecting Goldapp and Lyck.

## PARIS IS TARGET OF BOMBS

Twenty, 12 Being Women and Girls, Wounded by German Missiles.

Paris.—A score of bombs, launched on different quarters of Paris by two German aviators Sunday, killed four civilians and wounded 20 others, of whom 12 were women and girls. The damage done to property was small.

A pennant which was dropped at the same time as the bombs from the German airships bore the inscription in German: "We have taken Antwerp; your turn will soon come."

The airmen appeared soon after noon. One began the attack by dropping a bomb near the Northern Railway terminal, another in Rue St. Lazare and a third, which landed at the rear of the Cathedral of Notre Dame. Three more bombs were hurled by the same airman in the vicinity of the Bourse.

The second aeroplane also flew over the cathedral, dropping four bombs, one of which lighted on the roof of the church. A second fell in the square, where the bishop's residence is situated. A third struck the parapet of the Quai de Bourbon and glanced off into the Seine.

### Marconi Falls in Suit.

New York.—The federal district court ruled that it had no jurisdiction in the suit brought against Secretary of the Navy Daniels and four naval censors by the Marconi Wireless Telegraph company of America, to prevent the government from keeping closed the wireless stations at Sinsconset, Mass., and Sea Gate, N. Y. The company's application for an injunction was dismissed.

## ANTWERP LEVY IS \$100,000,000

London.—Germany has imposed a fine of £20,000,000 (\$100,000,000) on Antwerp as a war indemnity.

The population of Antwerp is about 292,000. The levy, therefore, is approximately \$342 per capita.

A dispatch to the Reuter Telegram Company from Amsterdam says that General von Bessler, commander of the German troops that captured Antwerp, has issued the following proclamation:

"To the inhabitants of Antwerp: The German army has entered your city as conquerors. No citizen shall be harmed and your property shall be spared if you refrain from hostile acts. All infractions will be punished according to the law of war and may lead to the demolition of your beautiful city."

It is said that the German soldiers are active in mastering the fire in Antwerp. Only public buildings were damaged. No prominent church was struck by a shell.

The Germans agreed in the terms of capitulation not to disarm the civic guards or make prisoners of males between the ages of 18 and 30 years.
