

### Free Motion Pictures of Coos Bay Country

The pictures of Coos Bay, located in the vacant lot, corner Main and Second streets, showed for their first time here to a large and appreciative audience last night were unanimously declared to point out that Oregon has a harbor destined to become the principal seaport of Oregon.

You are taken, through the medium of moving pictures, on a trip to Coos Bay; shown the large saw mills, factories, streets, schools and all public institutions in the cities of Marshfield and North Bend and then taken across the bay to the new townsite of Portsmouth where you attend a picnic with prominent residents of Marshfield. You are shown Coos Bay bar, Coos Bay's great harbor facilities and taken on a trip through the large C. A. Smith mills, shown the up-to-the-minute method of loading lumber on shipboard, and in general shown everything of mutual interest in and around Coos Bay.

These pictures are being shown every evening this week and part of next week, commencing at 7:30 o'clock. One show only. The public is cordially invited to attend any of these shows.

### The Boston Braves World Champions

The Boston Braves are the world's baseball champions of 1914. They defeated the Philadelphia Athletics four straight games, the champions of the American League not capturing a contest.

The total attendance for the four games of the world's series was 111,009 and the receipts \$226,739. The players' share was \$121,900.94; each club got \$40,632.59; the national commission \$22,673.90; the Braves \$73,140.56 and the Athletics \$48,760.38.

Each of the Boston players will receive \$2,813.10 and each of the Philadelphians \$2,031.68. The receipts rank fourth in the history of the world's series. The highest receipts were registered in 1913 when \$490,833 passed through the ticket windows, eight games being played.

### To the Voters of Crook County

I am a candidate for the office of County Clerk at the coming election and I feel it my duty to deny a rumor that if I am elected a certain man will dictate the policies of the office. I wish to make it clear to the people that if I am elected County Clerk I shall be under obligations to no particular person or persons, but will be obligated only to the people of the county whose servant I shall be. I feel that I am capable of conducting the affairs of the office and serving the people in the capacity of County Clerk and you honor me by electing me. I shall bend every effort to an efficient and economical administration of the business of the office.

I shall feel grateful for the support of the voters of Crook county. Respectfully submitted, pd adv 10-8 CLAUDIA WONDERLY.

### Social Evils and Other Matters to be Discussed

A conference of the business, professional and all representative men of Prineville is called for the evening of October 22 to hear matters of vital importance to our community discussed by Dr. W. T. Williamson of Portland and one or two representative local men whose names will be given later.

The Oregon Social Hygiene Society has for its mission the replacing of misinformation and misconception with correct, clean knowledge of the facts of life, sex diseases and a multitude of resulting evils, through this campaign of education.

The work was made state-wide through an appropriation by the last legislature and Prineville is to do its share of this constructive work through a local committee of prominent men.

A meeting for mothers and wives of Prineville will be held Thursday afternoon, October 22, at Club Hall.

This meeting is worth the support of every citizen. The topics are of vital interest to every one. The campaign is state-wide and our community must do its share in this great work.

The sex problem touches every life sooner or later. Every child of our city must meet it. A sane, careful, helpful discussion of this vital matter should appeal to every parent.

There was a meeting at the Plainview schoolhouse last Friday night at which some speakers from Bend argued county division.

Last Thursday E. L. Waldron was grinding feed for a number of his neighbors in Cloverdale and Wednesday he will grind for the Plainview people.

There will be a meeting next Friday night at the schoolhouse in Cloverdale, at which time the eight-hour law, the \$1500 exemption and county division will be debated for and against.

J. W. Wilt and wife were guests of Mrs. Lumbeck at Bend one day last week.

What the political meeting at the schoolhouse lacked in numbers on account of the storm last Friday evening, it made up in enthusiasm. The speakers were Mrs. Woodworth, Mrs. Waldron, Mr. Wilcoxen and Mr. Boyd. Miss Waldron and Mrs. Andrus led the music. A committee meeting was then held and a program for our next meeting made out while G. Cyrus served refreshments. All felt it a pleasant and profitable evening.

the taxes, already boosted up by the added expense of maintaining a county government within a small and sparsely settled county. And it is a well known fact that taxes scarcely ever decrease and the high level to which taxes will be pushed by the splitting up of the county will be maintained, for it is the experience of any county that taxes are relatively low in its beginning but gradually mount higher with the desire for better roads, finer buildings, higher salaries for officers and expensive innovations in county government, and it is reasonable to believe that these new counties would be no exception.

A great many statistics have been printed by the division boosters, some true, but most un-

true and so distorted and twisted that their true import is impossible to ascertain unless one is familiar with the facts underlying them. In fact, statistics as is generally known can be made to serve almost any purpose the user desires, but in case of the division of the county no statistics will be necessary to convince the taxpayers and inhabitants of the utter folly of the division, for they will have abundant and convincing proof by the burden inflicted on them by new counties at this time.

## WHY DESTROY the INDUSTRIAL PROGRESS OF OREGON?

That's what the so-called "Water Front" bills, Numbers 328 and 330 on the ballot, will do if passed at the November election.

Why make it impossible to build saw mills or any other industrial, labor-producing plants on the rivers and bays of Oregon?

That's what the passage of these bills will do.

Why cripple the development of our great timber resources; why cripple all future manufacturing in Oregon?

That's what will take place if the people vote "yes" on numbers 328 and 330.

Why lock up the thousands of acres of over-flow lands bordering upon the navigable waters of the State and its miles of water front for the benefit of "future generations;" why not let the present generation have some of the benefit from the use of these lands?

Industries of all kinds will be driven from Oregon and intending investors will turn their backs upon the State if these so-called "Water Front" bills become laws. That is why every man, woman and child in Oregon will be adversely affected if these bills are passed by the people in November.

Oregon needs outside capital to develop its great natural resources but we will drive it away if we pass Numbers 328 and 330 on the ballot at the November election.

If these so-called "Water Front" bills are passed by the people, a vast amount of property will be withdrawn from taxation in this State and this great burden will be thrown upon the rest of the taxable property, resulting in a heavy increase in everybody's taxes.

These bills are vicious; they are destructive of the very best interests of the State; they ought never to become laws.

The way to defeat them is to vote "NO" 329 and 331.
