THAT COLD YOU HAVE

may bring sickness, doctors bills and loss of work; you know that serious sickness usually starts with a cold, and a cold only exists where weakness exists. Remember that.

Overcome the weakness and nature cures the cold—that is the law of reason. Carefully avoid drugged pills, syrups or stimulants; they are only props and braces and whips.

It is the pure medicinal nourishment in Scott's Emulsion that quickly enriches the blood, strengthens the lungs and helps heal the air passages.

And mark this well—Scott's Emulsion generates body-heat as protection against winter sickness. Get Scott's at your drug store to-day. It always strengthens and builds up.

Ten Below Zero This Morning

Ten below zero this morning. What do you know about that. This was two degrees colder than the worst we had last winter so the government weatherman, Mrs. T. M. Baldwin, says.

The cold snap has started the ice harvest today. Men and teams are busy putting up the summer's supply.

Mrs. McDowell is just completing a large ice house in the rear of Hotel Prineville.

Converting Ball Park Into a Skating Rink

Davidson field is being converted from a baseball park into a skating rink. Embankments were thrown up about a foot high on the low side of the field and a fire hose connected to a hydrant to furnish the water supply. An arc light has been put in for night skating. An admission fee of 25 cents will be charged.

December Meeting Parent - Teachers

The December meeting of the Parent-Teachers' Association was held Friday at 3 p. m., in the public school assembly room. A very interesting program was presented. The talk on "Care of the Eyes" by Dr. Edwards, illustrated by charts, was exceptionally good and practical.

Victor Shaw told how memory may be developed in a concise and pleasing manner.

In his talk on manual training, Prof. Davis dwelt entirely on the subject of wood working for the boys, he said the subject demanded its compliment—Manual Training for girls. Mrs. Walker supplied this impromptu so well that the value of training the hands to obey the head as well as the head to direct the hands, was apparent to all.

Mrs. Collins W. Elkins and Miss Powers have charge of the January meeting.

We invite the public to our store to wrap their Christmas packages for mailing. We have reserved a counter for the free use of the public. O. C. CLAYPOOL & Co. 12-10 Crook County Journal, \$1.50 per yr

A Beautiful Indian Legend by Mrs. Millican

"The Heart of Oregon," a beautiful Indian legend, is a very attractive booklet issued by Mrs. Ada B. Millican, one of our best known local writers. The story will appeal especially to the people of Prineville as the scene of it is laid in this valley. In the preface, Mrs. Millican says:

"According to geological lore the waters of the Ochoco and Crooked rivers flowed into the basin where Prineville (Central Oregon) now stands, extending to the Smith Rock Hills, some fourteen miles below. These Smith Rock Hills are of the old geological formation. The new formation or recent flow of lava runs up to the confluence of the Ochoco and Crooked rivers or to the south of Crooked river as shown on the grade south of Prineville. This lava flow continued down to and below the Smith Rock Hills of the Deschutes river, and lapped up on the hills, making a dam and forming a lake which was fed by the streams of the Ochoco and Crooked rivers.

The action of the water in cutting its way through is shown by the various strata in the walls of the canyon of Crooked river, notably at the railroad bridge which spans the canyon at a height of over three hundred feet."

The book is on sale at D. P. Adamson's Drug Store.
